SUMMER SESSIONS, 1929

Sessions of 1929.

The annual Summer Session of the University of California will begin Monday, July 1, 1929, and will continue until Saturday, August 10, the session covering six weeks. The Summer Session will be preceded by an Intersession covering the period of six weeks from May 20 to June 29. During the period from July 1 to August 10 the University will conduct a Summer Session in Los Angeles. A special bulletin describes the courses offered.

Earlier Sessions.

The University of California held its first regular Summer Session in 1900, though summer sessions in several departments had been given during the years 1891–99. In the summer of 1928 the total enrollment of the Intersession was 2090; and that of the Summer Session, not including the Summer Surveying Camp, was 5227. In the Summer Session there were represented forty-eight states of the United States and thirteen foreign countries. In the Summer Session in Los Angeles the enrollment was 3660.

Purpose of the Sessions.

The Summer Session.

The courses in the Summer Session are designed to meet the needs of the following persons:

1. Teachers who wish to increase their professional skill, to revise and extend their knowledge of a chosen field, or to qualify in new subjects, preparing to meet the special demand for instruction in various fields.

Teachers who desire to be prepared for service in vocational schools and classes maintained under the provisions of the State and Federal Vocational Education acts, and the State Compulsory Part-Time Education Act. Courses designed primarily for this purpose are listed under the Department of Education in this bulletin.

2. School superintendents, supervisors, and other officers.

3. Graduate students, to whom the advantage of smaller classes and the more direct and intimate personal contact with the professors in charge of the courses offered are peculiarly possible during the Summer Session.

4. Undergraduate students, and especially those registered in the fall or spring sessions of the University, who may use a portion of the
vacation to take up studies which they are unable to include in their regular programs, or to make up deficiencies, or to shorten their courses.

5. Properly recommended high school graduates who are about to enter upon regular university courses and who desire to broaden their preparation for university work. To meet their needs, courses are offered in chemistry, French, German, Greek, home economics, Italian, mathematics, physics, and Spanish.

6. Housewives, graduate nurses, social workers, Americanization workers, students of public health, and all adults who are qualified to pursue with profit any course given, whether or not they are engaged in teaching or study.

The Intersession.

The courses in the Intersession are designed primarily to meet the needs of students attending, or about to attend, the courses of the fall or spring sessions.

1. Lower Division students will find opportunity to enroll in a number of courses which may be offered in satisfaction of junior certificate requirements in the College of Letters and Science as well as in courses prerequisite to advanced study in several fields.

2. Upper Division students in the larger departments will find opportunity to continue their work in smaller classes.

3. Graduate students will find opportunity to enroll in Upper Division major courses and in seminars.

In general, by combining the Intersession and the Summer Session, it will be possible for students to obtain, in a single summer, credit for one semester's residence and for eight to twelve units of work, thus reducing by six months the time required for completion of work for a degree.

Faculty.

The faculty of the Summer Session will include not only members of the regular faculties of the University, but also a number of men of letters and science from eastern universities, and from abroad.

Applications for Admission.

All persons who desire to attend any of the courses of the Summer Session are urgently requested to notify the Recorder of the Faculties on or before Monday, June 10, using the blank form of application at the end of this bulletin.

All persons who desire to attend any of the Intersession courses are urgently requested to notify the Recorder of the Faculties on or before Monday, April 29, using the blank form of application at the end of this bulletin.
Compliance with this request will facilitate the making of adequate arrangements by the University, and will make possible prompt communication with prospective students in case of change in the program.

Students who have not previously been in attendance in fall or spring semesters, at the University of California (Berkeley or Los Angeles), and who plan to offer the work taken in the Intersession or Summer Session in partial satisfaction of the requirements for the Junior Certificate or for a Bachelor’s degree should file their credentials covering both high school and collegiate work with the Recorder of the Faculties at least two weeks before the opening of the session in order that they may be properly advised regarding their status.

**Admission Requirements.**

Attendants upon the exercises of the Summer Session and Intersession are divided into two broad classes:

A. *Persons Over Twenty-one Years of Age.*

1. As Auditors. Any adult of good moral character is permitted to attend all the regular exercises of either of the sessions, as an auditor, upon the filing of an application and the payment of the regular tuition fee of $30. An auditor does not participate in recitations, does not take examinations, and hence does not receive credit.

2. As Students. The University does not attempt, in general, to make inquiry concerning the educational qualifications of applicants for admission to the Summer Session or Intersession who are over twenty-one years of age. Such applicants are cautioned, however, that the instruction offered is such as is suitable for persons who are prepared to meet the regular University matriculation requirements. Furthermore, the instructor in charge of any summer course may himself require of those who present themselves as students in his course any preliminary test, formal or informal, which he may deem essential to the work proposed. In granting admission to the Summer Session or Intersession of an applicant over twenty-one years of age, it is assumed by the University that the applicant possesses the usual educational qualifications, such as are required of applicants under twenty-one (see below) or, in lieu of these, that he has maturity and special fitness which are likely to lead to success in the work to be undertaken.

B. *Persons Under Twenty-one Years of Age.*

1. High School Graduates. Admission will be granted to (a) graduates of high schools on the basis of graduation from and unqualified recommendation by accredited high schools or other secondary schools in California; (b) graduates of high schools or, other secondary schools of good reputation outside of California, with such testimonial of superior
Subject "A"; Registration Dates

scholarship as evidences qualifications not lower than those required by accredited schools in California.

(2) High School Pupils Not Yet Graduated. The University has no preparatory department. During both the regular sessions and the Summer Session the University provides instruction in certain elementary courses which are the equivalent of high school subjects—for example, the "A" and "B" courses in foreign language and (during the Summer Sessions) in chemistry and mathematics. These courses are designed for matriculated university students and for properly recommended high school graduates who are about to enter upon university study, for the purpose of enabling them to broaden their preparation for university work. In exceptional cases, high school pupils who have not yet graduated from their schools may, upon the special recommendation of their principals, be enrolled in these "lettered" courses but in no other Summer Session courses. In all such cases it must be clearly understood that such enrollment will not be permitted for the purpose of enabling pupils to advance the normal date of high school graduation, or to make up scholarship deficiencies, either as a basis for high school graduation or for university recommendation. And in every such exceptional case the applicant will be required to procure from the principal of his school and to present at the University a special testimonial as evidence of superior scholarship and unusual fitness for the work proposed. A blank form for the principal's use may be obtained from the Recorder of the Faculties.

Subject A.

The examination in Subject A will be given at 2 o'clock on Saturday, June 29. All students entering for the first time, who wish to take work in English Composition, are required to take this examination. The place of the examination will be announced on University bulletin boards.

Registration Dates.

The office of the Recorder of the Faculties will be open for the registration of Intersession students Saturday morning, May 18, from 8:30 to 12, and Monday, May 20, from 8:30 to 3, and for the registration of Summer Session students Saturday morning, June 29, from 8:30 to 12, and Monday, July 1, from 8:30 to 3.

Students who find it impossible to register for the Intersession or the Summer Session on the first Saturday or Monday may register as late as the second Monday, but such students may enroll in the courses desired only when, in the opinion of the instructor, they can satisfactorily make up the work already done by the class.
Fees.

The tuition fee, regardless of the number of courses taken, will be thirty dollars ($30) for the Summer Session and thirty dollars ($30) for the Intersession; sixty dollars ($60) for both. This fee entitles the student to ordinary medical and hospital care without charge (see p. 54). Additional fees will be charged in certain courses in bacteriology, botany, chemistry, economics, home economics, education, mechanical engineering, physical education, physics, physiology, and zoology. The fees in each case are stated in the description of the course.

Persons who desire to attend courses or occasional lectures without examination or formal credit may secure for this purpose an auditor's ticket upon payment of the regular fee, $30 for the Summer Session, or $30 for the Intersession, or they may secure from the Comptroller in California Hall tickets admitting to single lectures, for which a charge of fifty cents each is made.

All fees are payable in advance. The entrance fee of $30 must be paid at the time of registration for the Intersession or the Summer Session. No deduction will be made in cases of late registration. Refunds in cases of withdrawals are made only when the study-card and fee receipt are returned, and when the reasons for withdrawal are satisfactory. If the study-card and fee receipt are returned during the first week, a refund of not more than $25 may be granted; second week, $15; third week, $6. After the third week, no refund will be granted. Any student who is obliged to request a refund must do so at the time of withdrawal, and must, at that time, return study-card and fee receipt to the Recorder of the Faculties.

Classification and Numbering of Courses Admission to Courses.

Courses are classified and numbered as follows:

I. Undergraduate Courses.

(1) Lower Division Courses (numbered 1–99, or sometimes indicated by letters if in subjects usually given in a high school). A lower division course is a course open to freshmen or to sophomores and not counting as upper division work in any department.

(2) Upper Division Courses (numbered 100–199). An upper division course is an advanced course in a department of study that has been pursued in the lower division or an elementary course in a subject of such difficulty as to require the maturity of upper division students.

Students will not be permitted to register in upper division courses unless they have completed the courses named as prerequisites, or, if no courses are definitely named as prerequisites, have attained junior standing in the University; accepted professional training, however, will be
regarded as sufficient preparation to justify admission to upper division courses in the field in which the student has been trained, e.g., normal school graduation for upper division courses in education, or practical experience in social work for upper division courses in social economics.

Students should note carefully prerequisites stated for the courses they desire to elect.

II. GRADUATE COURSES (numbered 200–298). As a condition for enrollment in a graduate course the student must submit to the instructor in charge of the course satisfactory evidence of preparation for the work proposed; adequate preparation consists normally of the completion of at least 12 units of upper division work, basic to the subject of the graduate course, irrespective of the department in which such basic work has been completed.

The admission of undergraduates to graduate courses is limited to seniors who have an average grade of at least B in the basic courses; the study-list limits in such cases are the limits imposed by the rules of the Graduate Division.

A student who includes in his program a graduate course (i.e., one of the courses numbered from 200–298) is not permitted to register for more than four units.* In general, auditors will not be admitted to graduate courses. Further directions concerning graduate study will be found on page 40.

III. TEACHERS' COURSES (numbered 300–399)—Professional Teacher-Training Courses in the Department of Education and courses in other departments that are specially intended for teachers or prospective teachers.

IV. CERTAIN PROFESSIONAL COURSES (numbered 400–499) in the Department of Hygiene.

All Summer Session courses which are identical, or nearly so, with courses given during the fall or spring sessions, are distinguished by the letter "S" prefixed to the regular number of the course.

In each department in which Intersession courses are given, such courses are listed separately from the Summer Session courses.

Credit.

Credit toward a university degree will be given only to attendants who are qualified to do systematic university work, and is in every case subject to the requirement that the student shall at some time qualify in the University as a regular matriculant, either by passing the entrance

* In the case of graduate students exceptions to this rule may be made only by permission of the Dean of the Graduate Division.
examination or otherwise. In the absence of formal entrance requirements, the instructor in charge of a given course in the Summer Session or Intersession is the judge of the qualifications of candidates for credit.

In general, credit will be given at the rate of one unit for fifteen exercises. A course of five recitations or lectures weekly during six weeks may receive a credit of two units. Credit may be given, in due proportion, for a smaller number of exercises, when these are of more than the usual length (which for lectures and recitations is about fifty minutes). A recitation or lecture presupposes about two hours of study outside of the classroom; laboratory or other exercises which do not require outside preparation are estimated at a lower rate than recitations or lectures.

The maximum amount of credit obtainable during the Summer Session or Intersession by a student who devotes his whole time to courses strictly of university grade, is from four to six units, according to the character of the work selected; a student who includes in his program a graduate course is not permitted to register for more than four units of credit.* A bachelor's degree represents 124 or more units of credit, distributed according to the special requirements of the college or department in which the student is enrolled.

**Graduate Students.**

No student is assumed to be in graduate standing until his credentials have been evaluated and approved. In order that they may be advised of their status, all prospective candidates for higher degrees or for certification of completion of the teacher-training curricula should file their credentials with the Dean of the Graduate Division at least four weeks before the opening of the Summer Session.

After evaluation of credentials, such students should submit their study-lists to the graduate adviser in the department of the major subject for approval on the basis of the Dean's statement regarding their status.

**Summer Session Work Toward Higher Degrees.**

In planning a program for a higher degree it must be borne in mind that the members of the regular staff are not on duty in the summer months. Admission to candidacy does not constitute a claim upon the vacation time of members of the faculty for direction of thesis work.

*In the case of graduate students exceptions to this rule may be made only by permission of the Dean of the Graduate Division. In the case of undergraduate students, no exceptions will be made.
The Master's Degree

Students will pursue one of the following plans for the fulfillment of the requirements for the master's degree, depending on the department selected for the major work. Departments are required to adopt one or the other of the plans, and are expected to adhere to such choice for not less than two successive academic years.

Upon recommendation of the department concerned, the Graduate Council may grant special permission to an individual student to follow the plan other than that adopted by the department of his major work.

Plan 1.—There are required 20 semester units, and in addition a thesis. The courses must be graduate courses or upper division undergraduate courses. At least 8 of the 20 units must be strictly graduate work in the major subject; no unit credit is allowed for the thesis. It is expected that the work of the graduate course, or courses, together with the thesis, will ordinarily amount to not less than half of the entire work presented for the degree. Provided the foregoing general and the special departmental requirements be met, the work may be distributed among any courses numbered in the 100 or 200 series. The student is subject to guidance by the major department respecting the distribution of his work among the departments.

With the special approval of the Graduate Council, the candidate may satisfy the 20-unit requirement for the degree by a comprehensive supervised plan of research leading to an acceptable thesis, the schedule for each candidate to be as follows:

Research (designation and number of course), 8–12 units per semester, or 2–4 units per Summer Session.

Plan 2.—There are required 24 units of upper division and graduate courses, of which at least 12 units must be in strictly graduate courses in the major subject. The student is subject to guidance by the major department respecting the distribution of his work among the departments.

A comprehensive final examination in the major subject, to be of such nature and to be conducted in such manner as may be determined by the department concerned, is required of every candidate.

An average of 2 grade points per unit is required during the period in which the work for the master's degree is taken. Three points per unit are assigned to grade "A"; two points to grade "B"; one point to grade "C"; none to grades "D," "E," or "F." (Applies to both plans.)

Special departmental requirements additional to the general requirements described above may be found in the Departmental Announcements of the Graduate Division.
Choice of plans has been made by the several departments as follows:

**The Doctor's Degree.**

The work for the Ph.D. is not estimated in units of credit, and must be specially planned for every candidate. There are required normally four years of university residence for a bachelor's degree, one additional year for a master's degree, and at least two additional years for
a doctor's degree; and while advanced credit may be given for work
done at other universities the candidate's final year of residence for
any degree must ordinarily be spent in the University of California.

Two Summer Sessions or one Summer Session and one Intersession or
two Intersessions are accepted as the equivalent of one half-year of resi-
dence for a bachelor's or a master's degree. Except by special arrange-
ment work for the Ph.D. can ordinarily be pursued only during regular
sessions. While one Summer Session is not accepted toward the minimum
residence for the Ph.D degree, an Intersession and Summer Session imme-
diately following as constituting the equivalent of a continuous semester,
will be accepted toward the minimum residence requirement.

In every case students desiring credit for upper division or graduate
courses should make definite arrangements therefor with the instructor
at the beginning of the session. The specific courses which will be recog-
nized as upper division or graduate courses toward a higher degree will
be announced in a supplementary leaflet to be issued shortly before the
opening of the session. Students electing work in the Summer Session
or Intersession as part of a program for a higher degree should consult
the Announcement of the Graduate Division for information regarding
facilities and departmental requirements. Graduate students should
consult, also, the Dean of the Graduate Division at his office in 113
California Hall.

Certificate of Completion of Teacher-Training Curricula.

The University issues formal certificates of completion of the Teacher-
Training Curricula only to those who hold a bachelor's degree and who
have completed the professional and academic requirements in accordance
with the regulations of the State Board of Education and of the School
of Education. For further information the student should consult the
Dean of the School of Education. Certificates of record for Summer Session
or Intersession work, whether of matriculation or of university grade,
will be issued by the Recorder of the Faculties upon application of any
student in the session; and personal recommendations from instructors
may be obtained by school officers and others through the office of the
Appointment Secretary.

Final Examinations.

By a general University rule, final examinations must be held in all
courses with certain exceptions to be determined and announced during
the first week of the session. In general, the final examination will be
held in lieu of the last recitation or other scheduled period for the course
in question. Special examinations to suit the convenience of individuals
will not be given.
If in a given course a final examination is required there can be no individual exemption from the examination. A student who fails to pass the examination does not receive credit for the course. Special examinations and reexaminations in summer courses are not permitted.

**Other Requirements Concerning Credit.**

Students who apply for credit in any course will be expected not only to complete all the work and examinations of the course but also to continue in regular attendance upon the class exercises until the close of the session; and students will be required to hand in all their work by that time, in order that the instructor may make his report in due season. Students are not authorized to continue any part of the work beyond the close of the session. No provision is made for reexamination or supplementary work for the removal of deficiencies.

**Scholarship Grades.**

The final result of the work of students in every course of instruction (graduate and undergraduate) in the Summer Session will be reported to the Recorder in the same grades* as are employed in the regular sessions.

**Undergraduate Curricula.**

The University maintains at Berkeley seven colleges, in each of which there is an undergraduate curriculum of four years, leading to a bachelor’s degree, as follows:

- The College of Letters and Science: to the degree of Bachelor of Arts.
- The Colleges of Applied Science: to the degree of Bachelor of Science:
  - in the College of Commerce;
  - in the College of Agriculture—in any one of the following: plant science, animal science, entomology and parasitology, agricultural economics, forestry, landscape design;
  - in the College of Mechanics—(1) in mechanical engineering, or (2) in electrical engineering, or (3) in marine engineering and naval architecture, or (4) in agricultural engineering;
  - in the College of Mining—(1) in mining, or (2) in metallurgy, or (3) in economic geology, or (4) in petroleum engineering;
  - in the College of Civil Engineering—(1) in railroad engineering, or (2) in sanitary engineering, or (3) in irrigation engineering;
  - in the College of Chemistry—(1) in chemistry, or (2) in chemical technology.

* Grades—A, excellent; B, good; C, fair; D, barely passed; E, conditioned; F, failed. It should be noted that in the courses of the Intersession and Summer Session, no reexaminations or special examinations are provided.

Grade points, or quality units, will be assigned as follows: grade A, three points per unit; B, two points per unit; C, one point per unit; D, no points per unit; E or F, minus one point per unit. For students graduating in certain curricula other than engineering, there are required grade points equal in number to the number of units of work undertaken. For further information, see the Circular of Information, Undergraduate Division at Berkeley.
The University maintains at the University of California at Los Angeles, two colleges, in each of which there is an undergraduate curricu-

lum of four years, leading to a bachelor’s degree, as follows:

The College of Letters and Science: to the degree of Bachelor of Arts.
The Teachers’ College: to the degree of Bachelor of Education.
The University has no preparatory department.

Professional Curricula.

Professional curricula leading to appropriate degrees in architecture, education, jurisprudence, medicine, public health, optometry, dentistry, and pharmacy are described in separate bulletins, obtainable free upon application to the University of California Press, Berkeley, California.

College of Letters and Science.

The curriculum of the College of Letters and Science includes three elements that may be considered characteristic and essential:

1. Requirements to secure breadth of culture. In the present curriculum no specific courses are required, but the student must select courses within certain designated groups, some of the groups being alternatively elective. These groups have been chosen to present the more important fundamental types of human intellectual endeavor. At present these requirements are limited to the lower division, but the student is given a wide freedom of election in the upper division to continue cultural studies of his own choice.

2. Requirements to provide for intensive study in a field of the student’s choice, carried through several years and including work of a distinctly advanced character in the “major.”

3. A reasonable freedom of elective time. Freedom of election gives the student an opportunity to develop his personal power and initiative, but it also makes possible an unwise selection of courses. The College aims to minimize the dangers of an elective system of studies by moderate requirements to ensure proper distribution and concentration; and by the development of the faculty adviser system.

LOWER DIVISION*

The work of the lower division comprises the studies of the freshman and sophomore years. The junior certificate in the College of Letters and Science is required for admission to the upper division.

Students who transfer from other colleges of the University of California or from other institutions will be required to meet the junior

* See also study-lists regulations below.
certificate requirements, but will not be held strictly to the time distribution of requirements, if the credit allowed them in the University of California amounts to at least sixty units.

In the lower division of the College of Letters and Science it is expected that the student, in addition to fulfilling the prerequisites for the major work upon which he will concentrate in the upper division, will make an effort to establish a basis for that breadth of culture which will give him a realization of the methods and results of some of the more important types of intellectual endeavor, and a mental perspective that will aid him in reaching sound judgments. The junior certificate requirements were designed to provide in some degree for the accomplishment of this purpose, without unduly limiting the student's opportunity to satisfy his individual tastes and preferences.

Certain courses taken in the high school are accepted as fulfilling in part or in whole some of these junior certificate requirements. It is desirable that the student should so arrange his high school program as to reduce the required work in the fields of foreign language, mathematics, and natural science. This makes his program more flexible, gives him a greater freedom of choice, and prepares him to pass more quickly into advanced work or into new fields of study. In no case, however, does the satisfaction of junior certificate requirements in the high school reduce the amount of work required in the University for the junior certificate (60) or for the degree (124).

The degree requirement of 124 units is calculated on the assumption that the student will normally take 64 units of work in the lower division, including the prescribed work in military science and physical education, and 60 units in the upper division. However, the junior certificate will be granted on the completion of not less than 60 units of college work and the fulfillment of the following general and specific requirements:

(a) General University Requirements: Subject A; Military, 6 units (men); Physical Education, 2 units.

The examination in Subject A, the course in Subject A, and one-half unit in Physical Education for Men can be completed in the Summer Session (see the description of the courses under departments). Courses listed under (b), (c), and (d) will be accepted toward the reduction of these requirements.

(b) Foreign Language. At least 15 units in not more than two languages. Each year of high school work in a foreign language will be counted in satisfaction of 3 units of this requirement. Courses given in English by a foreign language department will not be accepted in fulfillment of this requirement.

(c) **Additional.** A year course in each of three of the following groups:

1. English, Public Speaking.
2. Foreign Language (additional to b). This may be satisfied in whole or in part in the high school, provided the language be Latin.
3. Mathematics: Plane Trigonometry, Plane Analytic Geometry, Introduction to Calculus. This may be satisfied partly in the high school.
4. Social Science.
5. Philosophy.

But it is to be noted that requirement (c) must be satisfied in its entirety in the fall and spring sessions.

**REGULATIONS CONCERNING LETTERS AND SCIENCE COURSES**

At least 112 units offered for the degree of A.B. must be in courses chosen from the Letters and Science List of Courses, and the 36 units in upper division courses required in the upper division must be selected from the same list with the exceptions noted below.

The courses in the Intersession or Summer Session, 1929, which are in the Letters and Science List of Courses, are listed below.

Any course not included in the Letters and Science List of Courses but required, or accepted, by a department as part of its major or combination major or as a prerequisite therefor, will, for students offering a major or combination major in that department at graduation but for no others, be treated as if it were in the Letters and Science List of Courses.

Upper division courses in hygiene will be accepted at graduation as on the Letters and Science List of Courses for students completing the Curriculum in Public Health (see p. 51) and courses in optometry will be so accepted for students completing the Curriculum in Optometry.

---

* The student's work in natural science must include at least one course in laboratory science. Any of the courses marked with an asterisk in the above list will be accepted in fulfillment of this requirement. Courses with but one unit of laboratory science are not accepted as fulfilling this requirement and are not marked above, unless they have as prerequisite a course that also requires one unit of laboratory work.

Colleges of Applied Science.

For information concerning curricula in these colleges, reference should be made to the following bulletins; for the curricula of the colleges of Engineering and Chemistry—the Circular of Information; the curriculum of the College of Agriculture—the Prospectus of the College of Agriculture; the curriculum of the College of Commerce—the Announcement of the College of Commerce, or the Circular of Information. Copies of these publications may be obtained from the Recorder of the Faculties.

Approval of Study Cards.

Students already regularly matriculated in the University and prospective candidates for the degree of A.B. (or for the degree of B.S. in the College of Commerce), registered in the lower division of the College of Letters and Science are required to have their study cards approved by the Dean of the College or his representative.

Upper Division students in the College of Letters and Science are advised to consult the Announcement of Courses, 1928-29, for requirements in their major.

Changes in Study Programs.

Changes in study programs after the study-lists have been filed may be made only by permission of the Dean, to be obtained by written petition filed with the Recorder of the Faculties not later than Tuesday, July 23, 4:30 p.m.

Curriculum in Public Health Nursing.

Admission.—This curriculum is open to regular or special students who have been graduated from approved schools of nursing and who possess the credential of Registered Nurse in California. Students enrolled in a school of nursing which allows a final semester of elective work, may be admitted to this curriculum for the completion of this semester, provided that they are eligible for admission to the University and are registered as nurses in California.

The Curriculum requires two semesters of class and field work approved by the Committee on Public Health Curricula and Degrees, including at least 18 units in the Department of Hygiene. The student must complete the prescribed curriculum of 32 units, receiving credit for at least as many grade points as time units in the courses undertaken.
The work of the second semester is at present available only during the period January to May in Berkeley. The work of the first semester, exclusive of field work, may be completed during attendance at two summer sessions either in Berkeley or Los Angeles. The required summer courses in Berkeley are Economics S180 (2 units), Hygiene S101 or S102 (2 units), S415A (4 units), S418A (4 units). The required summer courses in Los Angeles are Economics S180 (2 units), Hygiene S415A (4 units), S416 (2 units), S418A (4 units). The field work of the first semester is offered as a University Extension course, Hygiene 410ABC (3 units) in Berkeley and Los Angeles.

Students who complete the curriculum will be granted Certificates in Public Health Nursing, which will admit them to the examination conducted by the State Department of Health for the credential of Public Health Nurse. Students who do not present credit for courses equivalent to Psychology 1A and Economics 1A will be required to complete these courses before beginning Economics 180, which is included in the prescribed curriculum. These two courses are generally available in the Intersession and Summer Session.

**Curriculum in Nursing Education.**

This curriculum is designed to supplement the basic training of graduate nurses who desire to fill administrative and teaching positions in schools of nursing.

**Admission.**—This curriculum is open to graduates of schools of nursing approved by the University of California, who are eligible for admission to the University as regular students.

**The Curriculum** requires 32 units approved by the Committee on Public Health Curricula and Degrees, including at least 18 units in the Departments of Education and Hygiene. The instruction consists of class exercises, practice teaching, and supervised visits to schools of nursing for observation of methods. In order to receive the Certificate in Nursing Education the student must complete the prescribed curriculum of 32 units, receiving as many grade points as time units in the courses undertaken.

Not more than 18 units of credit toward this certificate may be secured by attendance at Intersessions and Summer Sessions. The remaining units must be secured in the spring semester (January to May). Students who do not present credit for courses equivalent to Psychology 1A and Economics 1A will be required to complete these courses before beginning Education 110 and Economics 180, which are included in the prescribed curriculum. These two prerequisite courses are generally available in the Intersession and Summer Session. The following program illustrates how
the above 18 units of Summer Session and Intersession credit may be combined with those of the spring semester:

Intersession: Economics S1A (3), Psychology S1A (2).
Summer Session: Economics S180 (2), Education S110 (2), Hygiene S434 (2).
Second Summer Session: Hygiene S415A (4), S431 (2).

Accommodations and Expenses.

A list of approved living accommodations where students may obtain board and lodging at prices ranging from $40 to $70 a month is compiled annually by the Dean of Women and will be available about April 1. The houses on this list have been inspected with a view to sanitation, orderliness and safety. To insure their protection and comfort, students are urged to consult this list before making their plans for accommodations.

Every possible assistance will be given to strangers in their search for suitable boarding places. There are many restaurants in Berkeley where meals may be had à la carte.

The following table will enable the student to form an estimate of the expense, exclusive of railway fare, to be met in attending the six weeks of Summer Session:

Men's Dormitory.

Bowles Hall, a new and modern fireproof dormitory, with accommodations for approximately 100 men, will be open for occupancy by students at the Intersession and Summer Session. This dormitory, completed in January of this year, is conveniently located on the campus, overlooking the Golden Gate and the cities around San Francisco Bay. It is equipped with kitchen and dining room, and has a splendid lounge. The dormitory will open for Intersession students on May 18; and for Summer Session students on June 29. The fee for room and board is $75.00 per session. Full information and application blanks may be secured by addressing Bowles Hall, University of California, Berkeley, California.

The Associated Students' Store carries all textbooks for Summer Session courses, as well as stationery and other supplies.
Railroad Rates for the Intersession and the Summer Session.

Prospective students of the Intersession or Summer Session are urged to secure definite information at railroad offices with reference to summer rates from their respective cities.

Library.

Throughout the Summer Session the general Library of the University will be open from 8 a.m. to 10 p.m., Monday to Saturday inclusive, and from 9 a.m. to 5 p.m. Sunday. During the Intersession, the hours will be 8 a.m. to 6 p.m., Monday to Saturday inclusive; closed Sunday.

Full library privileges, including the home use of books, as accorded to regular University students, will be extended, without additional fee, to students in the summer courses, upon presentation of registration certificates.

Infirmary.

The University has a well equipped infirmary on the campus with a full complement of physicians and trained nurses. Every student is entitled to ordinary medical and hospital care at the Infirmary without charge, it being distinctly understood that the illness to be treated arises after registration. If an operation becomes necessary, a moderate charge is made, the funds received from such operation being used for the benefit of the Infirmary. A small hourly charge is made for dental service.

Appointment Secretary.

The office of the Appointment Secretary is on the first floor of Haviland Hall. Students of the Intersession, and of the Summer Sessions in Berkeley and Los Angeles are entitled to the services of this office. Candidates for teachers' positions should obtain registration blanks from Room 102 Haviland Hall as early as possible that time may be allowed to obtain confidential statements in regard to previous teaching experience. General letters of recommendation addressed "To whom it may concern" are of little value. There is no charge for placement service. Each registrant must pay a fee of $5.00 to cover clerical work. School officers should notify the office in advance when they wish to interview teachers in order that time may be saved for both candidates and officials.

Summer Session Californian.

The Summer Session Californian is issued by the Associated Students five times each week throughout the Summer Session. In addition to Summer Session news, it contains announcements of lectures, concerts, exhibits, meetings of University organizations, and information concerning the library, museums, art galleries, observatories, and other parts of
the University of interest to visitors. The subscription price is 50 cents, payable at the office of the Associated Students of the University of California in Stephens Union. A Californian is also issued twice a week during the Intersession.

Special Lectures.

During the session of 1928 numerous special lectures were given both by members of the faculty and by distinguished visitors. Plans for a similar series are under way for this year's session.

Music and Drama.

The Committee on Music and Drama has planned for the Summer Session of 1929 the following activities:

1. A series of modern plays in Wheeler Auditorium.
4. One or more outstanding dramatic productions in the Greek Theatre.

Y.M.C.A.

The University Young Men's Christian Association, occupying the Association building, Stiles Hall, is both a social and recreational center for the men of the University. Reading rooms, a social hall, and recreation rooms are provided where students can profitably spend their leisure hours. An Employment Bureau is conducted free of charge, exclusively for the benefit of incoming students. The Association Secretaries, whose offices are located at Stiles Hall, will be glad to be of any service to students. A series of lectures dealing with Religion, Morals and Education will be given during the Summer Session, leaders to be announced later.

Y.W.C.A.

The building of the Young Women's Christian Association, situated on the corner of Allston Way and Union Street, a block west of Sather Gate, will be open during the Summer Session for the use of all women students. The building provides reading and rest rooms, a sunny patio, a foyer for students from the other countries, and an information bureau. Information regarding professional services in the Y.W.C.A. either in this country or abroad, may be obtained at the Y.W.C.A. building.

Assemblies.

There will be informal receptions with dancing in Harmon Gymnasium during the Summer Session. These assemblies will be under the supervision of Mrs. Davidson, Assistant Dean of Women. All Summer Session students will be admitted to these gatherings on presentation of their registration cards.
Excursions.

An excursion to Mount Hamilton and the Lick Observatory will be arranged for the classes in astronomy and others who may be interested.

The student in Berkeley has within easy reach the libraries, museums, parks, concerts, lectures, and theatres of San Francisco and Oakland. During the summer, when the eastern season is over, many of the greater dramatic events of the year are to be seen in both San Francisco and Oakland.

Attendants at the Summer Session will find it easy to plan outings in the country about Berkeley or across the bay in Marin County; boating on Lake Merritt or on the bay; a trip to Muir Woods, a national park of redwoods; tramps in the Berkeley or Piedmont hills, to Lake Chabot, Grizzly Peak, or up Mount Tamalpais; salt water bathing at the Alameda beaches or the Piedmont baths; electric car rides through Oakland to such places as San Leandro, Hayward, and San Lorenzo; sightseeing trips about San Francisco, including Golden Gate Park, the Cliff House, Chinatown, and the Presidio; week end trips to nearby towns such as San Jose, Monterey, Santa Cruz, Santa Rosa, Napa, etc.

Site and Climate.

The campus of the University of California, situated on the lower slopes of the Berkeley Hills, commands a splendid view over San Francisco Bay and the Golden Gate. Its 600 acres of land include a great variety of topography. From a height of some 200 feet above the sea, the gentler slopes on which stand most of the University buildings merge into the bolder slopes of the hills and extend to about 1300 feet elevation. Beyond the campus boundary, and reached by excellent trails, the nearby summits of the hills rise to heights of 1700 to 1900 feet above the sea. Around three sides of the campus lies Berkeley, a city of homes, with a population of about 80,000. San Francisco is thirty-five minutes' ride from the campus by electric train and ferry; street cars run to the business center of Oakland in twenty-five minutes.

The climate of Berkeley is well suited for uninterrupted university work. The records of the meteorological station maintained by the University, covering a period of thirty years, show an average temperature for June, July, and August of about 60°. The highest temperature for the day averages close to 70°, while the lowest temperatures of the nights average about 53°. These favorable temperature conditions are due to the marked prevalence of light southwest winds from the ocean, which give a distinctly invigorating character to the summer weather at Berkeley. "High fogs," which are a fairly frequent accompaniment of the ocean winds, serve further to moderate the temperature. Low fogs,
often associated with a coastal climate, are relatively infrequent. On rare occasions the moist southwest wind is replaced by a dry north or northeast wind, and at such times the temperature rises during the hottest part of the day to between 85° and 90°. Owing to their low humidity, these land winds are almost never oppressive. Temperatures around 95° have been noted a few times during the period of record. The summer at Berkeley is practically rainless, though the month of June occasionally has showers of short duration. Out-of-door activities of every sort may be planned without fear of interruption by weather. A light overcoat will be found useful, especially during the cool evenings.

University of California summer courses in Subtropical Horticulture at Citrus Experiment Station, Riverside, California.

In the summer of 1929 regular courses of instruction will be given at the University of California Citrus Experiment Station at Riverside, California. The courses to be offered are of upper division grade and are equivalent to similar courses formerly given in the College of Agriculture at Berkeley.

Prerequisites for registration in any of the courses are training in chemistry, botany, and such other courses as are required in the regular freshman and sophomore years in the College of Agriculture. The courses are so arranged that students of the University can take all of the regular courses given in Subtropical Horticulture by attending two Summer Sessions.

The courses as outlined in addition to meeting the needs of regular students in agriculture or in other departments, will be found to be suitable instruction for high school teachers of agriculture desiring special training in these subjects and for foreign students who desire to become somewhat familiar with the subtropical fruit industries of California.

The courses will be numbered:

S101. Citrus Fruits (4 units).
S102. Subtropical Fruits of Lesser Importance in the United States. The fig, olive, avocado, Oriental persimmon, date, pomegranate and others (4 units).
S104. Subtropical Fruit Diseases (2 units).
S105. Subtropical Fruit Insects (2 units).

Full information concerning the work at Riverside may be obtained by addressing the Dean of the College of Agriculture, University of California, Berkeley, California.
INSTITUTE FOR SOCIAL WORKERS

During the Summer Session for the year 1929, an institute for social workers is to be held for two weeks. Registration will take place on July 6. Classes will be held from July 8 to July 20.

Subjects Discussed.

The interest of the institute will center about four subjects: case work, medical social work, psychiatric social work, and community organization. There will be lectures and round table conferences.

Eligibility Requirements.

Membership in the institute is open to men and women who are regular employees of social agencies, or to other persons who are connected with such social agencies in some administrative capacity. The registration fee for members, which will entitle the members to participation in the whole series of conferences, will be fifteen dollars ($15), payable at the time of registration. Information concerning the institute may be obtained from Mrs. Emily H. Noble, Department of Economics, University of California, Berkeley, California.
OPPORTUNITIES FOR RECREATION

Hearst Hall. In 1922, the Women’s Gymnasium, a gift to the women students of the University by Mrs. Phoebe A. Hearst, was destroyed by fire. To replace the loss of the building, Mrs. Hearst’s son, Mr. William Randolph Hearst, has presented to the University the new gymnasium for women, completed in January, 1927. This beautiful building is one of the most completely equipped in the country. It has three large gymnasia, three smaller ones for restricted work and corrective gymnastics; three out-door swimming pools of Italian marble, central control shower plant, complete dressing room and locker equipment; lecture and recreation rooms; offices.

Harmon Gymnasium. This gymnasium, presented to the University by the late A. K. P. Harmon, is well equipped and provides all men students with opportunities for physical education. Besides the main hall, rowing room, and athletic quarters, there are 125 shower baths and 2600 steel lockers for the use of the students.

The open-air swimming pool in Strawberry cañon affords an opportunity for water sports. This pool is 232 feet long, 76 feet wide, and 10 feet deep in the deepest part, holding a half-million gallons of water, and by a constant flow of filtered water is kept in admirable condition.

Henry Morse Stephens Hall. This building fulfills a long-cherished desire of the students and alumni of the University. The basement and mezzanine floor are occupied by the Associated Students’ store and the printing office. The middle wing is devoted to social activities of students and alumni. The first and second floors are arranged as lounging rooms for men and women. The tower room, known as the Henry Morse Stephens Memorial Room, is reserved as a gathering place for alumni.

Athletic Grounds. The tennis courts, Hilgard Field, the baseball field, and running track offer opportunity for pleasant and healthful recreation.

The Stadium. California’s Memorial Stadium is one of the largest athletic arenas in the country. The seating capacity is 73,000.
THE UNIVERSITY

The University of California was founded in 1868 and is, by the terms of its charter, an integral part of the educational system of the state. At Berkeley are the Colleges of Letters and Science, Commerce, Agriculture, Engineering, and Chemistry; the Schools of Architecture, Education, Jurisprudence, Librarianship, and the instruction of the first year of the Medical School. At Mount Hamilton is the Lick Astronomical Department (graduate research). In San Francisco are the Hastings College of the Law, the Medical School (second, third, fourth, and fifth years, including Hospitals), the College of Dentistry, and the California College of Pharmacy. In Los Angeles are the University of California at Los Angeles, and the Los Angeles Medical Department (graduate instruction only). At Riverside is the Citrus Experiment Station and Graduate School of Tropical Agriculture. At La Jolla is the Scripps Institution of Oceanography. At Davis is the Branch of the College of Agriculture. At Berkeley there are 468 principal officers of instruction and administration and 515 other officers; 56 departments of instruction; about 15,657 students in 1928–29, including the Summer Sessions of 1928; the general library, supplemented by the Bancroft, Morrison, Lange, and other collections; museums and laboratories; and the agricultural experiment grounds and station, which are invaluable adjuncts of the farming, orchard, and vineyard interests of the state. In San Francisco there are 443 officers of administration and instruction, including demonstrators and other assistants; and about 970 students in 1928–29. There are at the University of California at Los Angeles 295 officers, and about 10,161 students in 1928–29, including those attending the 1928 Summer Session in Los Angeles.

LIBRARY

The General Library, housed in the building made possible by the bequest of the late Charles F. Doe, now contains more than 700,000 volumes. It is constantly augmented by donations and exchanges and by large purchases of books with the income from the Michael Reese, Jane K. Sather, E. A. Denicke, Alumnus, Meyer, Carpenter, and other funds. Books are specially bought each year for the particular courses offered during the Summer Session. All Summer Session students may enjoy full
privileges of the Library, including the drawing of books, upon presentation of registration certificates.

The Bancroft Library contains several thousand books and manuscripts referring to Spanish American and Western American history, all of which are available to graduate students at individual desks, and to undergraduates for work in courses.

Several of the departments of instruction have separately kept collections of books, useful for ready reference and classroom work.

MUSEUMS AND LABORATORIES

For students pursuing research and graduate study, laboratories and laboratory equipment are available.

The Students' Observatory affords ample material for students of astronomy; the Chemistry Building (Gilman Hall); Physics Building (LeConte Hall), psychological laboratories, mineralogical and petrographical laboratories, the Rudolph Spreckels Physiological Laboratory, civil engineering laboratories, and laboratories for agricultural study, are equipped with modern devices for scientific investigation.

The Museum of Anthropology, located at Parnassus and Second avenues, San Francisco, contains 100,000 specimens illustrating the history and development of civilization from the earliest times. The collections were gathered by Mrs. Phoebe A. Hearst, and their present estimated value is $5,000,000. The museum is the largest of its kind west of Chicago, and one of the most complete collections of anthropology in the world.
COURSES OF INSTRUCTION

AGRICULTURE

INTERSESSION COURSES
(May 20 to June 29, 1929)

SUMMER SESSION COURSES
(July 1 to August 10, 1929)

A qualified student may pursue during the Inter session and Summer Session at Berkeley, Riverside or Davis the courses for advanced undergraduates (numbered 199) and the graduate courses numbered in the 200 series as announced in the Annual Announcement of Courses, 1928–29, of the University of California, or the Prospectus of the College of Agriculture. Since the above courses are for advanced and graduate students only, in every case arrangements must be made, in advance of registration if possible, with the instructor concerned. The Department of Agriculture will not offer at Berkeley during the Summer Session or Inter session any general courses in Agriculture.

AMERICAN INSTITUTIONS

ROGER JOHN TRAYNOR, Ph.D., J.D., Instructor in Political Science and Lecturer in Law.

INTERSESSION COURSE
(May 20 to June 29, 1929)

Dr. Traynor

The formation, sources, and development of the national and state constitutions, the American executives, the national and state administrative systems, American legislative bodies, the national and state judicial systems, American territories and dependencies, American citizenship, the party system, and local government institutions. 2 units.

M Tu W Th F 9.

Open only to students who have junior standing or the equivalent. Prescribed for all candidates for the bachelor’s degree and for all candidates for the High School Teacher’s Credential. Not open to students who take History 171A–171B, 172A–172B, Political Science 151, or Political Science 113. This course is included in the Letters and Science List of Courses.
ANTHROPOLOGY

EDWARD WINSLOW GIFFORD, Curator of the Anthropological Museum and Lecturer in Anthropology.

ALFRED IRVING HALLOWELL, Ph.D., Assistant Professor of Anthropology, University of Pennsylvania.

Where prerequisites to upper division courses are not stated, it is understood that these courses are open only to students who have junior standing or equivalent training.

INTERSESSION COURSES
(May 20 to June 29, 1929)

S1A. General Anthropology: Origin and Antiquity of Man. Mr. GIFFORD
    Man as an animal; heredity; races and race problems; earliest culture. 2 units.
    M Tu W Th F, 9.

S137. Indians of California. Mr. GIFFORD
    Origin and relationships of the natives, prehistoric remains, shell mounds, tribal divisions; art; customs; industries; beliefs. 2 units.
    M Tu W Th F, 10.

SUMMER SESSION COURSES
(July 1 to August 10, 1929)

S1B. General Anthropology: Origin and Development of Civilization.
    Assistant Professor HALLOWELL
    The source and growth of institutions, arts, customs, industries, language, and religion. 2 units.
    M Tu W Th F, 9.

155. Primitive Art. Assistant Professor HALLOWELL
    Plastic, graphic, and ornamental art styles of primitive and prehistoric peoples. Lantern slide illustrations. 2 units.
    M Tu W Th F, 10.
ARCHITECTURE

ARAM TOROSSIAN, M.A., Instructor in Architectural Drawing.

INTERSESSION COURSES
(May 20 to June 29, 1929)

S2. Descriptive Geometry as Applied to Architectural Problems. Mr. TOROSSIAN
Lectures, recitations and problems. Prerequisite: course 1. 2 units.
M Tu W Th F, 1-4.

S3. Shades and Shadows; Perspective. Mr. TOROSSIAN
Lectures and drafting-room practice. Prerequisite: course 2. 2 units.
M Tu W Th F, 2-5.

ART

RAY S. BOYNTON, Lecturer in Art; Instructor in Drawing and Painting,
California School of Fine Arts, San Francisco.

GEORGE LUSK, Ph.D., Lecturer in Art.

ANNIE C. B. MCPHAIL, Ed.B., Associate in Fine Arts, University of Cali-
forinia at Los Angeles.

MARGARET ELLEN PETERSON, A.B., Associate in Art.

VACLAV VYTACIL, Lecturer, Art Students League, New York City, formerly
Lecturer at Akademie Hoffman, Munich, Germany.

SUMMER SESSION COURSES
(July 1 to August 10, 1929)

1C. History of Art in Modern Europe. Mr. VYTACIL
Open without prerequisite. 2 units.
M Tu W Th F, 2.

S2A–82B. Form: Double Course. Miss PETERSON
Acquisition of a plastic vocabulary through the study of plant
and animal forms. Drawing and modeling of memory images. Open
without prerequisite. 4 units.
M Tu W Th F, 8-10 and 1-3.
6A. **Color and Design.**

Prerequisite: 4 units of freehand drawing. 2 units.
M Tu W Th F, 1–3.

7. **Freehand Drawing.**

Open without prerequisite. 2 units.
M Tu W Th F, 8–10.

9. **Water Color.**

Prerequisite: the consent of the instructor. 2 units.
M Tu W Th F, 10–12.

**S115A. Pictorial Composition.**

Mr. Vytlacil

An investigation of the various forms of composition developed in the field of painting since the French Revolution. The pictorial methods of the old masters of the fourteenth and fifteenth centuries compared with the compositional structure in modern art. 2 units.
M Tu W Th F, 10–12.

**S118A. Life Class.**

Dr. Lusk

The design of the human figure. Drawing rather than color will be emphasized. Prerequisite: Art 107 (Art Anatomy). 2 units.
M Tu W Th F, 1–3.

**S131A. Landscape Composition.**

Dr. Lusk

Appreciation and re-interpretation of the abstract harmonies of form and color in nature. Prerequisite: 8 units of drawing. 2 units.
M Tu W Th F, 3–5.

**S132A. Painting in Oil, Water Color or Pastel.**

Mr. Boynton

Prerequisite: 2 units of drawing from the antique. 2 units.
M Tu W Th F, 3–5.

**S215A. Advanced Composition.**

Mr. Vytlacil

Prerequisite: Art 115A–115B. 2 units.
M Tu W Th F, 10–12.

**S218A. Advanced Life Class.**

Dr. Lusk

Prerequisite: 4 units of life drawing and Art 107. 2 units.
M Tu W Th F, 1–3.
ASTRONOMY

RUSSELL T. CRAWFORD, Ph.D., Professor of Astronomy.
WILLIAM F. MEYER, Ph.D., Associate Professor of Astrophysics.
JOSEPH A. MURPHY, Lieutenant-Commander, U.S.N., Graduate, U.S. Naval Academy, Associate Professor of Naval Science and Tactics.
EDWIN T. SHORT, Lieutenant-Commander, U.S.N., Graduate, U. S. Naval Academy, Associate Professor of Naval Science and Tactics.

INTERSESSION COURSES
(May 20 to June 29, 1929)

S1. Elementary Astronomy. Professor CRAWFORD
   An introductory course. General facts and principles underlying the science of astronomy in all its branches. Prerequisite: elementary algebra and plane geometry. 2 units.
   M Tu W Th F, 9.

S11. Modern Astronomy. Professor CRAWFORD
   The stars and nebulae. Progress in astronomy through modern methods, especially spectroscopic and photographic. Prerequisite: course 1, 4, or 6. 2 units.
   M Tu W Th F, 10.

SUMMER SESSION COURSES
(July 1 to August 10, 1929)

S1. Elementary Astronomy. Associate Professor MEYER
   An introductory course. General facts and principles underlying the science of astronomy in all its branches. Prerequisite: elementary algebra and plane geometry. 2 units.
   M Tu W Th F, 9.

S109. Navigation and Nautical Astronomy. Associate Professor MURPHY
   Prerequisite: Course 10. Prescribed for students enrolled in the Naval Unit. 2 units.
   M Tu W Th F, 8.

S110. Navigation and Nautical Astronomy. Associate Professor SHORT
   Prerequisite: Course 109. Prescribed for students enrolled in the Naval Unit. 2 units.
   M Tu W Th F, 8.
S117. Astrophysics. Associate Professor Meyer

A general review of present day problems in astrophysics. Designed for students and teachers interested in astronomy, chemistry and physics. Three lectures and two laboratory periods of three hours each per week. Open to upper division students whose major subject is astronomy, physics, or chemistry, and to others who have equivalent prerequisites. 2 units.

Hours to be arranged. Class meets for organization, July 1, 2 p.m., 10 Astronomy.

BACTERIOLOGY

Max S. Marshall, Ph.D., Assistant Professor of Bacteriology, Medical School.

SUMMER SESSION COURSE
(July 1 to August 10, 1929)

S1. Elementary Bacteriology. Assistant Professor Marshall

Early history of bacteriology; means of disinfection; relationships among micro-organisms, bacteria, yeasts, molds, protozoa and filterable viruses; microscopic examination and cultivation of bacteria; effect of physical and chemical agencies on bacteria; biochemical activities—fermentation, putrefaction; isolation and identification of pure cultures of bacteria; introduction to bacteriology of air, soil, sewage, water, milk and milk products, other foods; industrial processes; certain human, animal, and plant diseases. 4 units.

M Tu W Th F: lectures, 1; laboratory, 2–5. Laboratory deposit $5.
BOTANY

Lee Bonar, Ph.D., Assistant Professor of Botany.
Thomas Harper Goodspeed, Ph.D., Professor of Botany and Curator of the Botanical Garden.
Herbert L. Mason, M.A., Associate in Phaeenogamic Botany.
Wilfred William Robbins, Ph.D., Professor of Botany, College of Agriculture, Davis.
Lucile Roush, M.A., Associate in Botany.

A laboratory fee of $3 is charged in each of the following courses: S2A, S2B, and S111.

INTERSESSION COURSES
(May 20 to June 29, 1929)

S2A. General Botany. Assistant Professor Bonar
The fundamentals of the morphology and physiology of flowers, fruits, seeds, seedlings, roots, stems, and leaves. 4 units.
M Tu W Th F: lectures, 8; laboratory, 9–12.

S111. Plant Cytology and Microtechnique. Professor Goodspeed
The anatomy and physiology of the cell. Prerequisite: Botany 2A. 4 units.
M Tu W Th F: lectures, 8; laboratory, 9–12.

S227. Plant Histology and Cytology; Seminar. Professor Goodspeed
2–4 units.
Hours to be arranged.

SUMMER SESSION COURSES
(July 1 to August 10, 1929)

S2A. General Botany. Professor Robbins
The fundamentals of the morphology and physiology of flowers, fruits, seeds, seedlings, roots, stems, and leaves. 4 units.
M Tu W Th F: lectures, 8; laboratory, 9–12.

S2B. General Botany. Miss Roush
A continuation of course 2A, covering the lower order of plants and introduction to the taxonomy of the flowering plants. Prerequisite: course S2A. 4 units.
M Tu W Th F: lectures, 1; laboratory, 2–5.
S4. Flora.  
Miss Roush  
An elementary study of the external structure of the plant, followed by determinations of some of the wild flowers in the vicinity.  
2 units.  
M Tu W Th F, 10–12.

**SUMMER FIELD COURSES IN PHAENOGRAMIC BOTANY**

116. **Field Studies in Forest Botany.**  
Mr. Mason  
The taxonomy and distribution of the forest associations of California with an inquiry into the life zone hypothesis of Merriam.  
To be taken concurrently with 117. Prerequisite: Elementary Taxonomy and General Botany. 3 units.

117. **Field Methods in Systematic Botany.**  
Mr. Mason  
Practice in the collection and preparation of botanical specimens and in the making of observations and notes for subsequent study.  
To be taken concurrently with 116. Prerequisite: Elementary Taxonomy and General Botany. 3 units.  
The above informal field courses will be offered to properly qualified men provided a minimum of ten students enroll.  
Applications for enrollment must be on file with the instructor not later than June 1, 1929. Accepted applicants must provide themselves with suitable camp bedding as well as funds for travel and sustenance up to $120 for the six weeks.  
Address all communications to H. L. Mason, 201 Botany Building, University of California, Berkeley, California.
CHEMISTRY

ERMON DWIGHT EASTMAN, Ph.D., Associate Professor of Chemistry.
GEORGE E. GIBSON, Ph.D., Professor of Chemistry.
WENDELL M. LATIMER, Ph.D., Associate Professor of Chemistry.
AXEL RAGNAR OLSON, Ph.D., Associate Professor of Chemistry.
CHARLES W. PORTER, Ph.D., Professor of Chemistry, and Assistant Dean of the College of Chemistry.
MERE LE RANDALL, Ph.D., Professor of Chemistry.
GERHARD KROHN ROLLEFSON, Ph.D., Assistant Professor of Chemistry.
THOMAS D. STEWART, Ph.D., Associate Professor of Chemistry.

The chemical laboratories will be open daily, except Saturdays, from 8 a.m. to 5 p.m. The fee for each of the courses, A, S1A, S1B, S5, S6A, and S180H is $14; for course S9 it is $22.

INTERSESSION COURSES
(May 20 to June 29, 1929)

S1A. General Inorganic Chemistry and Qualitative Analysis.
Assistant Professor ROLLEFSON
Prerequisite: any two of the three high school subjects, chemistry, physics, trigonometry; or high school chemistry with a grade of 1 or 2. These prerequisites may be waived for students above the freshman year whose university records are good. 5 units.
Lectures, M Tu W Th F, 9; laboratory, M Tu W Th F, 1–4. The first hour of each laboratory period is reserved for discussion and quiz.

S6A. Quantitative Analysis.
Assistant Professor OLSON
Prerequisite: Chemistry 1A–1B with a grade of C or higher. 3 units.
Laboratory, M Tu W Th F, 1–5. The first hour, M W alt. F, is reserved for lecture and quiz.

Professor PORTER
An introduction to the study of the carbon compounds. Prerequisite: Chemistry 1A–1B with a grade of C or higher. 3 units.
Lectures, M Tu W Th F, 10; quiz, Tu Th, 11.

Professor PORTER
The preparation of organic compounds; a study of their properties and characteristic reactions. Open to students who have taken or are taking Chemistry S8. 3 units.
Lectures, M W, 11; laboratory, M Tu W Th F, 1–5.
S180H. Research.

Students of honors standing may prosecute research under the direction of one of the members of the instructing staff, whose consent must be obtained and who will determine the credit value of the work. Prerequisite: Chemistry 100 and 110.

S280. Research.

The laboratory is open to properly qualified students who wish to prosecute original investigations. Such work must be done under the direction of some member of the instructing staff, who will determine its credit value.

SUMMER SESSION COURSES
(July 1 to August 10, 1929)

A. Elementary Chemistry. Professor Gibson

An introduction to general chemistry. Credit for matriculation chemistry will be given for the satisfactory completion of this course. Lectures and experimental illustration, or recitations, and 15 hours of laboratory work per week.

Lectures, M Tu W Th F, 8; laboratory, M Tu W Th F, 9–12.

S1B. General Inorganic Chemistry and Qualitative Analysis. Assistant Professor Latimer

Continuation of Chemistry S1A. 5 units.

Lectures, M Tu W Th F, 9; laboratory, M Tu W Th F, 1–4. The first hour of each laboratory period is reserved for discussion and quiz.

S5. Quantitative Analysis—Gravimetric and Volumetric. Professor Randall

A short course in the principles and methods of inorganic quantitative analysis. Prerequisite: Chemistry 1A–1B, or its equivalent, with a grade of C or higher. 3 units.

Laboratory, M Tu W Th F, 1–5. The first hour, Tu Th alt. F, is reserved for lecture and quiz.

S6B. Quantitative Analysis. Professor Randall

Continuation of Chemistry S6A. 3 units.

Laboratory, M Tu W Th F, 1–5. The first hour, M W alt. F, is reserved for lecture and quiz.

S8. Elements of Organic Chemistry. Associate Professor Stewart

An introduction to the study of the carbon compounds. Prerequisite: Chemistry 1A–1B with a grade of C or higher. 3 units.

Lectures, M Tu W Th F, 8; quiz, Tu Th, 10.

S9. Organic Chemistry: Laboratory. Associate Professor Stewart

The preparation of organic compounds; a study of their properties and characteristic reactions. Open to students who have taken or are taking Chemistry 8. 3 units.

Lectures, M W, 11; laboratory, M Tu W Th F, 1–5.
S110. **Physical Chemistry.**  
Associate Professor EASTMAN  
Lectures and problems. Prerequisite: Chemistry 5 or 6A, and Physics 1A–1B or 2A–2B. 3 units.  
Lectures, M Tu W Th F, 9, and Tu Th, 11.

112. **Atomic and Molecular Structure.**  
Associate Professor EASTMAN  
Brief presentation of current ideas concerning the "fine structure" of matter. Prerequisite: Chemistry 1A–1B, Physics 1A–1B or 2A–2B. 1 unit.  
Lectures, M W F, 11.

S180H. **Research.**  
Students of honors standing may prosecute research under the direction of one of the members of the instructing staff, whose consent must be obtained and who will determine the credit value of the work. Prerequisite: Chemistry 100 and 110.

S280. **Research.**  
The laboratory is open to properly qualified students who wish to prosecute original investigations. Such work must be done under the direction of some member of the instructing staff, who will determine its credit value.
CHILD DEVELOPMENT

The following courses in various departments offer material of special interest to students in the field of child development:

The Growth and Development of Children.  Associate Professor Bailey
(See Education S111)

Research Technique for Studying Young Children.
(See Psychology 120)  Associate Professor Jones

Laboratory Work in Child Study.*  Associate Professor Jones
(See Psychology 120x)

Parental Education.  Dr. Stolz
(See Education 335)

Children’s Problems—Diagnosis and Adjustment.  Miss Piekarski
(See Education 337)

Case Studies in Children’s Problems.  Miss Piekarski
(See Education 338)

Methods in Child Welfare and Attendance Supervision.  Mrs. Hill
(See Education 339)

Child Welfare.  Dr. True
(See Hygiene S101)

Health of the School Child.  Dr. True
(See Hygiene S102)

Mental Adjustments in Childhood.  Assistant Professor Macfarlane
(See Psychology 169)

Clinical Psychology.  Assistant Professor Macfarlane
(See Psychology S166A)

Mental Hygiene with Reference to Physical Handicaps and Behavior Problems.  Dr. Richmond
(See Public Speaking 193)

* In connection with this course a nursery school will be maintained at the Institute of Child Welfare for children between the ages of 2 and 4 years. The nursery school will function from 9 a.m. until noon, five days a week. The fee for each child will be $10 for the period of the Summer session. Application for admission to the nursery school should be made directly to the Institute of Child Welfare, University of California.
DRAMA

While the University does not maintain a department under the title of the Drama, it offers, in the following courses in other departments, material of special interest to students in that field.

Elements of Theory and Technique of Acting.
(See Public Speaking S10A)  Associate Professor von Neumayer

The Art of the Theatre.
(See Public Speaking 145.)  Professor Drummond

Play Production.
(See Public Speaking S155A.)  Professor Drummond

Religious Pageantry and Drama.
(See Public Speaking 165.)  Mrs. Veazie

Contemporary English Literature.
(See English 128A–128B.)  Professor Cazamian

Shakespeare.
(See English 117P.)  Associate Professor Montgomery

European and American Drama from Ibsen to the Present.
(See English 114E.)  Professor Campbell

Attention is called to the Wheeler Hall Plays (see page 55) which will be given during the period of the Summer Session.

Associate Professor von Neumayer will give two recitals during the period of the Summer Session.
ECONOMICS

JAMES HERBERT SIWARD BOSSARD, Ph.D., Professor of Sociology, University of Pennsylvania.

IRA B. CROSS, Ph.D., Professor of Economics on the Flood Foundation.
FRANK S. FORMAN, M.B.A., Associate Professor of Accounting, University of Utah.

CHARLES ADAMS GULICK, Jr., Ph.D., Assistant Professor of Economics.
GLENN E. HOOVER, LL.B., Docteur en Droit, Associate Professor of Economics and Sociology, Mills College.

JOHN F. JOHNSTON, B.S., Assistant Manager of Industrial Relations, Associated Oil Company, San Francisco.

ISAAC LIPPINCOTT, Ph.D., Professor of Economic Resources, Washington University.

WILLIAM AYLOTT ORTON, M.A., M.Sc., Professor of Economics and Sociology, Smith College.

WEBSTER ROBINSON, Ph.D., Associate Professor of Business Administration.
LEO ROGIN, B.S., Lecturer in Economics.

CHARLES C. STAEHLING, M.S., C.P.A., Associate Professor of Accounting.

INTERSESSION COURSES
(May 20 to June 29, 1929)

S1A. Principles of Economics. Professor CROSS

An introductory study of the principles of economics, including fundamental economic concepts, value, price, business organization, monopoly, money, banking, and international trade. Prerequisite: sophomore standing. Five hours of lectures and two hours of quiz sections. 3 units.

M Tu W Th F, 9, and two quiz sections.

S11. Industrial and Commercial History of the United States. Mr. ROGIN

The growth of industry, agriculture, commerce, transportation, population and labor from colonial times to the complex industrial and commercial society of today. No prerequisite. 2 units.

M Tu W Th F, 11.

S14A. Elements of Accounting. Associate Professor STAEHLING

Basic course in principles of accounting. Treated from the standpoint of the business executive. Accounting statements, the theory of debit and credit, the books and records, modern business papers, the accounting process, working sheets, summaries, interpretation of accounting reports. Prerequisite: sophomore standing. 3–4 units.

Fee, $5.00.

M Tu W Th F, 8; laboratory, M W F, 3–5, for students seeking 3 units; laboratory, M Tu W Th F, 3–5, for students seeking 4 units.
S100. Economic Theory.  Mr. Rogin
Required of all students majoring in Economics. Prerequisite: Economics 1A–1B and at least junior standing. 2 units.
M Tu W Th F, 8.

S120. Modern Industrialism.  Associate Professor Robinson
Theory of business enterprise, characteristics of modern industrial organization, business regulation, the trust problem. 2 units.
M Tu W Th F, 10.

S121A. Fundamentals of Business Administration.  Associate Professor Robinson
Efficient production organization, types of organization, correlation of the production functions, fundamental factors in production control, personnel organization and management, functions, organization, and operation of the personnel department. (Not accepted as part of the major in Economics in the College of Letters and Science.) 2 units.
M Tu W Th F, 11.

S132. Corporation and Trust Problems.  Assistant Professor Gulick
Growth of corporations, typical examples of trust organization, the anti-trust acts, dissolution suits and their results, trade associations, the work of the Federal Trade Commission, the combination movement abroad, and conclusions as to American policy. 2 units.
M Tu W Th F, 1.

S135. Elements of Money, Banking, and Foreign Exchange.  Professor Cross
The nature and principles of money, the principles of banking with practical applications, historical treatment of chief monetary and banking systems with special reference to their present status. 2 units.
M Tu W Th F, 10.

S155. History of Labor.  Assistant Professor Gulick
Survey of labor history with special reference to the rise and development of labor organizations and policies in England and the United States. 2 units.
M Tu W Th F, 3.

S160A. Advanced Accounting.  Associate Professor Staehling
Intensive study of the advanced theory of accounts and its application. Selected problems and reading on the various phases of accounting procedure. (Not accepted as part of the major in Economics in the College of Letters and Science.) 2 units.
M Tu W Th F, 9.
Economics

SUMMER SESSION COURSES
(July 1 to August 10, 1929)

S1A. Principles of Economics.  Professor Lippincott
An introductory study of the principles of economics, including
fundamental economic concepts, value, price, business organization,
monopoly, money, banking, and international trade. Prerequisite:
sophomore standing. Five hours of lectures and two hours of quiz
sections. 3 units.
M Tu W Th F, 9, and two quiz sections.

S1B. Principles of Economics  Associate Professor Hoover
A continuation of course S1A. Distribution, including rent, interest,
wages, profits, with special reference to current economic and social
problems. Prerequisite: S1A. Five hours of lectures and two hours
of quiz sections. 3 units.
M Tu W Th F, 9, and two hours of quiz sections.

Professor Lippincott
The growth of industry, agriculture, commerce, transportation,
population and labor from colonial times to the complex industrial
and commercial society of today. No prerequisite. 2 units.
M Tu W Th F, 10.

S14A. Elements of Accounting.  Associate Professor Forman
Fundamentals of accounting, the accounting process, the proprietor-
ship equation, accounting records, preparation of balance sheets and
profit and loss statements. Prerequisite: sophomore standing. No
previous knowledge of bookkeeping required. 3–4 units. Fee, $5.
M Tu W Th F, 8. Laboratory, M W F, 1–3, for students seeking
3 units; laboratory, M Tu W Th F, 1–3, for students seeking 4 units.

S14B. Elements of Accounting.  Associate Professor Forman
Continuation of S14A. 3–4 units. Fee, $5.
M Tu W Th F, 9. Laboratory, M W F, 1–3, for students seeking
3 units; laboratory, M Tu W Th F, 1–3, for students seeking 4 units.

S100. Economic Theory.  Associate Professor Hoover
Required of all students whose major is Economics. Prerequisite:
Economics 1A–1B and at least junior standing. 2 units.
M Tu W Th F, 11.

S121A. Fundamentals of Business Administration.  Mr. Johnston
Efficient production organization, types of organization, correlation
of the production functions, fundamental factors of production con-
trol. Personnel organization and management, functions, organiza-
tion, and operation of the personnel department. (Not accepted as
part of the major in Economics in the College of Letters and Science.)
2 units.

UPPER DIVISION COURSES

Students will not be permitted to register in upper division courses unless they have completed the courses named as prerequisites, or if no courses are definitely named as prerequisites, junior standing and Psychology 1A or equivalent; accepted professional training will, however, be regarded as sufficient preparation to justify admission to upper division courses in the field in which the student has been trained.
INTERSESSION COURSES
(May 20 to June 29, 1929)

HISTORY OF EDUCATION

S101. The History of Education—General Course. Dr. French
The institutions, theories, and problems of modern education in the light of their history. Special emphasis on the history of secondary education. 2 units.
M Tu W Th F, 2.

S102. History of American Education. Dr. French
An introduction to the field of state-controlled education in the United States, intended to present contemporary organizations, practice and problems in terms of their historic origin. 2 units.
M Tu W Th F, 3.

105. Comparative Study of European Education. Professor Kandel
The major problems; reasons for the differences in administration and organization; curricula and standards; the foundations of methods of teaching; the provisions of educational opportunity; training and status of teachers in the leading European countries, with reference to similar problems in the United States. Special attention to recent changes in the philosophy of education and their effect on educational reorganization. 2 units.
Tu Th, 4–6.

106. Historical and Comparative Study of Secondary Education. Professor Kandel
The evolution of the meaning of a liberal education in modern times and its influence on present-day problems of secondary education in England, Germany, France, and the United States. Special attention is given to organization, curriculum and methods of instruction, and the social conditions affecting the development of secondary schools in these countries. 2 units.
Tu Th, 7:30–9:30 p.m.

S110. Introduction to Educational Psychology. Associate Professor Keys
Original tendencies and capacities of man; acquired traits and abilities; the learning process; individual differences. 2 units.
M Tu W Th F, 9.

S114. Elementary Statistics. Associate Professor Keys
Statistical methods necessary to educational research and their application to the results of measurement. 2 units.
M Tu W Th F, 10.
S120. **Principles of Education (Introductory).**  
Professor Hugh  
A general introduction to the field of education; a preliminary survey of the theories and general principles applying to education in a modern democratic society. Prerequisite: Education 101. 2 units.  
M Tu W Th F, 8.

S130. **Elementary Education.**  
Dr. Hockett  
A general introduction to the theory and practice of the elementary school; modern conceptions of its aims, curriculum, methods, and outcomes. 2 units.  
M Tu W Th F, 3.

S132. **Teaching and the Supervision of Teaching.**  
Dr. Hockett  
The characteristics of good teaching, and methods of analysis, evaluation, and improvement of teaching technique. The need for supervision, the organization and distribution of supervisory functions, the duties and responsibilities of supervisors, with illustrations of actual procedures in progressive school systems. 2 units.  
M W, 4–6.

146. **The Principal and His School.**  
Dr. Hamilton  
The opportunities and responsibilities of the modern school principal. Means of securing improvement in instruction; classification and promotion of pupils; retardation and the problems of individual variation; cooperation and team-work; record system; the general problems of the principal and supervisor. 2 units.  
M W, 4–6.

S148. **Public Education in California.**  
Dr. Hamilton  
The educational system of the State, approached from a consideration of the school law of California, including the rules and regulations of the State Board of Education. 2 units.  
M Tu W Th F, 3.

S164. **Vocational Guidance.**  
Professor Lee  
For vocational counselors in high schools, teachers, and principals of junior and senior high schools, and others interested in the problem of the guidance of youth. Origin, philosophy and present practice in vocational guidance, and important problems now demanding solution. Admission to this course on consultation with instructor. 2 units.  
M Tu W Th F, 11.
SECONDARY EDUCATION

S170. Secondary Education. Assistant Professor Hughes

The theories and principles underlying secondary education, including an analysis of the American high school system, its purpose, student body, means and material. Prerequisite: Education 101 or 102 already taken or taken concurrently. 2 units.

M Tu W Th F, 3.

S172. Junior High School Education. Professor Williams

The special purposes of the junior high school and the means of achieving these purposes, i.e., grades to be included, admission requirements, ability grouping; curriculum, instructional procedure, teaching staff, advisory system, plant. 2 units.

M Tu W Th F, 11.

S175. The Supervision of Secondary Schools. Assistant Professor Hughes

Problems involved in making departmental administration and supervision within the high school conform to the rapid advance in the theory and practice of secondary education. High school supervision, especially with relation to the development of curricula and the professional improvement of the departmental teaching staff. 2 units.

Tu Th, 4–6.

GRADUATE COURSES

As a condition for enrollment in a graduate course the student must submit satisfactory evidence of his qualifications for the work proposed to the instructor in charge of the course. Required preparation for admission to a graduate course is normally 12 units of upper division work or its equivalent, basic to the subject of the graduate course, irrespective of the department in which such basic work may have been completed.

Students taking a graduate course (i.e., one numbered in the 200 series) are not permitted to register for more than four units of work.

S220A. Theory of Education: Seminar. Professor Hugh

Contradiction in education: conflicting opinions held by authorities on education, and the possibility of reconciling them. Enrollment only on consultation with instructor. 2 units.

M W, 7:30–9:30 p.m.

S260A. Vocational Education: Seminar. Professor Lee

Admission on consultation with the instructor. 2 units.

M W, 4–6.
270A. Secondary Education: Seminar. Professor Williams

For advanced students who wish to study intensively some topic in secondary education or to investigate some problem in organization, instruction, or measurement of scholarly achievement. Enrollment on consultation with instructor. 2 units.

M W, 4–6.

dence 18A and 18B). Prescribed for students in the College of Com-
merce. 2 units.
M Tu W Th F, 11.

PROFESSIONAL COURSE

S223. Practice. Dr. Sinclair
The drafting of the more usual papers in office and court practice.
Open to students with third-year standing in the School of Jurispru-
dence. 4 units.
M Tu W Th F, 4–6.
SUMMER SESSION COURSES
(July 1 to August 10, 1929)

NON-PROFESSIONAL COURSES

S18b. **Commercial Law.**
Continuation of S18a. 2 units.
M Tu W Th F, 9.

S118b. **Advanced Commercial Law.**
Continuation of S118a. 2 units.
M Tu W Th F, 11.

PROFESSIONAL COURSES

S227. **Equity.**
Equitable remedies, with special emphasis on the injunction; specific performance of contracts; reformation, rescission and cancellation of contracts. Open to students with at least second-year standing in the School of Jurisprudence. 4 units.
M Tu W Th F, 9.

S230. **Sales.**
The law of sales of goods; transfer of property and title; risk of loss; warranties; special rights and remedies of seller and buyer; statute of frauds. Open to students with at least second-year standing in the School of Jurisprudence. 4 units.
M Tu W Th F, 10.

CRIMINOLOGY

113E. **The Treatment of Delinquency and Personality Disorders.**
A consideration of problems of mental hygiene and the relationship to delinquency of mental deficiency, borderline states, psychoneuroses and psychoses with a study of the nature and development of these disorders. 2 units.
M Tu W Th F, 10.

113T. **Child Guidance Procedures with Case Studies as Related to Delinquency.**
To parallel the theoretical discussion of course 113E, with case studies in Child Guidance Procedure. Trips to state and county institutions. 2 units.
M Tu W Th F, 11.
LATIN

CLIFTON PRICE, Ph.D., Associate Professor of Latin.
ARTHUR TAPPAN WALKER, Ph.D., Professor of Latin, University of Kansas.

SUMMER SESSION COURSES
(July 1 to August 10, 1929)

S110. Horace: Satires and Epistles. Associate Professor Price
Lectures on Roman satire with particular reference to Horace; rapid reading of such satires and epistles as portray the private and social life of the Augustan Age and give a clear understanding of the poet himself; some attention will be given to the dactylic hexameter. Prerequisite: Latin 106 or equivalent. 2 units.
M Tu W Th F, 8.

138. Cicero’s Letters. Professor Walker
A reading course whose chief purpose, both in the selection of letters and in the class discussions will be an understanding of the personality of Cicero and of the political careers of Cicero, Pompey, and Caesar. Prerequisite: Latin 106 or equivalent. 2 units.
M Tu W Th F, 10.

238. Caesar’s Gallic Campaigns. Professor Walker
The purposes of the course are an understanding of Caesar’s story, an acquaintance with the most important work done by the great students of the campaigns, and independent decisions on disputed points by members of the class after reading the evidence and the arguments of others. The more interesting parts of Books I-IV of the Gallic War will be covered. Prerequisite: the undergraduate major. 2 units.
M Tu W Th F, 11.

Attention is called to German 204, The Study of Language, to be given by Professor Paschall.
LIBRARIALSHIP

HELEN MARTIN, M.A., Assistant Professor, and Chief Instructor in Library Work with Children, School of Library Science, Western Reserve University.

SYDNEY B. MITCHELL, M.A., Professor of Librarianship and Director of the School of Librarianship.

SUMMER SESSION COURSES
(July 1 to August 10, 1929)

No courses from the first-year curriculum—that is, for beginners—are offered in the Summer Session. The following are all advanced courses, open, in the case of candidates for the master’s degree in the School of Librarianship, to those who meet the requirements for admission to the second-year curriculum, as given in the regular announcement of the School. Other graduate students who propose to take them as electives must satisfy the instructor that they are prepared to enroll in an advanced course.

221. Book Collecting for Large Libraries.  Professor MITCHELL
    2 units. Hours to be arranged.

    Prefaced by some consideration of the less common trade bibliographies, a study will be made of the methods of building up a book collection by purchase and exchange, with problems in the selection of books in important fields.

    2 units. Hours to be arranged.  Assistant Professor MARTIN

    As given in Summer Session, this will be limited to the high school library.

    2 units.  Assistant Professor MARTIN
    M Tu W Th F. Hours to be arranged.

    This course when taken by candidates for the master’s degree in the School of Librarianship will be included with the elective courses rather than with the required fourteen units of Librarianship.
MATHEMATICS

BENJAMIN A. BERNSTEIN, Ph.D., Associate Professor of Mathematics.
DEWEY C. DUNCAN, Ph.D., Associate in Mathematics.
ELMER COLIN GOLDSWORTHY, A.B., Associate in Mathematics.
EARLE RAYMOND HEDRICK, Ph.D., Professor of Mathematics, University of California at Los Angeles.
DERRICK NORMAN LEHMER, Ph.D., Professor of Mathematics.
JAMES PIERPONT, Ph.D., LL.D., Professor of Mathematics, Yale University.
THOMAS MILTON PUTNAM, Ph.D., Professor of Mathematics and Dean of the Summer Session in Los Angeles.
LEE HOUGHTON SWINFORD, A.B., Associate in Mathematics.
HERMANN WEYL, Ph.D., Research Professor in Mathematical Physics, Princeton University, and Professor of Mathematics, Technische Hochschule Zurich, Switzerland.
BING CHIN WONG, Ph.D., Assistant Professor of Mathematics.

INTERSESSION COURSES
(May 20 to June 29, 1929)

A. Elementary Algebra. Professor LEHMER
   For students who have entered the University without credit for elementary algebra this course is accepted in lieu of matriculation subject 2a in satisfaction of minimum junior certificate and degree requirements. No credit.
   M Tu W Th F, 7:40–9 a.m.

B. Plane Geometry. Mr. GOLDSWORTHY
   For students who have entered the University without credit for plane geometry this course is accepted in lieu of matriculation subject 2c in satisfaction of minimum junior certificate and degree requirements. No credit.
   M Tu W Th F, 7:40–9 a.m.

D. Algebra. Mr. GOLDSWORTHY
   Quadratic equations, simultaneous linear equations, exponents and radicals, practice in the use of logarithms. This course is equivalent to matriculation subject 2b'. 2 units.
   M Tu W Th F, 9.

4A. Integral Calculus. Dr. DUNCAN
   Prerequisite: Mathematics 3A–3B. 3 units.
   M Tu W Th F, 7:40–9 a.m.
S111. **Theory of Algebraic Equations and of Infinite Series.**
Prerequisite: courses 8 and 9. 2 units. Professor Putnam
M Tu W Th F, 9.

S216. **Metric Differential Geometry.**
Professor Lehmer
The application of the calculus to the metric theory of twisted
curves and surfaces. 2 units.
M Tu W Th F, 9.

218. **Geometric Introduction to the Theory of Functions.**
Professor Putnam
Interpretation of operations in complex numbers, linear trans-
formations, differentiation, integration, elements of Cauchy theory.
2 units.
M Tu W Th F, 10.

**SUMMER SESSION COURSES**
*(July 1 to August 10, 1929)*

SC. **Plane Trigonometry.**
Assistant Professor Wong
The development of the general formulae of plane trigonometry
with application to the solution of triangles, and practice in the use
of logarithmic tables. This course is equivalent to matriculation
subject 2f. Prerequisite: the high school course in algebraic theory.
2 units.
M Tu W Th F, 9.

S1. **Intermediate Algebra.**
Mr. Swinford
Prerequisite: one and one-half years of high school algebra. 2 units.
M Tu W Th F, 10.

3B. **Differential Calculus.**
Mr. Swinford
Prerequisite: course 3A or course 5. 3 units.
M Tu W Th F, 7:40–9 a.m.

4B. **Advanced Integral Calculus.**
Assistant Professor Wong
Prerequisite: Mathematics 4A. 3 units.
M Tu W Th F, 7:40–9 a.m.

S5. **Analytic Geometry.**
Associate Professor Bernstein
The straight line, the circle, and the conic sections, including a
discussion of the general equation of the second degree. Prerequisite:
plane trigonometry and two years of high school algebra. 2 units.
M Tu W Th F, 9.

S6. **Introduction to Projective Geometry.**
Professor Pierpont
Prerequisite: plane geometry. 2 units.
M Tu W Th F, 10.
S102. **Elementary Algebra for Advanced Students.**
Associate Professor Bernstein

Selected topics with particular reference to modern points of view. Prerequisite: courses 8 and 9. 2 units.
M Tu W Th F, 10.

S112. **Analytic Geometry of Space.**
Professor Hedrick

Prerequisite: courses 5 and 9. 2 units.
M Tu W Th F, 9.

S215. **Non-Euclidean Geometry.**
Professor Pierfont

2 units.
M Tu W Th F, 11.

S224. **Functions of a Complex Variable.**
Professor Hedrick

2 units.
M Tu W Th F, 8.

240. **Groups and Their Representations.**
Professor Weyl

Fundamental concepts concerning groups; their representations by linear transformations; orthogonality and completeness; group algebra; sketch of Lie's Theory; symmetric group of permutations and the group of all linear transformations. 2 units.
M Tu Th F, 10.

Attention is called to Physics S290, Applications and Representations of Groups to Quantum Physics, to be given by Professor Weyl.
MECHANICAL AND ELECTRICAL ENGINEERING

GEORGE ECKERT COX, Assistant in Mechanics and Foreman of Woodwork.
ARTHUR BOQUER DOMONOSKE, M.S., Professor of Mechanical Engineering and Executive Head of the Department, Stanford University.
JAMES GEORGE, Assistant in Mechanical Engineering and Foreman of Iron Work.
V. C. GEORGE, M.S., Assistant Professor of Mechanical Engineering.

Fees: S18A, S18B, S19A and S19B require a fee of $6 each; therefore the complete requirement of either 18A–18B or 19A–19B will require a fee of $12.

INTERSESSION COURSES
(May 20 to June 29, 1929)

S18A–S18B. Summer Session Shop: Pattern Making. Mr. Cox
Principles of pattern making and the use of bench and machine tools. This course is intended for students enrolled in the College of Mechanics.

S19A–S19B. Summer Session Shop: Machine Work in Iron. Mr. JAMES GEORGE
The machine shop is used as a laboratory for the methods of manufacturing. Students study machine operation, scheduling and inspection, successively. Exercises include work at bench and on the lathe, milling, planing and grinding machines.

Note.—The curricula of the College of Mechanics requires 3 units or 144 hours of shop practice to be taken in Intersession or Summer Session. It is advisable to take the complete 144 hours in either the Intersession or Summer Session. This work may be taken in the iron or wood shop, but must be in the shop in which the student has not been enrolled heretofore. In exceptional cases, the student will be permitted to take one-half the time in Intersession and the remaining half in Summer Session, but no other subdivisions of these units will be permitted. In other words, S18A is equivalent to 1½ units, while S18A–S18B is equivalent to 3 units.

S6. Machine Drawing. Assistant Professor V. C. GEORGE
Design and delineation of simple machine parts in the drafting rooms, with special emphasis upon the production of drawings which conform with standard practice. Prerequisite: course 2. 3 units.
Lectures, M W F, 10; drafting, daily, 1–4.
S7. **Mechanism.** Assistant Professor V. C. George

A study of motions in machines without reference to the forces which produce them. 2 units.

M Tu W Th F, 9.

(Notice—Course 106 will be given if a sufficient number of students enroll; the instructor in course S6 should be consulted.)

S102A. **Engineering Mechanica.**

(See Physics S105A, which may be offered by the student in lieu of this course.)

**SUMMER SESSION COURSES**

*(July 1 to August 10, 1929)*

*S18A–S18B. Summer Session Shop: Pattern Making.** Mr. Cox

(See Intersession Announcement, page 127.)

*S19A–S19B. Summer Session Shop: Machine Work in Iron.**

Mr. JAMES GEORGE

(See Intersession Announcement, page 127.)

S20. **Shop Administration.** Professor DOMONOSKE

Lectures on shop organization and administration, selection of machinery, and factory methods. The function, equipment, finances, and administration of the university or junior college shop. 1 unit.

S102B. **Engineering Mechanica.** Professor DOMONOSKE

A continuation of course S102A. Devoted largely to the consideration of the equations of energy, work, power, and momentum. This course will be accepted in lieu of Physics S105B. 3 units.

M Tu W Th F, 9, and M W F, 10.

* A part of the requirement in the Summer Session courses will consist of lectures on shop organization and administration, selection of machinery and factory methods.
MUSIC

MODESTE EUGENE ALLOO, D.Ped., Professor of Music.
ELIZABETH STUART BROWN, Lecturer in Music.
PHILIP GREELEY CLAPP, Ph.D., Professor and Director of Music, State University of Iowa.
CHARLES KOECHLIN, Composer; formerly Lecturer in Music at the Sorbonne, Paris.
OLIVE WILSON-DORRETT, formerly Instructor in Music, Kansas City High School, Missouri.

Where prerequisites to upper division courses are not stated, it is understood that these courses are open only to students who have junior standing or its equivalent.

INTERSESSION COURSES
(May 20 to June 29, 1929)

S3A. History and Appreciation of Music. Mrs. BROWN
Lectures, assigned readings, vocal and instrumental illustrative programs; written reports. 2 units. M Tu W Th F, 10.

S3B. History and Appreciation of Music. Mrs. BROWN
Continuation of S3A. 2 units.
M Tu W Th F, 11.

SUMMER SESSION COURSES
(July 1 to August 10, 1929)

S1A. Musicianship. Professor ALLOO
The elements of ear training, sight reading, dictation and music writing. For music teachers, composers, singers and players. Prerequisite: familiarity with the symbols and terminology of musical notation. 2 units.
M Tu W Th F, 1.

S4A. Harmony Mr. KOECHLIN
A study of the fundamental materials of music. An understanding of musical notations is essential. Prerequisite: course 1A or its equivalent. 2 units.
M Tu W Th F, 10.
Note.—By special permission those who are unable to fulfill the prerequisite for Music 4A or 4B may satisfy this requirement by taking Music 1A as a parallel course.

S4B. Advanced Harmony. Mr. KOECHLIN
A study of the fundamental materials of music from an advanced standpoint. Prerequisite: course 1A, 1B, 4A or its equivalent. 2 units.
M Tu W Th F, 11.

11. History and Appreciation of Music. Professor CLAPP
A study of representative musical literature from the standpoint of the listener. Lectures, illustrated by the lecturer as performer, readings and reports. Prerequisite: junior standing, and either 1A already taken or taken concurrently. 2 units.
M Tu W Th F, 3.
Professor Alloo  
A study of the theory of the instruments, the fundamental principles of applied technique and the study of ensemble playing in the harmony and fanfare orchestras. This course and course 302 are basic for all music teachers who are concerned with the direction of wind instrument instruction and wind instrument orchestra conducting in the various schools. Prerequisite: a fair knowledge of at least one musical instrument and the permission of the instructor. Students should bring one or more band instruments with them. 2 units.  
M Tu W Th F, 2.

318. Chorus.  
Professor Clapp  
The theoretical basis of choral singing. Studies in the appreciation and performance of choral literature. Prerequisite: 1A already taken or taken concurrently and the permission of the instructor. 2 units.  
M Tu W Th F, 4.

321A. Music in the Kindergarten and Primary School.  
Mrs. Dorrett  
A study of music as related to children's spontaneous play and interest, practical classroom work in teaching to hear tone—singly and in combinations; selecting music for rhythmic activities, eliminating monotones; methods for presenting various types of work, including the first steps in two-tone hearing and singing; the problem of primary children in rural and ungraded schools. 2 units.  
M Tu W Th F, 9.

321B. Elementary Music Education.  
Mrs. Dorrett  
Training in hearing musical sound; one, two, and three tone combinations in connection with all of the major and minor scales and chromatics; the utility of original melody writing to increase the capacity to read music notation quickly and accurately; caring for changing voices; helping subnormal children; eliminating monotones; methods of presentation for sight reading and rhythmic development. Prerequisite: familiarity with simple music notation, experience in the schoolroom or consent of the instructor. 2 units.  
M Tu W Th F, 10.

OCEANOGRAPHY

T. Wayland Vaughan, Ph.D., Professor of Oceanography and Director of Scripps Institution of Oceanography.

INTERSESSION COURSE  
(May 20 to June 29, 1929)

S200. Research in Oceanography.  
Professor Vaughan and Staff  
At Scripps Institution of Oceanography. 1 to 4 units, according to the amount of time that will be devoted to any particular research.

SUMMER SESSION COURSE  
(July 1 to August 10, 1929)

S200. Research in Oceanography.  
Professor Vaughan and Staff  
At Scripps Institution of Oceanography. 1 to 4 units, according to the amount of time that will be devoted to any particular research.
PALEONTOLOGY

ARTHUR HARWOOD DEEN, M.A., Assistant Professor of Geology and Petrology, University of Texas.

INTERSESSION COURSE

(May 20 to June 29, 1929)

S1. General Paleontology.  
Assistant Professor DEEN  
General principles of the history of life. 3 units.  
M Tu W Th F, 10, and sections.

PHILOSOPHY

WILLIAM RAY DENNIS, D.Phil., Associate Professor of Philosophy.  
J. LOEWENBERG, Ph.D., Professor of Philosophy.  
HUGH MILLER, Ph.D., Instructor in Philosophy, University of California at Los Angeles.  
FERDINAND CANNING SCOTT SCHILLER, M.A., D.Sc., Fellow of Corpus Christi College, Oxford University.

Where prerequisites to upper division courses are not stated, it is understood that these courses are open only to students who have junior standing or the equivalent.

INTERSESSION COURSES

(May 20 to June 29, 1929)

4A. Problems of Philosophy.  
Professor LOEWENBERG  
The aim and scope of philosophy. Relations to science and religion. Analysis of characteristic problems. Exposition and criticism of typical attitudes. 2 units.  
M Tu W Th F, 9.

S10A. History of Ancient Philosophy.  
Associate Professor DENNIS  
A study of the development of Greek Philosophy from the pre-Socrates to Plotinus. 2 units.  
M Tu W Th F, 8.
S102. **Recurrent Types of Philosophy.**  
Professor Loewenberg  
A critical study of certain philosophic tendencies from the point of view of their typical nature. The persistent types studied will include subjectivism and scepticism, realism and idealism, intellectualism and mysticism, relativism and absolutism. 2 units.  
M Tu W Th F, 11.

S135c. **Present Philosophical Tendencies.**  
Associate Professor Dennes  
A general survey of recent philosophy, and a more detailed study of some of the leading problems. 2 units.  
M Tu W Th F, 10.

**SUMMER SESSION COURSES**  
*(July 1 to August 10, 1929)*

S10b. **History of Modern Philosophy.**  
Assistant Professor Miller  
Main currents of philosophical development from the Renaissance to Kant. 2 units.  
M Tu W Th F, 8.

S103. **Philosophy of the Nineteenth Century.**  
Assistant Professor Miller  
The course of philosophical thinking after 1830, in relation to its background of social and scientific developments. 2 units.  
M Tu W Th F, 10.

123. **An Introduction to the Logic of Voluntarism.**  
Professor Schiller  
This course is a sequel to Formal Logic, but does not presuppose it. It aims to describe the use of thinking in real life, and the implications this has for logic. 2 units.  
M Tu W Th F, 9.

154. **Practical Ethics.**  
Professor Schiller  
A study of the difficulties in the way of making ethical theories applicable to life with suggestions for overcoming them. 2 units.  
M Tu W Th F, 11.
PHYSICAL EDUCATION FOR MEN

ELEANOR E. BARTLETT, A.B., Associate in Physical Education.
WALTER MANDERSON CHRISTIE, Head Track Coach for the Associated Students.
LOUISE S. COBB, B.S., Associate in Physical Education.
SAMUEL W. DAUGHERTY, Director of Physical Education, Oakland High School.
CLINTON W. EVANS, B.S., Assistant Football Coach for the Associated Students.
H. H. HINDMAN, Director of Physical Education, University High School.
KEITH MACKANE, M.A., Assistant Supervisor of Physical Education in Charge of Field Sports.
WILLIAM WAYNE MCCORKLE, A.B., Assistant Supervisor of Physical Education, in Charge of Gymnasium.
CECILIA O’NEIL, Head of Girls’ Department of Physical Education, San Jose High School, California.
CHARLES ALLEN PEASE, Assistant Supervisor of Physical Education, in Charge of Gymnastics and Tennis.
CLARENCE MERLE PRICE, B.S., Head Football Coach for the Associated Students.
HARRY BEAL TORREY, Ph.D., M.D., Professor of Hygiene and Physical Education, Stanford University.
EARL WIGHT, A.B., Associate Professor of Physical Education and Director of the Department, Fresno State Teachers College.
KARL ZAMLOCK, Head Baseball Coach for the Associated Students.

INTERSESSION COURSES

(May 20 to June 29, 1929)

Qualified men students may accomplish one-half unit toward fulfillment of the University requirement in Physical Education through satisfactory completion of any activity course offered during the Inter session. Qualifications for enrollment for this purpose must be determined through consultation with Mr. MacKane. Not more than two units are credited by the University toward a degree for work done in lower division courses in Physical Education.

   Mr. MacKane
   ½ unit. (Course fee, $1.00.)
   M Tu W Th F, 5; Floor A, HG.
5. Basketball (Men). (Course fee, $1.00.)
   Demonstration and practice of fundamentals supplemented by actual playing of the various positions. ½ unit.
   M Tu W Th F, 3; Floor A, HG.

   ½ unit. (Course fee, $1.00.)
   M Tu W Th F, 4; Boxing Room, HG.

96. Tennis (Women and Men).
   ½ unit. (Course fee, $2.50.)
   Sec. 1, M W F, 8-9; Sec. 2, M W F, 9-10; Sec. 3, M W F, 10-11;
   Sec. 4, M W F, 11-12; Sec. 5, Tu Th S, 8-9; Sec. 6, Tu Th S, 9-10;
   Sec. 7, Tu Th S, 10-11; Sec. 8, Tu Th S, 11-12.

SUMMER SESSION COURSES
(July 1 to August 10, 1929)

Qualified men students may accomplish one-half unit toward fulfillment of the University requirements in physical education through satisfactory completion of any activity course offered during the Summer Session. Qualifications for enrollment for this purpose must be determined through consultation with Mr. McCorkle. Not more than two units are credited by the University toward a degree for work done in lower division courses in physical education.

810. Swimming (Men).
   (Course fee, $2.50.)
   Land drills, practice in execution of simpler strokes; methods standardized by the American Red Cross in life saving. ½ unit.
   M Tu W Th F, 11 and 12; Men's Pool.

   ½ unit. (Course fee, $1.00.)
   M Tu W Th F, 9, 10, and 2; Wrestling Room, HG.

96. Tennis (Women and Men).
   ½ unit. (Course fee, $2.50.)
   Secs. 1-4, M W F, 8-12; Secs. 5-8, Tu Th S, 8-12; University Tennis Courts.

300A. Athletic Training (Men). (First three weeks.)
   ½ unit. (Course fee, 50 cents.) Associate Professor Wight
   Methods of training and conditioning for athletic competition in football, baseball, basketball, and track; methods of first-aid treatment for the common injuries occurring in connection with these activities.
   Tu Th, 1. Office 8, HG.
S301A. The Teaching of Gymnastics, Mass Tumbling and Mass Athletics.  
1 unit. (Course fee, $1.00.)  
Mr. Pease  
M Tu W Th F, 1; Floor A, HG.

S303. The Coaching of Track and Field Events. (First three weeks.)  
(Course fee, $1.00.)  
Mr. Christie  
Primarily for high school and grammar school coaches. 1 unit.  
M Tu W Th F, 3–5; Track.

S304. The Coaching of Baseball. (First three weeks.)  
Mr. Zamlock  
(Course fee, $1.00.)  
Lectures, demonstrations, and actual practice in the handling of teams and in the playing of various positions. 1 unit.  
M Tu W Th F, 3–5; Field.

S305. The Coaching of Basketball. (First three weeks.)  
Mr. McCorkle  
(Course fee, $1.00.)  
Men contemplating enrollment in this course should prepare themselves in the fundamentals of the game before entering the Summer Session. 1 unit.  
M Tu W Th F, 7–9 p.m.; Floor A, HG.

S310. The Teaching of Swimming.  
Mr. Hindman  
1 unit. (Course fee, $2.50.)  
Conferences and demonstrations supplemented by actual practice in the teaching of swimming, diving, and life-saving. Instruction is given in first aid and resuscitation, and qualification for the Red Cross Life-Saving Certificate is requisite to credit in the course.  
M Tu W Th F, 11.

S313. The Coaching of American Football. (Last three weeks.)  
(Course fee, $1.00.)  
Mr. Price, Mr. Evans  
Lectures, demonstrations, discussions of football strategy. Actual practice in the playing and coaching of the various positions and in the development of the fundamental plays. 1 unit.  
M Tu W Th F, 3–5; Field.

317. The Teaching of Gymnastics: Heavy Apparatus.  
Mr. Pease  
1 unit. (Course fee, $1.00.)  
M Tu W Th F, 2; Stage, HG.

S320. Officiating in Football, Baseball and Basketball. Mr. McCorkle  
(Course fee, 50 cents.) (Last three weeks.)  
Analysis and interpretation of rules from the official’s standpoint. Practice in the recognition of faulty play and the assignment of the corresponding penalties. ½ unit.  
M Tu W Th F, 1.
GENERAL THEORY COURSES

Where prerequisites to upper division courses are not stated, it is understood that these courses are open only to students who have junior standing or its equivalent.

134. Theory of Physical Education and Recreation. Miss Cobb
A discussion of the generally accepted principles of physical education; the place of physical education activities in the general scheme of education; the varying objectives at different age periods; the contribution of physical education to the teaching of proper health habits, proper social relationships, and proper use of leisure time. 2 units.
M Tu W Th F, 9.

135. Administration of Physical Education and Recreation. Associate Professor Wight
Examination of the aims and administrative methods followed by the various agencies engaged in the promotion of leisure time activities. The administration, construction and sanitation of social centers, athletic fields, gymnasium, swimming pools, recreation camps, etc. Prerequisite: Physical Education 1, Economics 1A–1B, and Psychology 1A. 2 units.
M Tu W Th F, 8.

142. Physiology of Exercise. Professor Torrey
The fundamental discussion of the effects of speed, strength, endurance and other types of exercise on the various organic functions; the problems of exercise in relation to the heart, blood pressure, respiration, muscular balance; a summarization of the effects of sprint running, marathon running, rowing, gymnastics, aquatics, and aviation on the body; the physiological problems of athletic training. 2 units.
M Tu W Th F, 10.

147. Kinesiology. Miss Bartlett
Description of bones, joints and ligaments essential for an understanding of joint motion. Description of the structure, location and function of skeletal muscles necessary for an understanding of muscular action in the production and control of joint movement. Analysis of selected movements in gymnastics, athletics and in daily life of significance to the teacher of physical education. 2 units.
M Tu W Th F, 11. Room 242, H.

149. Posture Training and Individual Program Adaptations. (Fee, $1.00.) Miss Bartlett
Prerequisite: a course in kinesiology or course 147 taken concurrently. Analysis of the problem of erect posture. Types of variation with the modifications necessary to secure erect posture in each case. Exercises for (or methods of) developing the muscular strength and control needed to maintain erect posture. Discussion of the value of erect posture. Adjustment of the physical education program to individual needs. 2 units.
M Tu W Th F, 3. Room 242, H.
DEMONSTRATION SCHOOL OF PHYSICAL EDUCATION

The University Demonstration School of Physical Education is open to the children enrolled, from 1 until 4 p.m., Monday to Friday, inclusive. Careful supervision is maintained throughout this period and at certain hours classes are conducted in gymnastics, tumbling, folk dancing and games. The children are divided into suitable groups for the various activities on the basis of age and sex.

The work of the Demonstration School is directed by Samuel Daugherty, who is in charge of physical education in the Oakland High School.

A limited number of children from 6 to 16 years of age will be registered. Parents wishing to insure the registration of their children should make application early. Regularity of attendance is essential to success in physical training and the places of absentees are promptly filled from the waiting list. Mr. Daugherty is in charge of the playground and of the details of organization for the Demonstration School. All questions should be addressed to him at Oakland High School, Oakland, California.

A fee of $7.50 is charged for each child. The fee is payable at the Comptroller’s office, California Hall, on the opening day of the session; the receipt must be presented at the Demonstration School at 1 p.m., July 1.

S330. Teaching of Physical Education and Recreation in Elementary Schools (Women and Men). Mr. Daugherty, Miss O’Neil
(Course fee, $1.00.)

A survey of the physical education and recreational activities of children in elementary schools and playgrounds, and practice in the teaching of these activities. Organization of daily work, and of leagues and pageants. Demonstration and the actual conduct of games and leagues are carried on at the Demonstration School Playground. Lecture, discussion and field work. 2 units.

M Tu W Th F, 3, and one additional hour daily, to be arranged.

321. The Teaching of Physical Education for Boys in Secondary Schools (Men). Mr. Hindman
(Course fee, $1.00.)

A discussion of the problems of organization of physical training activities for boys in high schools. The instructor guides class discussion of such topics as examination, classification and grouping of pupils, selection of activities, management of intra-mural sports, organization of interschool play days, emblems and awards. When possible, the Demonstration School is used for practical demonstration. 2 units.

M Tu W Th F, 3. One hour lecture and discussion and one hour conference and practice.

(Course fee, $1.00.)

A discussion of the problems of organization of physical education activities for girls in high schools, including such topics as examination, classification and grouping of pupils, selection of activities, technique of teaching activities, management of intramural sports, organization of interschool play days, emblems and awards. When possible, the Demonstration School of Physical Education is used for practical demonstration. Lecture, discussion and field work. 2 units.

M Tu W Th F, 2, and one additional hour daily, to be arranged.
PHYSICAL EDUCATION FOR WOMEN

GERTRUDE BAKER, Instructor in Physical Education, University of Minnesota.

ELEANOR E. BARTLETT, A.B., Associate in Physical Education.

MARY STEHLEY CLOSE, A.B., Director of Physical Education, High School of Commerce, San Francisco.

LOUISE S. COBB, B.S., Associate in Physical Education (in charge of the Department for the Summer Session).

SAMPLER W. DAUGHERTY, Director of Physical Education, Oakland High School.

ANNA ESPENSCHADE, M.S., Associate in Physical Education.

LELIA M. FINAN, Instructor in Physical Education, Barnard College, Columbia University.

PAULINE HODGSON, M.S., Associate in Physical Education.

CECILIA O’NEIL, Head of Girls’ Department of Physical Education, San Jose High School.

CHARLES A. PEASE, Assistant Supervisor of Physical Education in Charge of Tennis.

HARRY BEAL TORREY, Ph.D., M.D., Professor of Hygiene and Physical Education, Stanford University.

EARL WIGHT, A.B., Associate Professor of Physical Education and Director of the Department, Fresno State Teachers College.

SUMMER SESSION COURSES
(July 1 to August 10, 1929)

COURSES FOR WOMEN

62A. Elementary Interpretative Dancing. Miss Baker
(Course fee, $1.00.)
A study of fundamental natural movements of the body, rhythm training, and music in relation to the dance as developed by Miss H'Doubler. Room 230, H. ½ unit.
M Tu W Th F, 10.

62B. Intermediate Interpretative Dancing. Miss Baker
(Course fee, $1.00.)
A continuation of 62A; a more advanced study of music and dance forms. Permission of the instructor must be obtained for admission to this course. Room 230, H. ½ unit.
M Tu W Th F, 3.
63A. Elementary Folk Dancing. (Course fee, $1.00.) Mrs. Close
Designed especially for teachers who wish to learn simple folk
dances for school instruction and for the production of festivals and
pageants. Room 237, H. ½ unit.
M Tu W Th F, 4.

63B. Advanced Folk Dancing. (Course fee, $1.00.) Mrs. Close
A continuation of 63A. Room 237, H. ½ unit.
M Tu W Th F, 2.

64A. Character Dancing and Clogging. Miss Hodgson, Miss Cobb
(Course fee, $1.00.)
Designed especially for teachers who wish to learn clog and char-
acter dances from the easiest through the most difficult. A good sense
of rhythm is essential. Room 230, H. ½ unit.
M Tu W Th F, 9 and 1.

70. Playground and Gymnasium Games. Miss Hodgson
(Course fee, $1.00.)
Singing and circle games for small children, games of low organi-
zation for elementary and high school boys and girls, leading up to
games of higher organization. Room 237, H. ½ unit.
M Tu W Th F, 8.

71. Tumbling and Stunts. (Course fee, $1.00.) Miss Espenschade
Individual and group stunts, simple pyramids and tumbling. Safety
is stressed, with careful discussion of differentiation of events for
boys and girls. Room 220, H. ½ unit.
M Tu W Th F, 10.

74A. Elementary Swimming. (Course fee, $2.50.) Miss Finan
Open to all non-swimmers. Floating, treading water, elementary
back stroke, side stroke, and simple diving. ½ unit.
M Tu W Th F, sections to be arranged. Main Pool, H.

74B. Elementary Swimming. (Course fee, $2.50.) Miss Finan
Open to students who are familiar with two swimming strokes, pre-
ferably the elementary back stroke and side stroke, and who are able
to handle themselves in deep water. Main Pool, H. ½ unit.
M Tu W Th F, sections to be arranged.

74C. Advanced Swimming. (Course fee, $2.50.) Miss Finan
Open to experienced swimmers who have a knowledge of several
strokes including the crawl or trudgeon, and the ability to execute
in good form a plain front dive. One section will be devoted to Red
Cross Life Saving. Main Pool, H. ½ unit.
M Tu W Th F, sections to be arranged.

80. Archery. (Course fee, $2.50.) Miss Espenschade, Miss Hodgson
Hearst Gymnasium Field. ½ unit.
M Tu W Th F, 9 and 10.

96. Tennis (Women and Men). (Course fee, $2.50.) Mr. Pease
½ unit. Sections to be arranged for three mornings a week. Courts.
162A. **Theory of Rhythmic Activity.** Miss Baker
A study of the principles underlying rhythmic expression in music and the dance. The dance and its place in education. Room 242, H. 2 units.
M Tu W Th F, 2.

S330. **The Teaching of Physical Education and Recreation in Elementary Schools.**
See page 142 (Demonstration School of Physical Education).

348. **School Pageantry.** (Course fee, $1.00.) Mrs. Close
The planning and production of simple school pageants, festivals and special events, especially those based on dancing and other physical education activities. Room 237, H. 1 unit.
M Tu W Th F, 11.

351. **The Teaching of Physical Education for Girls in Secondary Schools.**
See page 142 (Demonstration School of Physical Education).

374. **The Teaching of Swimming.** (Course fee, $2.50.) Miss Finan
Open to advanced swimmers, with the consent of the instructor. Room 242, H. 1 unit.
M Tu W Th F, 1.

375. **The Teaching of Basketball.** (Course fee, $1.00.) Miss Hodgson
Designed to give skill in the technique of the game; study of rules and best coaching methods, with practice in officiating in games; study of meets, tournaments, etc.; general principles involved in teaching athletics to girls, etc. Hearst Gymnasium Field. 1 unit.
M Tu W Th F, 3.

379. **The Teaching of Baseball, Soccer and Speedball.** Miss Espenschade
(Course fee, $1.00.) Hearst Gymnasium Field. 1 unit.
M Tu W Th F, 2.

377. **The Teaching of Hockey.** Miss Espenschade
(Course fee, $1.00.) Hearst Gymnasium Field. 1 unit.
M Tu W Th F, 11.

**GENERAL THEORY COURSES**

Where prerequisites to upper division courses are not stated, it is understood that these courses are open only to students who have junior standing or its equivalent.

134. **Theory of Physical Education and Recreation.** Miss Cobb
A discussion of the generally accepted principles of physical education; the place of physical education activities in the general scheme of education; the varying objectives at different age periods; the contribution of physical education to the teaching of proper health habits, proper social relationships, and the proper use of leisure time. 2 units.
M Tu W Th F, 9.
135. Administration of Physical Education and Recreation.
   Associate Professor Wight

   Examination of the aims and administrative methods followed by
   the various agencies engaged in the promotion of leisure time activities.
   The administration, construction and sanitation of social centers, athletic
   fields, gymnasias, swimming pools, recreation camps, etc. Prerequisite:
   Physical Education 1, Economics 1A-1B, and Psychology 1A. 2 units.
   M Tu W Th F, 8.

142. Physiology of Exercise.
   Professor Torrey

   A fundamental discussion of the effects of speed, strength, en-
   durance and other types of exercise on the various organic func-
   tions; the problems of exercise in relation to the heart, blood pressure,
   respiration, muscular balance; a summarization of the effects of
   sprint running, marathon running, rowing, gymnastics, aquatics, and
   aviation on the body; the physiological problems of athletic training.
   2 units.
   M Tu W Th F, 10.

147. Kinesiology.
   Miss Bartlett

   Description of bones, joints and ligaments essential for an under-
   standing of joint motion. Description of the structure, location and
   function of skeletal muscles necessary for an understanding of mus-
   cular action in the production and control of joint movement. Analy-
   sis of selected movements in gymnastics, athletics and in daily life
   of significance to the teacher of physical education. Room 242 H.
   2 units.
   M Tu W Th F, 11.

149. Posture Training and Individual Program Adaptations (Women
   and Men). (Fee, $1.00.)
   Miss Bartlett

   Analysis of the problem of erect posture. Types of variation
   with the modifications necessary to secure erect posture in each case.
   Exercises for (or methods of) developing the muscular strength and
   control needed to maintain erect posture. Discussion of the value of
   erect posture. Adjustment of the physical education program to indi-
   vidual needs. Prerequisite: a course in kinesiology or course 147 taken
   concurrently. Room 242, H. 2 units.
   M Tu W Th F, 3.

DEMONSTRATION SCHOOL OF PHYSICAL EDUCATION

The University Demonstration School of Physical Education is open
to the children enrolled, from 1 until 4 p.m., Monday to Friday, inclu-
sive. Careful supervision is maintained throughout this period and at
 certain hours classes are conducted in gymnastics, tumbling, folk dance-
ing, and games. The children are divided into suitable groups for the
 various activities on the basis of age and sex.

The work of the Demonstration School is directed by Samuel Daugh-
erty, who is in charge of physical education in the Oakland High School.
A limited number of children from 6 to 16 years of age will be registered. Parents wishing to insure the registration of their children should make application early. Regularity of attendance is essential to success in physical training and the places of absentees are promptly filled from the waiting list. Mr. Daugherty is in charge of the playground and of the details of organization for the Demonstration School. All questions should be addressed to him at Oakland High School, Oakland, California.

A fee of $7.50 is charged for each child. The fee is payable at the Office of the Comptroller, California Hall, on the opening day of the session; the receipt must be presented at the Demonstration School at 1 p.m., July 1.

S330. The Teaching of Physical Education and Recreation in Elementary Schools (Women and Men). (Course fee, $1.00.)

Mr. DAUGHERTY, Miss O’NEIL

A survey of the physical education and recreational activities of children in elementary schools and playgrounds, and practice in the teaching of these activities. Organization of daily work, and of leagues and pageants. Demonstration and the actual conduct of games and leagues are carried on at the Demonstration School Playground. Lecture, discussion and field work. 2 units.

M Tu W Th F, 3, and one additional hour daily, to be arranged.

321. The Teaching of Physical Education for Boys in Secondary Schools (Men).

Mr. HINDMAN

A discussion of the problems of organization of physical training activities for boys in high schools. The instructor guides class discussion of such topics as examination, classification and grouping of pupils, selection of activities, management of intra-mural sports, organization of interschool play days, emblems and awards. When possible, the Demonstration School is used for practical demonstrations. 2 units.

M Tu W Th F, 3. One hour lecture and discussion and one hour conference and practice.

(Course fee, $1.00.) Miss O’NEIL

A discussion of the problems of organization of physical education activities for girls in high schools, including such topics as examination, classification and grouping of pupils, selection of activities, technique of teaching activities, management of intra-mural sports, organization of interschool play days, emblems and awards. When possible, the Demonstration School of Physical Education is used for practical demonstrations. Lecture, discussion and field work. 2 units.

M Tu W Th F, 2, and one additional hour daily, to be arranged.
PHYSICS

ARTHUR STANTON ADAMS, Sc.D., Assistant Professor of Metallurgy, Colorado School of Mines.
SAMUEL K. ALLISON, Ph.D., Assistant Professor of Physics.
METTA C. GREEN, M.A., Assistant in Physics in the Intersession.
VICTOR HICKS, M.S., Assistant in Physics in the Summer Session.
LEONARD B. LOEB, Ph.D., Associate Professor of Physics.
LAWRENCE E. LOVERIDGE, B.S., Assistant in Physics in the Intersession.
RALPH SMITH MINOR, Ph.D., Professor of Physics, in Charge of Curriculum in Optometry.
CHARLES FRANK PIPPS, M.S., Head of the Physics Department, and Chairman of Science Departments, Long Beach Junior College, California.
DAWSON C. SHELDON, M.A., Assistant in Physics in the Summer Session.
LYNN H. STAUFFER, B.S., Assistant in Physics in the Summer Session.
HERMANN WEYL, Ph.D., Research Professor in Mathematical Physics, Princeton University, and Professor of Mathematics, Technische Hochschule, Zurich, Germany.
WILLIAM HOWELL WILLIAMS, Graduate of United States Military Academy, Professor of Physics.
IRA F. ZARTMAN, M.S., Whiting Fellow in Physics, University of California.

The Physical Laboratory will be open daily, except Saturday, from 9 to 12 a.m., and from 1 to 4 p.m. The laboratory fee is $7.50 for course 11. The fee in course S3 is $4.00 per unit of work assigned.

INTERSESSION COURSES

(May 20 to June 29, 1929)

S1B. General Physics. Associate Professor LOEB, Mr. LOVERIDGE

Lectures with experimental illustrations and assigned problems in the mechanics of liquids and gases, properties of matter, and heat. This course together with S1C may be offered as the equivalent of course 2B of the regular session as prescribed for students of medicine. Together with one unit of S3-1B in the Summer Session or Physics 1B of the regular session, it is the equivalent of course 1B prescribed in the College of Engineering. Prerequisite: high school physics or Chemistry or course 10 or 11. 2 units.

M Tu W Th F, 9.
S1c. General Physics.  
Associate Professor LOEB, Mr. LOVERIDGE  
Lectures with experimental illustrations and assigned problems in electricity and magnetism. This course, together with one unit of laboratory work under S3–1c in the Summer Session or Physics 18 in the regular session, is the equivalent of course 1c in the fall session. Prerequisites: high school physics or chemistry, or course 10 or 11. 2 units.  
M Tu W Th F, 11.

S3. Physical Measurements.  
Mr. ZARTMAN  
A laboratory course in general physics offering opportunity for experimental work in any part of the field of general physics, properties of matter, mechanics, heat, sound, light, electricity, or magnetism. The course in detail will be adapted to the needs of individual students and may cover any portion of the laboratory work of the fall or spring sessions as given in courses 1A–1B, 1C–1D, 3A–3B, 3C–3D.  
M Tu W Th F, 1–4.

Enrollment should be made under one or more of the following titles:  
S3–1A. Physical Measurements.  
Mechanics and properties of matter. 1 unit.  
S3–1B. Physical Measurements.  
Properties of matter and heat. 1 unit.  
S3–1C. Physical Measurements.  
Electricity and magnetism. 1 unit.  
S3–1D. Physical Measurements.  
Sound and light. 1 unit.  
S3–3A. Physical Measurements.  
Properties of matter, sound, and light. 1 unit.  
S3–3B. Physical Measurements.  
Heat, Electricity, and magnetism. 1 unit.

One unit of credit is given for the satisfactory completion of thirteen laboratory exercises, together with the accompanying examination.

S10. Descriptive Physics.  
Assistant Professor ADAMS, Miss GREEN  
A brief non-mathematical presentation of some of the more important phenomena and principles in physics with experimental illustrations. Open to students whether or not they have had high school physics, but not open to students who have had Physics 1, 2, or 11. The lectures of this course will be taken with course 11. Prerequisite: elementary algebra and plane geometry. 4 units.  
M Tu W Th F, 8; recitation, M Tu W Th F, 9.

Assistant Professor ADAMS, Miss GREEN  
A survey course in the elements of physics in which emphasis will be placed upon important fundamental principles. An experimental presentation of selected topics including some consideration of modern achievements. Assigned problems and laboratory exercises daily. Not open to students who have had high school physics, or course 1, 2, or 10. The lectures of this course will be taken with course S10. Prerequisite: elementary algebra and plane geometry. 4 units.  
M Tu W Th F: lectures, 8; laboratory, Sec. 1, 9–12; Sec. 2, 1–4.
S105A. Analytic Mechanics.  
Professor Williams  
A course in theoretical mechanics designed to meet the needs of students of engineering as well as those whose interest is in pure physics.

This course is continued in the Summer Session as Mechanics S102B. Course S105A will be accepted in lieu of Physics 105A or Mechanics 102A in the regular session. (See courses in the Department of Mechanical and Electrical Engineering.) Prerequisite: a working knowledge of elementary calculus. 3 units.

Lecture and recitation, M Tu W Th F, 9, and M W F, 10.

S290. Seminar in Theoretical Physics.  
Professor Williams  
Meetings for discussion of selected topics in the recent development of atomic physics.

Hours and credit to be arranged.

SUMMER SESSION COURSES
(July 1 to August 10, 1929)

S1A. General Physics.  
Assistant Professor Allison, Mr. Hicks  
Lectures with experimental illustration and assigned problems in the mechanics of solid bodies including both statics and kinetics. This course together with S1D listed below, may be offered as the equivalent of course 2A of the regular session as prescribed for students of medicine. If offered with one unit of laboratory work taken under S3–1A in the Summer Session it is the equivalent of course 1A prescribed in the College of Engineering. Prerequisite: high school physics or chemistry, or course 10 or 11. 2 units.

M Tu W Th F, 9.

S1D. General Physics.  
Professor Minor, Mr. Stauffer  
Lectures with experimental illustration and assigned problems on wave motion, sound, and light. This course together with course S1A above may be offered as the equivalent of course A of the regular session as prescribed for students of medicine. Together with one unit of laboratory work under S3–1D in the Summer Session, or Physics 18 of the regular session, it is the equivalent of course 1D of the regular session. Prerequisite: high school physics or chemistry, or course 10 or 11. 2 units.

M Tu W Th F, 11.

S3. Physical Measurements.  
Mr. Phipps, Mr. Sheldon  
A laboratory course in general physics offering opportunity for experimental work in any part of the field of general physics, properties of matter, mechanics, heat, sound, light, electricity, or magnetism. The course in detail will be adapted to the needs of individual students and may cover any portion of the laboratory work of the fall or spring sessions as given in courses 1A–1B, 1C–1D, 3A–3B, 3C–3D.

M Tu W Th F, 9–12, 1–4.
Enrollment should be made under one or more of the following titles:

S3-1A. Physical Measurements.
Mechanics and properties of matter. 1 unit.
S3-1B. Physical Measurements.
Properties of matter and heat. 1 unit.
S3-1C. Physical Measurements.
Electricity and magnetism. 1 unit.
S3-1D. Physical Measurements.
Sound and light. 1 unit.
S3-3A. Physical Measurements.
Properties of matter, sound, and light. 1 unit.
S3-3B. Physical Measurements.
Heat, electricity, and magnetism. 1 unit.

One unit of credit is given for the satisfactory completion of thirteen laboratory exercises, together with the accompanying examination.

103. **Demonstrations in General Physics.** Professor Minor, Mr. Stauffer

Experimental demonstrations of the fundamental phenomena of general physics with special emphasis on recent developments. Prerequisite: course 2A-2B or its equivalent. 2 units.

M Tu W Th F, 8.

105B. **Analytic Mechanics.**

(See Mechanics 102B, which may be offered by the student in lieu of this course.)

S111A. **Electric Discharge Through Gases.**

Assistant Professor Allison, Mr. Hicks

An introduction to atomic physics, treating the conduction of electricity by gases, cathode rays and positive ray analysis, thermionic emissions, the photo-electric effect and X-rays. Lectures illustrated with problems and experiments. Recommended as an introduction to 211. Prerequisite: course 2A-2B. 2 units.

M Tu W Th F, 11.

S290. **Application of Group Theory to Quantum Mechanics.** Professor Weyl

General foundations of quantum mechanics; ordering of series spectra by means of the group of rotations and of permutations; spin; Pauli's exclusion principle; binding energy in molecules. 1 unit.

W, 10.

Attention is called to Mathematics 240, Groups and their Representations, to be given by Professor Weyl.
PHYSIOLOGY

SHERBURNHE FRIEND COOK, Ph.D., Assistant Professor of Physiology.

INTERSESSION COURSE
(May 20 to June 29, 1929)

2. Elementary Physiology. Assistant Professor Cook
   An introduction to the principles governing the activities of
   living organisms with particular reference to the higher animals.
   Prerequisites: Matriculation Chemistry or Chemistry 1A, and Matricu-
   lation Biology, or Zoology 1A; or their equivalents. Fee, $5.00. 4 units.
   M Tu W Th F: lectures, 1; laboratory, 2-5.

POLITICAL SCIENCE

G. E. G. CATLIN, Professor of Politics, Cornell University.
RAYMOND G. GETTELL, M.A., Professor of Political Science.
JOSEPH RALSTON HAYDEN, Ph.D., LL.D., Professor of Political Science,
   University of Michigan.
FRANK E. HINCKLEY, Ph.D., Lecturer on International Law.
N. WING MAH, Ph.D., Assistant Professor of Political Science.
SAMUEL C. MAY, M.A., LL.B., Associate Professor of Political Science.
FRANK MARION RUSSELL, Ph.D., Associate Professor of Political Science.
ROGER J. TRAYNOR, Ph.D., J.D., Instructor in Political Science and Lec-
   turer in Law.

INTERSESSION COURSES
(May 20 to June 29, 1929)

Where prerequisites to upper division courses are not stated, it is
understood that these courses are open only to students who have junior
standing or the equivalent.

S1A. Comparative Government. Associate Professor RUSSELL
   The government and parties of Great Britain and her self-governing
   dominions, and of France, Belgium, and Italy. 2 units.
   M Tu W Th F, 9.

S128. American Foreign Policy. Associate Professor RUSSELL
   2 units.
   M Tu W Th F, 10.
S136. Problems of the Pacific Area. Assistant Professor Mah
Expansion of European, American, and Japanese interests in the
Pacific. Clash of national policies and resultant problems. Political
and unofficial efforts toward international understanding and coop-
eration. 2 units.
M Tu W Th F, 8.

S162. Municipal Government. Assistant Professor Mah
A study of the nature of cities, their government and problems,
with particular emphasis upon American experience. 2 units.
M Tu W Th F, 9.

S171. State and County Government. Dr. Trayanor
Constitutional development and governmental organization of the
American states and counties, with special reference to California.
2 units.
M Tu W Th F, 11.

S175. The Foreign Services. Dr. Hinckley
The diplomatic, consular, and commercial services, particularly of
the United States and Great Britain. 2 units.
M Tu W Th F, 9.

SUMMER SESSION COURSES
(July 1 to August 10, 1929)

S111. Theory of the State. Professor Gettell
The nature of the state, its organization and activities, and its
relation to individuals and to other states. 2 units.
M Tu W Th F, 10.

S113. American Political Ideals. Professor Gettell
Fundamental theory underlying the American system of govern-
ment and the principles of American governmental policy. This
course may be taken to satisfy the requirement of a course in the
Constitution of the United States for teachers' certificates. The
general requirements of a course in the American Constitution and
Ideals for all candidates for a bachelor's degree is also satisfied by
this course. 2 units.
M Tu W Th F, 9.

115. History of Political Philosophy. Professor Catlin
An account of the development of political theory to the present
day, explained with reference to the changes in civilization and to
the lives of the major philosophers. 2 units.
M Tu W Th F, 11.
117. Political Institutions.  Professor Catlin
   An account of their genesis and development and an investigation
   of their functions today. 2 units.
   M Tu W Th F, 10.

S1398. The Government of American Dependencies.  Professor Hayden
   A brief survey of the historical policy of the United States in the
   government of territories and of the constitutional aspect of the
   acquisition and government of territories and dependencies; the
   problems which have arisen in connection with the government of
   the Philippines and Porto Rico, with special emphasis upon the Philipp-
   ines; government of the minor dependencies. 2 units.
   M Tu W Th F, 11.

S144. British Government and Administration.  Professor Hayden
   Attention is centered upon those features of modern British gov-
   ernment which have justified the large influence it has exercised
   upon governments both in America and in Europe. Text, collateral
   readings, and discussion, supplemented by lectures. 2 units.
   M Tu W Th F, 10.

S155. Federal Administration.  Associate Professor May
   History, organization, personnel, business methods and accom-
   plishments of the various departments of the administrative branch
   of the United States Government. 2 units.
   M Tu W Th F, 10.

S163. Municipal Administration.  Associate Professor May
   The functions of city government; the personnel of administration;
   planning, financing and administering cities; recreation and education;
   public works and utilities; private and public ownership of municipal
   utilities; special administrative problems such as police, health and
   traffic. 2 units.
   M Tu W Th F, 11.
PSYCHOLOGY

WARNER BROWN, Ph.D., Professor of Psychology.
EDWIN RAY GUTHRIE, Ph.D., Professor of Psychology, University of Washington.
HAROLD ELLIS JONES, Ph.D., Director of Research, Institute of Child Welfare; Associate Professor of Psychology.
KURT KOFFKA, Ph.D., William Allan Neilson Research Professor at Smith College.
DONALD ANDREWS MACFARLANE, Ph.D., Instructor in the Summer Session.
JEAN WALKER MACFARLANE, Ph.D., Assistant Professor of Psychology and Pediatrics.

INTERSESSION COURSES
(May 20 to June 29, 1929)

S1A. General Psychology.  
An introduction to the facts and principles of psychology. 2 units.  
M Tu W Th F, 9.

S1B. General Psychology.  
A continuation of course 1A with emphasis upon experiments. Lectures, M W F, 2; laboratory, Tu Th, 2 and M Tu W Th, 3. Prerequisite: course 1A. 2 units.

110. Psychology of Learning.  
Analysis of the processes of motor learning and of ideational learning. Significant results from experiments in animal and human psychology. Prerequisite: a course in General Psychology. 2 units.  
M Tu W Th F, 1.

S168. Abnormal Psychology.  
A survey of the principal forms of disturbance of mental life of functional origin. 2 units.  
M Tu W Th F, 10.

SUMMER SESSION COURSES
(July 1 to August 10, 1929)

S1A. General Psychology.  
An introduction to the facts and principles of psychology. 2 units.  
M Tu W Th F, 2.
120. **Research Techniques in Child Development.**  
Associate Professor Jones  
A review of methods and results in contemporary child study. Attention is given to the formulation of problems involving related fields, methods of sampling, observational and laboratory techniques, and the treatment of data. Personal conference with the instructor required prior to enrollment. 2 units.  
M Tu W Th F, 8.

120x. **Laboratory Work in Child Study.**  
Associate Professor Jones  
Open, by permission of the instructor, to students enrolled in Psychology 120. Diary observations of language habits and play activities; experimental studies of problem-solving; interests, incentives and social reactions; and instrumental analyses of emotional and perceptual processes and motor skills. 4 units.  
M Tu W Th F, 9–12.

134. **Gestalt Psychology.**  
Professor Koffka  
This course intends to introduce the student to the Gestalt Theory in its application to the whole field of psychology. Behavior in all its aspects, perceptual, rational, emotional and conative, will be discussed from this point of view. 2 units.  
M Tu W Th F, 9.

S108. **The Neural Basis of Behavior.**  
Professor Guthrie  
2 units.  
M Tu W Th F, 11.

S166A. **Clinical Psychology.**  
Assistant Professor MacFarlane  
Mental deficiency and abnormality, with particular reference to the clinical examination of children. 2 units.  
M Tu W Th F, 9.

169. **Mental Adjustments in Childhood.** Assistant Professor MacFarlane  
Physical, emotional and intellectual equipment of the child; learning as a basis for the acquisition of traits and habits; bearings on adult behavior. 2 units.  
M Tu W Th F, 10.

Attention is called to Education 112m, Mental Development, to be given by Professor Koffka, and to Public Speaking 193, Mental Hygiene with Reference to Physical Handicaps and Behavior Problems, and to Public Speaking 193r, Emotional Maladjustments; their Cure and Prevention.

THE UNIVERSITY

The University of California was founded in 1868 and is, by the terms of its charter, an integral part of the educational system of the state. At Berkeley are the Colleges of Letters and Science, Commerce, Agriculture, Engineering, and Chemistry; the Schools of Architecture, Education, Jurisprudence, Librarianship, and the instruction of the first year in the Medical School. At Mount Hamilton is the Lick Astronomical Department (graduate research). In San Francisco are the Hastings College of Law, the Medical School (second, third, fourth, and fifth years, including Hospitals), the College of Dentistry, and the California College of Pharmacy. In Los Angeles are the University of California at Los Angeles and the Los Angeles Medical Department, graduate instruction only. At Riverside is the Citrus Experiment Station and Graduate School of Tropical Agriculture. At La Jolla is the Scripps Institution of Oceanography. At Davis is the Branch of the College of Agriculture. At Berkeley there are 468 principal officers of instruction and administration and 515 other officers; 56 departments of instruction and about 15,657 students in 1928–29, including the Summer Sessions of 1928; a general library, supplemented by the Bancroft, Morrison, Lange and other collections; museums and laboratories; and the agricultural experiment grounds and station, which are invaluable adjuncts of the farming, orchard, and vineyard interests of the state. In San Francisco there are 443 officers of instruction and administration, including demonstrators and other assistants, and about 970 students in 1928–29. There are at the University of California at Los Angeles 295 officers of instruction and administration, and about 10,161 students in 1928–29, including those attending the 1928 Summer Session in Los Angeles.

Summer Session of 1929 in Los Angeles.

The twelfth annual University of California Summer Session in Los Angeles will begin Monday, July 1, 1929, and will continue until Saturday, August 10, the session covering six weeks.

In the Los Angeles Summer Session the number of students registered in 1918, the first session, was 630; in 1928, 3,660. The session is held in the buildings of the University of California at Los Angeles, 855 North Vermont avenue, Los Angeles, California.
Purpose of the Session.

The courses in the Summer Session are designed to meet the needs of the following persons:

1. Teachers who wish to increase their professional skill, to revise and extend their knowledge of a chosen field, or to qualify in new subjects, preparing to meet the special demand for instruction in various fields.

Teachers who desire to prepare for service in vocational schools and classes maintained under the provisions of the State and Federal Vocational Education acts and the State Compulsory Part-Time Education Act. Courses designed primarily for this purpose are listed under the Department of Education in this bulletin.

2. School superintendents, supervisors, and other officers.

3. Graduate students.

4. Undergraduate students, and especially those registered in the fall or spring sessions of the University, who may use a portion of the vacation to take up studies which they are unable to include in their regular programs, or to make up deficiencies, or to shorten their courses.

5. Properly recommended high school graduates who are about to enter upon regular university courses and who desire to broaden their preparation for university work. To meet their need, courses are offered in French, German, Italian, mathematics, mechanical and electrical engineering, and Spanish.

6. Housewives, graduate nurses, social workers, Americanization workers, students of public health and all adults who are qualified to pursue with profit any course given, whether or not they are engaged in teaching or study.

Application for Admission.

All persons who desire to attend any of the courses are urgently requested to notify the Dean of the Summer Session in Los Angeles, 710 Hillstreet Building, Eighth and Hill streets, Los Angeles (VAndike 2401), on or before Monday, June 17, using the blank form of application at the end of this bulletin.

Compliance with the request will facilitate the making of adequate arrangements by the University, and will make possible prompt communication with prospective students in case of change in the program.

Students who plan to offer work taken in the Summer Session toward a degree or certificate at the University of California should be prepared to submit full credentials covering high school and collegiate studies to The Recorder of the Faculties, Berkeley, or The Recorder of the University of California at Los Angeles.
Admission Requirements.

Attendants upon the exercises of the Summer Session are divided into two broad classes:

A. Persons Over Twenty-one Years of Age.

(1) As Auditors. Any adult of good moral character is permitted to attend regular exercises of the session, as an auditor, upon the filing of an application and the payment of the regular tuition fee of $30. An auditor does not participate in recitations, does not take examinations, and hence does not receive credit.

(2) As Students. The University does not attempt, in general, to make inquiry concerning the educational qualifications of applicants for admission to the Summer Session who are over twenty-one years of age. Such applicants are cautioned, however, that the instruction offered is such as is suitable for persons who are prepared to meet the regular University matriculation requirements. Furthermore, the instructor in charge of any summer course may himself require of those who present themselves as students in his course any preliminary test, formal or informal, which he may deem essential to the work proposed. In granting admission to the Summer Session of an applicant over twenty-one years of age it is assumed by the University that the applicant possesses the usual educational qualifications, such as are required of applicants under twenty-one (see below), or, in lieu of these, that he has maturity and special fitness which are likely to lead to success in the work to be undertaken.

B. Persons Under Twenty-one Years of Age.

(1) High School Graduates. Admission will be granted to (a) graduates of high schools on the basis of graduation from and unqualified recommendation by accredited high schools or other secondary schools in California; (b) graduates of high schools or other secondary schools outside of California, with such testimonial of superior scholarship as evidences qualifications not lower than those required by accredited schools in California.

(2) High School Pupils not yet Graduated. The University has no preparatory department. During both the regular sessions and the Summer Session the University provides instruction in certain elementary courses which are the equivalent of high school subjects; for example, the "A" and "B" courses in foreign languages. These courses are designed for matriculated university students and for properly recommended high school graduates who are about to enter upon university study, for the purpose of enabling them to broaden their preparation for university work. In exceptional cases, high school pupils who have not yet graduated
from their schools may, upon the special recommendation of their principals, be enrolled in these "lettered" courses, but in no other courses in the Summer Session. In all such cases it must be clearly understood that such enrollment will not be permitted for the purpose of enabling pupils to advance the normal date of high school graduation, nor to make up scholarship deficiencies, either as a basis for high school graduation or for university recommendation. And in every such exceptional case the applicant will be required to procure from the principal of his school and to present at the University a special testimonial as evidence of superior scholarship and unusual fitness for the work proposed. A blank form for the principal's use may be obtained from the Recorder of the Faculties, Berkeley, or the Recorder of the University of California at Los Angeles.

Subject A.

The examination in Subject A will be given at 2 o'clock on June 29. All students entering the University for the first time, who wish to take work in English Composition during the Summer Session, are required to take this examination. The place of examination will be announced on the University bulletin boards.

Registration Dates.

Registration will be conducted in Millspaugh Hall, University of California at Los Angeles, Saturday, June 29, and Monday, July 1. For detailed directions as to entrance see page 104.

With the approval of the Dean, teachers whose regular employment makes it impossible for them to register on the first day (Saturday) may register as late as the second Monday, but such students may enroll in the courses desired only when, in the opinion of the instructor, they have satisfactorily covered the ground of the first week's work.

Fees.

The tuition fee will be thirty dollars ($30) regardless of the number of courses taken. The fee must be paid at time of registration. Laboratory fees will be charged in certain courses. The amount in each case is stated in the description of the course.

Persons desiring to attend courses or occasional lectures without examination or formal credit may secure for this purpose an auditor's ticket upon payment of the regular fee ($30), or may secure from the cashier in Millspaugh Hall tickets admitting to single lectures, for which a charge of fifty cents each is made.
Certification, Numbering, and Admission to Courses

The entrance fee of $30 must be paid at the time of registration for the Summer Session. No deduction will be made in cases of late registration. Refunds in cases of withdrawal are made only when the registration card and fee receipt are returned, and when the reasons for withdrawal are satisfactory. If the registration card and fee receipt are returned during the first week, a refund of not more than $25 may be granted; during the second week, of $15; during the third week, of $6. After the third week, no refund will be granted. Any student who is obliged to request a refund must do so at the time of withdrawal, and must, at that time, return registration card and fee receipt to the Recorder.

Classification and Numbering of Courses; Admission to Courses.

Courses are classified and numbered as follows:

I. UNDERGRADUATE COURSES.

(1) Lower Division Courses (numbered 1-99, or sometimes indicated by letters if in subjects usually given in a high school). A lower division course is a course open to freshmen or to sophomores and not counting as upper division work in any department.

(2) Upper Division Courses (numbered 100-199). An upper division course is an advanced course in a department of study that has been pursued in the lower division or of elementary work in a subject of such difficulty as to require the maturity of upper division students. Students will not be permitted to register in upper division courses unless they have completed the courses named as prerequisites, or, if no courses are definitely named as prerequisites, have attained junior standing in the University; accepted professional training, however, will be regarded as sufficient preparation to justify admission to upper division courses in the field in which the student has been trained, e.g., normal school graduation for upper division courses in education, or practical experience in social work for upper division courses in social economics.

Students should note carefully prerequisites stated for the courses they desire to elect.

II. GRADUATE COURSES (numbered 200-298). As a condition for enrollment in a graduate course the student must submit to the instructor in charge of the course satisfactory evidence of preparation for the work proposed; adequate preparation will consist normally of the completion of at least 12 units of upper division work, basic to the subject of the graduate course, irrespective of the department in which such basic work may have been completed.

The admission of undergraduates to graduate courses is limited to seniors who have an average grade of at least B in the basic courses; the study-list limits in such cases are the limits imposed by the rules of the Graduate Division.
A student who includes in his program a graduate course (i.e., one of the courses numbered from 200-298) is not permitted to register for more than four units.* In general, auditors will not be admitted to graduate courses. Further directions concerning graduate study will be found on pages 29 and 39.

III. Teachers' Courses.—Professional Teacher-Training Courses (numbered 300-399) in the Department of Education and courses in other departments that are specially intended for teachers or prospective teachers.

IV. Certain Professional Courses (numbered 400-499) in the Department of Hygiene.

All Summer Session courses which are identical, or nearly so, with courses given during the fall or spring sessions at Berkeley or at Berkeley and Los Angeles, are distinguished by the letter "S" prefixed to the regular number of the course.

All Summer Session courses which are identical, or nearly so, with courses given during the fall or spring sessions at the University of California at Los Angeles but not at Berkeley, are distinguished by the letters "LA" in parentheses after the regular number of the course.

Prerequisites.

The completion of prerequisites stated for a specific course is in general required, but students will be admitted if they can satisfy the instructor that they have adequate preparation for successful work in the course.

Changes in Study Programs.

Changes in study programs after the study-lists have been filed may be made only by permission of the Dean, to be obtained by written petition filed with the Recorder not later than Monday, July 29.

Credit.

Credit toward a university degree is given only to attendants who are qualified to do systematic university work, and is in every case subject to the requirement that the student shall at some time qualify in the University as a regular matriculant, either by passing the entrance examinations or otherwise. In the absence of formal entrance requirements, the instructor in charge of a given course is the judge of the qualifications of candidates for credit.

Acceptance of a particular course toward any university degree is subject to the approval of the study-list officers of the college offering

* In the case of graduate students exceptions to this rule may be made only by permission of the Dean of the Graduate Division, or his representative. In the case of undergraduate students, no exceptions will be made.
the degree. For the requirements for the several degrees given by the departments in Berkeley, see the CIRCULAR OF INFORMATION, Undergraduate Division, University of California, Berkeley. For the University of California at Los Angeles requirements, see the ANNUAL ANNOUNCEMENT OF THE UNIVERSITY OF CALIFORNIA AT LOS ANGELES.

In general, credit will be given at the rate of one unit for fifteen exercises. A course of five recitations or lectures weekly during six weeks may receive a credit of two units. Credit may be given, in due proportion, for a smaller number of exercises, when these are of more than the usual length (which for lectures and recitations is about fifty minutes). A recitation or lecture presupposes about two hours of study outside of the classroom; laboratory or other exercises which do not require outside preparation are estimated at a lower rate than recitations or lectures.

The maximum amount of credit obtainable during the session by a student who devotes his entire time to courses strictly of University grade, is from four to six units, according to the character of the work selected; a student who includes in his program a graduate course is not permitted to register for more than four units of credit.* A bachelor’s degree represents 124 or more units of credit, distributed according to the special requirements of the college in which the student is enrolled.

For the master’s degree there are required from 20 to 24 units of work in upper division and graduate courses, according to the department selected for the major work. (See the Announcement of the Graduate Division for detailed requirements.)

The work for the Ph.D. and Ed.D. is not estimated in units of credit, but must be specially planned for each candidate. There are required normally four years of university residence for a bachelor’s degree, one graduate year for a master’s degree, and at least two graduate years for a doctor’s degree; and though advanced credit may be given for work done at other universities, the candidate’s final year of residence for any degree must ordinarily be spent in the University of California. Except by special arrangement, work for the Ph.D. can be pursued only during regular sessions. While one Summer Session is not accepted toward the minimum residence for the Ph.D. degree, an Inter session and Summer Session immediately following (constituting the equivalent of a continuous semester) will be accepted toward the minimum residence requirement.

Two Summer Sessions are accepted as the equivalent of one half-year of residence for any degree except the doctor’s degree; but the amount

* In the case of graduate students exceptions to this rule may be made only by permission of the Dean of the Graduate Division, or his representative. In the case of undergraduate students, no exceptions will be made.
of credit (the number of units) that may be completed during two Summer Sessions will not exceed three-fourths of the amount that could be completed by an undergraduate student during a single fall or spring session. Students will find it almost impossible to meet the requirements of the senior year by attendance in two successive summer terms, and one spring or fall session of the University.

In every case students desiring credit for upper division or graduate courses should make definite arrangements therefor with the instructor at the beginning of the session. The specific courses which will be recognized as upper division or graduate courses toward a higher degree, will be announced in the supplementary leaflet to be issued shortly before the opening of the session. Students electing work in the Summer Session as part of a program for a higher degree should write or consult the Dean of the Graduate Division, California Hall, Berkeley, for information regarding facilities and departmental requirements. See Graduate Division, page 39.

Transcripts of record for Summer Session work, whether of matriculation or of university grade, will be issued by the Recorder upon application of any student in the session; and personal recommendations from instructors may be obtained by school officers and others through the office of the Appointment Secretary.

Final Examinations.

By a general University rule, final examinations must be held in all courses with certain exceptions to be determined and announced during the first week of the session. In general, the final examination will be held in lieu of the last recitation or other scheduled period for the course in question. Special examinations to suit the convenience of individuals will not be given.

If in a given course a final examination is required there can be no individual exemption from this examination. A student who fails to pass the examination does not receive credit for the course. Special examinations and reexaminations in summer courses are not permitted.

Other Requirements Concerning Credit.

Students who apply for credit in any course will be expected not only to complete all the work and examinations of the course but also to continue in regular attendance upon the class exercises until the close of the session; and students will be required to hand in all their work by that time, in order that the instructor may make his report in due season. Students are not authorized to continue any part of the work beyond the close of the session. No provision is made for reexamination or supplementary work for the removal of deficiencies.
Scholarship Grades.

The final result of the work of students in every course of instruction (graduate and undergraduate) in the Summer Session will be reported to the Recorder in the same grades* as are employed in the regular sessions.

Undergraduate Curricula.

The University maintains at Berkeley seven colleges, in each of which there is an undergraduate curriculum of four years, leading to a bachelor's degree, namely:

The College of Letters and Science: to the degree of Bachelor of Arts.

The Colleges of Applied Science: to the degree of Bachelor of Science:

in the College of Commerce;

in the College of Agriculture—in any one of the following: plant science, animal science, entomology and parasitology, agricultural economics, forestry, landscape design;

in the College of Mechanics—(1) in mechanical engineering, or (2) in electrical engineering, or (3) in marine engineering and naval architecture, or (4) in agricultural engineering;

in the College of Mining—(1) in mining, or (2) in metallurgy, or (3) in economic geology, or (4) in petroleum engineering;

in the College of Civil Engineering—(1) in railroad engineering; or (2) in sanitary engineering, or (3) in irrigation engineering;

in the College of Chemistry—(1) in chemistry, or (2) in chemical technology.

The University maintains at Los Angeles two colleges, in each of which there is an undergraduate curriculum of four years, leading to a bachelor's degree, as follows:

The College of Letters and Science: to the Degree of Bachelor of Arts;

The Teachers College: to the degree of Bachelor of Education.

There is also given in Los Angeles the work of the first two years of the following curricula:

<table>
<thead>
<tr>
<th>Agriculture</th>
<th>Civil Engineering</th>
<th>Mechanics</th>
</tr>
</thead>
<tbody>
<tr>
<td>Chemistry</td>
<td>Commerce</td>
<td>Mining</td>
</tr>
</tbody>
</table>

The University has no preparatory department.

* Grades—A, excellent; B, good; C, fair; D, barely passed; E, conditioned; F, failed. It should be noted that in the courses of the Summer Session, no reexaminations or special examinations are provided.

Grade points or quality units will be assigned as follows: grade A, three points per unit; B, two points per unit; C, one point per unit; D, no points per unit; E or F, minus one point per unit. For students graduating in certain curricula, other than engineering, there are required grade points equal in number to the number of units of work undertaken. For further information, see the Circular of Information, Undergraduate Division at Berkeley, and the Announcement of the University of California at Los Angeles.
Professional Curricula.

Professional curricula leading to appropriate degrees in architecture, education, jurisprudence, medicine, public health, optometry, dentistry and pharmacy are described in separate bulletins, obtainable free upon application to the University of California Press, Berkeley, California.

College of Letters and Science.

The curriculum of the College of Letters and Science includes three elements that may be considered characteristic and essential:

1. Requirements to secure breadth of culture. In the present curriculum no specific courses are required, but the student must select courses within certain designated groups, some of the groups being alternatively elective. These groups have been chosen to represent the more important fundamental types of human intellectual endeavor. At present these requirements are limited to the lower division, but the student is given a wide freedom of election in the upper division to continue cultural studies of his own choice.

2. Requirements to provide for intensive study in a field of the student's choice, carried through several years and including work of a distinctly advanced character in the "major."

3. A reasonable freedom of election time. Freedom of election gives the student an opportunity to develop his personal power and initiative, but it also makes possible an unwise selection of courses. The College aims to minimize the danger of an elective system of studies by moderate requirements to insure proper distribution and concentration; and by the development of the faculty adviser system.

LOWER DIVISION*

The work of the lower division comprises the studies of the freshman and sophomore years. The junior certificate in the College of Letters and Science is required for admission to the upper division.

Students who transfer from other colleges of the University of California or from other institutions will be required to meet the junior certificate requirements but will not be held strictly to the time distribution of requirements, if the credit allowed them in the University of California amounts to at least sixty units.

In the lower division of the College of Letters and Science it is expected that the student, in addition to fulfilling the prerequisites for the major work upon which he will concentrate in the upper division, will make an

* See also study-lists regulations below.
effort to establish a basis for that breadth of culture which will give him a realization of the methods and results of some of the more important types of intellectual endeavor, and a mental perspective that will aid him in reaching sound judgments. The junior certificate requirements were designed to provide in some degree for the accomplishment of this purpose, without unduly limiting the student's opportunity to satisfy his individual tastes and preferences.

Certain courses taken in the high school are accepted as fulfilling in part or in whole some of these junior certificate requirements. It is desirable that the student should so arrange his high school program as to reduce the required work in the fields of foreign language, mathematics, and natural science. This makes his program more flexible, gives him a greater freedom of choice, and prepares him to pass more quickly into advanced work or into new fields of study. In no case, however, does the satisfaction of junior certificate requirements in the high school reduce the amount of work required in the University for the junior certificate (60) or for the degree (124).

The degree requirement of 124 units is calculated on the assumption that the student will normally take 64 units of work in the lower division, including the prescribed work in military science and physical education, and 60 units in the upper division. However, the junior certificate will be granted on the completion of not less than 60 units of college work and the fulfillment of the following general and specific requirements, toward the satisfaction of which the courses listed under (b), (c), and (d) will be accepted:

(a) General University Requirements.
   Subject A.
   Military, 6 units (men).
   Physical Education, 2 units.

(a') Special University of California at Los Angeles Requirement.
   Psychology X, 1 unit.

(b) Foreign Language. At least 15 units in not more than two languages. Each year of high school work in a foreign language will be counted in satisfaction of 3 units of this requirement. Courses given in English by a foreign language department will not be accepted in fulfillment of this requirement.

(4) Social Sciences.

(5) Philosophy.

But it is to be noted that requirement (e) must be satisfied in its entirety in the fall and spring sessions.

REGULATIONS CONCERNING LETTERS AND SCIENCE COURSES

At least 112 units offered for the degree A.B. must be in courses chosen from the Letters and Science List of Courses, and the 36 units in upper division courses required in the upper division must be selected from the same list with the exceptions noted below.

The courses in the Summer Session in Los Angeles, 1929, which are in the Letters and Science List of Courses are given below.

Any course not included in the Letters and Science List of Courses but required, or accepted, by a department as part of its major or combination major or as a prerequisite therefor, will, for students offering a major or combination major in that department at graduation but for no others, be treated as if it were in the Letters and Science List of Courses.

Upper division courses in hygiene will be accepted at graduation as on the Letters and Science List of Courses for students completing the Curriculum in Public Health (see page 38).

* The student's work in natural science must include at least one course in laboratory science. Any of the courses marked with an asterisk in the above list will be accepted in fulfillment of this requirement. Courses with but one unit of laboratory science are not accepted as fulfilling this requirement and are not marked above, unless they have as prerequisite a course that also requires one unit of laboratory work.
Letters and Science List of Courses

Note.—By "all courses" is meant all courses numbered below 200.

I. For candidates for degrees at Berkeley:

Art—All courses except 19A (LA), 152B (LA), 198A–198B (LA).
Astronomy—All courses.
Bacteriology—All courses.
Biological Sciences—All courses.
Chemistry—All courses.
Economics—All courses except S121A, S134.
Education—S102, 108, S110, S120, S130, S160, S170, 179.
English—All courses.

Teachers College Curricula.

The Teachers College of the University of California at Los Angeles maintains curricula organized on the basis of four years of combined academic and professional work. Each leads to the professional degree of Bachelor of Education. Each also leads to one of the following teaching credentials.

1. The Junior High School Credential, valid in the junior high school.

2. The Secondary Credential, Class D, of the following types: Art, Commerce, Home-making, Industrial Arts Education, Music, and Physical Education. These credentials are valid in the high school, junior high school and elementary school.

3. The Kindergarten-Primary Credential, valid in the kindergarten and grades one, two, and three of the elementary school.

4. The General Elementary Credential, valid in the eight grades of the elementary school. Opportunity is provided for a certain amount of specialization in one or more of the following fields:
   a. Elementary and kindergarten-primary supervision.
   b. Departmental work in the various elementary school subjects.
   c. Rural supervision and administration.
   d. Civic education (Americanization).
   e. Adjustment and opportunity room work.
   f. Vocational and part-time education.

In accordance with the provisions of the bill transforming the Los Angeles State Normal School into the Teachers College of the University of California at Los Angeles, students may receive either the General Elementary or the Kindergarten-Primary Teaching Credential upon the completion of the first three years of the regular four-year curricula leading to these credentials, provided such course is completed prior to September 15, 1930.

Students desiring to apply work done in the Summer Session toward any of the foregoing curricula, should consult the Dean of the Teachers College at the time of registration.
Curriculum in Public Health Nursing.

Admission.—This curriculum is open to regular or special students who have been graduated from approved schools of nursing and who possess the credential of Registered Nurse in California. Students enrolled in a school of nursing which allows a final semester of elective work, may be admitted to this curriculum for the completion of this semester, provided that they are eligible for admission to the University and are registered as nurses in California.

The Curriculum requires two semesters of class and field work approved by the Committee on Public Health Curricula and Degrees, including at least 18 units in the Department of Hygiene. The student must complete the prescribed curriculum of 32 units, receiving credit for at least as many grade points as time units in the courses undertaken.

The work of the second semester is at present available only during the period January to May in Berkeley. The work of the first semester, exclusive of field work, may be completed during attendance at two summer sessions either in Berkeley or Los Angeles. The required summer courses in Berkeley are Economics S180 (2 units), Hygiene S101 or S102 (2 units), S415A (4 units), S418A (4 units). The required summer courses in Los Angeles are Economics S180 (2 units), Hygiene S415A (4 units), S416 (2 units), S418A (4 units). The field work of the first semester is offered as a University Extension course, Hygiene 410 ABC (3 units) in Berkeley and Los Angeles.

Students who complete the curriculum will be granted Certificates in Public Health Nursing, which will admit them to the examination conducted by the State Department of Health for the credential of Public Health Nurse. Students who do not present credit for courses equivalent to Psychology 1A and Economics 1A will be required to complete these courses before beginning Economics 180, which is included in the prescribed curriculum. These two courses are generally available in the Intersession and Summer Session.

Physical Education.

General Information. Gymnasium costumes will be required for all floor and field courses. Women should provide themselves with white middy blouses, dark bloomers, black stockings and gymnasium or tennis shoes. Those enrolled in the folk dancing courses should also have dancing slippers. Men enrolled in field or floor courses furnish their own shoes, but are required to wear the athletic clothing furnished by the University.

The University tennis courts will be open during the entire Summer Session and regular classes will be organized for instruction in tennis.
Physical Education; Graduate Division

An instructor is provided and a tournament will be arranged for the benefit of students.

No visitors will be admitted to physical education classes except by special arrangement with the instructor upon approval of the Dean.

Physical examinations will be required of all those taking the practical courses. Special examinations for women will be conducted in the Women's Gymnasium during the first week of the session. Appointments must be made at the gymnasium office the first day of the session. Physical examinations for men will be conducted at the Men's Gymnasium during the fourth and fifth days of the session. Appointments for these examinations must also be made the first day of the session at the office in the Women's Gymnasium.

Graduate Division.

A representative from the office of the Dean of the Graduate Division of the University will hold office hours at Millspaugh Hall, University of California at Los Angeles, during the opening days of the Summer Session for conference with advanced students desiring information with reference to graduate study. The office will be open Saturday (June 29) from 10 a.m. to 12 m. and Monday to Friday from 9 to 10 a.m., 11 a.m. to 12 m., and 2 to 4 p.m.

Summer Session Work toward Higher Degrees.—In planning a program for a higher degree it must be borne in mind that the members of the regular staff are not on duty in the summer months. Admission to candidacy does not constitute a claim upon the vacation time of members of the faculty for direction of thesis work.

Graduate Students.—No student is assumed to be in graduate standing until his credentials have been evaluated and approved. In order that they may be advised of their status, all prospective candidates for higher degrees or for certification of completion of the teacher-training curricula should file their credentials with the Dean of the Graduate Division, University of California, Berkeley, at least four weeks before the opening of the Summer Session.

After evaluation of credentials, such students should submit their study lists to the graduate adviser in the department of the major subject for approval on the basis of the Dean's statement regarding their status.

The Announcement of the Graduate Division containing a statement of requirements for advanced academic degrees will be sent free by the University of California Press, Berkeley, upon application.

Political Science 101 (LA) may be offered to satisfy the requirement of a course in the Constitution of the United States for a university degree or for a teacher's certificate.

Teachers' Certificates.

During the opening days of the session a representative of the State Board of Education will keep office hours on the campus for the purpose of explaining requirements for teachers' certificates.

Appointment Secretaries.

During the session Miss M. Burney Porter, Appointment Secretary of the University of California at Los Angeles, will keep office hours daily in Room 123, Millsapgh Hall. Those desiring positions in the elementary schools or the junior high schools should register with her. For the convenience of high school teachers seeking positions in the southern part of the state, Mrs. May L. Cheney, Appointment Secretary of the University of California, Berkeley, will keep office hours daily in Room 112 Millsapgh Hall, from the middle of June to the middle of August. High school teachers who are in attendance at the Summer Session in Los Angeles are entitled to the services of this office. Registrants for all positions must pay at the office of the Comptroller a fee of five dollars ($5.00) to cover the cost of clerical work. School officers should notify the appointment secretaries in advance when they wish to interview teachers, that time may be saved for both candidates and officials.

Library Hours.

Throughout the Summer Session the Library will be open daily from 7:45 a.m. to 9 p.m., Monday to Friday inclusive, and from 7:45 a.m. to 1 p.m. Saturday.

Full library privileges, including the home use of books, as accorded to regular University students, is extended, without additional fee, to students registered in the Summer Session upon presentation of admission card.

The Los Angeles Public Library, on South Hope street between Fifth and Sixth streets, is open every week day from 9 a.m., to 9 p.m. Summer Session students may obtain readers' cards by filing with their application blanks cards signed by the Recorder, stating that they are students in the University.
Summer Session Bruin.

The Summer Session Bruin is issued twice each week throughout the session. In addition to Summer Session news, it contains announcements of lectures, concerts, exhibits, meetings of University organizations, and general information of interest to visitors. The subscription price is 50 cents, payable with other fees at the office of the Comptroller.

Recreation and Excursions.

Opportunity for participation in various activities is provided for students attending the Summer Session. Six tennis courts, the swimming pool, the athletic field, and the gymnasium provide facilities for pleasant and healthful recreation.

The neighborhood of Los Angeles also offers unusual opportunities for combining recreation with serious study. Swimming facilities are afforded at the numerous beaches along the coast line; a network of automobile drives covers all southern California; week-end excursions are possible to the old missions of California, to Mt. Lowe and to Mt. Wilson with their observatories, to Catalina Island with its submarine gardens and its fishing, to Santa Barbara and Riverside, to Pasadena and San Diego, to Big Bear Lake and other mountain resorts, to La Jolla Biological Station, to the moving picture plants, and to the famous La Brea Fields.

An informal reception with dancing in the Women’s Gymnasium will be given during the course of the Summer Session. This assembly will be under the supervision of Mrs. Laughlin, Dean of Women. All Summer Session students will be admitted on presentation of their registration cards.

The general recreation of the Summer Session is under the direction of Mr. Frampton who will personally conduct a number of excursions to nearby points of interest. These include Mt. Lowe, Mt. Wilson, Hollywood Japanese Gardens, Catalina Island, the Huntington Library, Glenwood Mission Inn at Riverside, and San Diego which includes a trip into Old Mexico.

Information as to special recreational events may be obtained at the office of the Comptroller or from Mr. Frampton.

Accommodations and Expenses.

There are many boarding houses and private homes in Los Angeles where students can obtain room and two meals daily at prices ranging from $40 to $60 per month. A list of addresses where either board or lodging or both may be obtained will be ready for distribution at the office of the Summer Session in Los Angeles, 710 Hillstreet building, Eighth and Hill streets, Los Angeles, and at the office of the Dean of
Women, University of California at Los Angeles, by May 24. Copies will be mailed on request. Every possible assistance will be given to strangers in their search for suitable accommodations.

The following table will enable the student to form an estimate of the expenses, exclusive of railway fare, to be met in attending the six weeks of the Summer Session:

The Associated Students' Store carries all textbooks for Summer Session courses, as well as stationery and other supplies.

**Railroad Rates for the Summer Session.**

Prospective students of the Summer Session are urged to secure definite information at railroad offices with reference to summer rates.

**Location and Car Connections.**

The campus of the University of California at Los Angeles at 855 North Vermont avenue covers approximately twenty-five acres, bounded on the east by Vermont avenue, on the west by Heliotrope drive, on the south by Melrose avenue, and on the north by Willowbrook avenue. It is a short walk from the car lines to the campus.

The University is reached by three yellow car lines, one red car line, and a motor bus line.

1. Heliotrope Drive Line ("H" yellow car), running west on Seventh street from Maple avenue. Leave car at Melrose avenue and Heliotrope drive.

2. Santa Monica Boulevard Line (red car), leaving the Pacific Electric station, between Fourth and Fifth streets on Hill street. Leave car at either Vermont avenue or Heliotrope drive.

5. Vermont and Sunset Bus Line, starting from Seventh and Grand streets. Leave bus at the University.

Students coming from the beaches can take the Santa Monica Boulevard car line of the Pacific Electric Railway or transfer to it and reach the campus in about three-quarters of an hour.
Site and Climate.

Los Angeles, the chief city of southern California, is situated about eighteen miles north of San Pedro Bay and about the same distance east of the Pacific Ocean at the foot of the San Gabriel Range.

The daily average of maximum temperature during June, July, and August is about 70°, 75°, and 81°, respectively. Owing to the prevailing summer wind, the humidity is fairly low. The nights are usually cool. During the summer months morning fogs are frequent, but are almost always dissipated early in the forenoon.

Buildings and Equipment.

The buildings of the Vermont Avenue campus of the University of California at Los Angeles are situated around a court and are constructed of red, ruffled brick, with clay tile roofs, and artificial stone trimmings. The Southern California Chapter of the American Institute of Architects awarded its first annual medal to the designer of the group.

The administration building, Millspaugh Hall, contains the offices of the administrative officers and faculty, classrooms where many of the Summer Session classes are held, and lockers and rest rooms for the students. Opposite the main entrance, in the central portion of the building, is the auditorium with a seating capacity of 1650; it possesses a completely equipped stage and dressing rooms.

The Home Economics building, with modern equipment, houses the Home Economics Department. In the Fine Arts building are rooms for music and an auditorium and stage for musical productions, on the first floor, and art studios, work and supply rooms, offices, and an exhibition gallery, on the second floor.

The Library building and annex accommodate 730 readers. There are 103,000 volumes in the library and 1099 periodicals and serials are received. Work on current accessions is well in hand, and re-classification under Library of Congress schedules is progressing satisfactorily. This collection will be supplemented by loans from the University of California Library in Berkeley, the State Library in Sacramento, and the County of Los Angeles Free Library.

Separate buildings provide gymnasium facilities for men and women, and contain lockers, showers, and dressing rooms.

The grounds contain a swimming pool and six tennis courts, together with conveniences for track and field athletics.

University of California, Summer Session in Berkeley.

During the period from July 1 to August 10, 1929, the University will conduct its Summer Session in Berkeley. An Intersession will be conducted in Berkeley from May 20 to June 29, 1929. Bulletins describing
the courses offered in both the Intersession and Summer Session are available at the office of the Summer Session in Los Angeles, 710 Hillstreet Building, Los Angeles, and at the office of the Dean of the Summer Sessions, 105 California Hall, University of California, Berkeley.

**University of California Summer Session in Subtropical Horticulture, Citrus Experiment Station, Riverside.**

In the summer of 1929 regular courses of instruction will be given at the University of California Citrus Experiment Station at Riverside. The courses to be offered are of upper division grade and are equivalent to similar courses formerly given in the College of Agriculture at Berkeley.

Prerequisites for registration in any of the courses are training in chemistry, botany, and such other courses as are required in the regular freshman and sophomore years in the College of Agriculture. The courses are so arranged that students of the University can take all of the regular courses given in Subtropical Horticulture by attending two Summer Sessions.

The courses as outlined, in addition to meeting the needs of regular students in agriculture or in other departments, will be found to be suitable instruction for high school teachers of agriculture desiring special training in these subjects and for foreign students who desire to become somewhat familiar with the subtropical fruit industries of California.

The courses will be numbered:

- S101. Citrus Fruits (4 units credit).
- S102. Subtropical Fruits of Lesser Importance in the United States, the fig, olive, avocado, date, pomegranate, Oriental persimmon, and others (4 units credit).
- S104. Subtropical Fruit Diseases (2 units credit).
- S105. Subtropical Fruit Insects (2 units credit).

Full information concerning the work at Riverside may be obtained by addressing the Dean of the College of Agriculture, University of California, Berkeley.

**Information.**

Full information concerning the Summer Sessions of the University of California may be secured at the office of the Summer Session in Los Angeles, 710 Hillstreet Building, Eighth and Hill streets, Los Angeles, telephone VAndike 2401, which is open daily, or at the Information Desk in Millspaugh Hall on the campus of the University of California at Los Angeles, which will be open on or about June 20. Before June 20 inquiries may also be directed to the Dean of the Summer Session in Los Angeles, 105 California Hall, University of California, Berkeley.
COURSES OF INSTRUCTION

ART

HELEN CLARK CHANDLER, Assistant Professor of Fine Arts, University of California at Los Angeles.

ANNITA DELANO, Associate in Fine Arts, University of California at Los Angeles.

NELLIE HUNTINGTON GERE, Associate Professor of Fine Arts, University of California at Los Angeles.

PERHAM W. NAIL, Associate Professor of Art.

OLIVE NEWCOMB, Associate in Fine Arts, University of California at Los Angeles.

SARA LYMAN PATRICK, M.A., Instructor in Industrial Arts Education, Teachers College, Columbia University.

LOUISE PINKNEY SOOY, Associate Professor of Fine Arts, University of California at Los Angeles.

NATALIE WHITE, M.A., Supervisor of Training Art, University of California at Los Angeles.

The work of the Department of Art will be under the general direction of Assistant Professor Chandler.

1A–1B (L.A). History of Art. Associate Professor GERE

(a) Principles of aesthetics; prehistoric and primitive art. (b) Ancient, early Mediaeval and Gothic art; Renaissance architecture and crafts. 2 units.

M Tu W Th F, 9.

2A (L.A). Art-Structure. Assistant Professor CHANDLER

Fundamental principles of design. Development of appreciation of harmony produced through the organization of the elements of line, mass and color. 2 units.

M Tu W Th F, 10–12.

19A (L.A). Pottery. Miss NEWCOMB

Hand building, application of design in clay, slip decorating, under glaze painting, mold making, casting, glazing and firing. Laboratory fee, $2. 2 units.

M Tu W Th F, 3–5.
31A–31B (LA). History of Art. Associate Professor Gere
(A) Italian painting and sculpture. (B) Spanish, Flemish, Dutch, German, French, English, and American art; modern art. Prerequisite: Art 1A or equivalent. 2 units.

34A (LA). Figure Drawing and Painting. Assistant Professor Chandler
The study of the structure of three-dimensional mass from the simplest form to the imaginative interpretation of the human form. No preliminary work in figure drawing is required, but some knowledge of water color technique and an appreciation of harmonious proportion of line and mass will be necessary. Figure designs made in this class may be interpreted in clay in the modeling class, Art 198A–198B. Laboratory fee, 50c. 2 units.
M Tu W Th F, 8–10.

S107. Art Anatomy. Associate Professor NaHL
Construction and canons of proportion of the human figure. For artists, sculptors, teachers, and designers. 2 units.
M Tu W Th F, 3.

133 (LA). Costume. Associate Professor Sooy
Discussion and demonstration of costume as a means of art expression. Costume is considered from the standpoint of abstract design, becomingness, suitability and expressiveness. 1 unit.
M Tu W Th F, 3.

152B (LA). Industrial Design. Miss Delano
Experience in designing forms varying in structure, style, materials, and processes; study of modern tendencies; correlation of art education and industry; ceramic forms designed in this class may be carried out in 19A (LA). Prerequisite: Art 4B, 32B, or equivalent training in design and water color technique. 2 units.
M Tu W Th F, 10–12.

175A (LA). Advanced Composition. Miss Delano
Development of the power of forming images and the presenting of imaginative ideas; training in composition and water color technique are prerequisite. 2 units.
M Tu W Th F, 8–10.

S198. Japanese Art. Associate Professor NaHL
Periods, influences, styles and art motives from Suiko to Meiji eras. 2 units.
M Tu W Th F, 1.

Modeling, original designs of imaginative forms, mold making, casting, glazing and firing. Prerequisite: 34A or its equivalent. 34A (LA) may be taken concurrently with 198A–198B. Laboratory fee, $2. 2 units.
M Tu W Th F, 1–3.
318. Organization and Administration of Art Education.

Associate Professor Sooy

Drawing, design, crafts, costume design, interior decoration, illustration, etc.; relative value and place in the curriculum; the aim and methods of presentation. Lectures and discussions. For special art teachers and supervisors. 2 units.

M Tu W Th F, 2.

330. Industrial Arts for the Elementary Grades.

Miss Patrick, Miss White

For teachers and supervisors who wish to make industrial arts an integral part of the elementary school curriculum. The meaning of industrial arts; their place in the elementary schools; their content. The relationship of industrial arts to other elementary school subjects. The planning of an industrial arts curriculum for the first six grades. The use of tools and various materials suitable for the elementary schools. Practical work in the following fields: clothing, shelter, utensils, and records. Various phases of this work will be shown in the Demonstration School. Laboratory fee, $2. 2 units.

Lecture (for all sections), F, 2, Miss Patrick.
Laboratory and lectures:
Sec. 1, M W, 1–4, Records and Utensil Study, Elementary Grades, Miss Patrick;
Sec. 2, M W, 1–4, Clothing and Shelter, Elementary Grades, Miss White;
Sec. 3, Tu Th, 1–4, Kindergarten-Primary, Miss Patrick;
Sec. 4, Tu Th, 1–4, Kindergarten-Primary, Miss White.

335. The Theory of Industrial Arts Education.

Miss Patrick

For teachers and supervisors. The study of the place and meaning of Industrial Arts in the elementary curriculum; evaluation of current practice; planning equipment, courses of study, and methods of supervision. Discussion of the development of the movement and the underlying philosophy. 2 units.

M Tu W Th F, 11.
ASTRONOMY

JOSEPH HAINES MOORE, Ph.D., Astronomer in the Lick Observatory.

S1. Elements of Astronomy. Dr. Moore
    General facts and principles underlying the science of astronomy. Prerequisite: elementary algebra and plane geometry. 2 units.
    M Tu W Th F, 10.

S11. Modern Astronomy. Dr. Moore
    The stars and nebulae. Progress in astronomy through modern methods, especially spectroscopic and photographic. Prerequisite: course S1 or its equivalent. (Courses S1 and S11 may be taken concurrently.) 2 units.
    M Tu W Th F, 11.

BACTERIOLOGY

THEODORE DAY BECKWITH, Ph.D., Associate Professor of Bacteriology.

S1. Elementary Bacteriology. Associate Professor Beckwith
    Early history of bacteriology; effects of physical and chemical agencies upon bacteria; biochemical activities of bacteria; the bacteriology of air, water, soil, milk and dairy products, other foods; industrial applications. The laboratory exercises include an introduction to bacteriological technique, preparation of mediums, isolation and recognition of bacteria, standard methods of bacteriological examination. Prerequisites: Chemistry 1A, or high school chemistry and Physiology 1A. 4 units.
    M Tu W Th F: lecture, 1; laboratory, 2–5. Laboratory deposit, $5
BIOLOGICAL SCIENCES

SARAH ROGERS ATSATT, M.S., Assistant Professor of Biology, Scripps College, Claremont.
GORDON H. BALL, Ph.D., Assistant Professor of Zoology, University of California at Los Angeles.
ALBERT WILLIAM BELLAMY, Ph.D., Associate Professor of Zoology, University of California at Los Angeles.
ARTHUR WING HAUPT, Ph.D., Assistant Professor of Botany, University of California at Los Angeles.
EDGAR LOCKE LAZIER, Ph.D., Instructor in Zoology, University of California at Los Angeles.
LOYE HOLMES MILLER, Ph.D., Professor of Biology, University of California at Los Angeles.

BIOLOGY

1 (LA). General Biology. Associate Professor BELLAMY and Assistant

An introduction to the facts and principles of biology illustrated by studies of structure and activities of living organisms, both plants and animals. Evolution, heredity, eugenics, and the bearing of biology upon human life. Lectures, conferences, demonstrations and field trips. Open to all students who have not already taken a college course in biology, botany, or zoology. This course is equivalent to Zoology 10 given at Berkeley and Biology 1 at the University of California at Los Angeles. 3 units.

Lectures, M Tu W Th F, 9. Conferences, Sec. 1, M W F, 10; Sec. 2, M W F, 12. Demonstrations, Sec. 1, Tu Th, 10; Sec. 2, Tu Th, 12.

BOTANY

S2A. General Botany. Assistant Professor HAUPT

A general introductory course emphasizing the structure, functions, and life-relations of the seed-plants. One lecture and one laboratory period daily. 4 units.

M Tu W Th F: lecture, 8; laboratory, 9–12.

104A. Local Flora. Assistant Professor HAUPT

The identification and classification of the common plants of southern California, both wild and cultivated. Practice in the use of analytical keys and in the preparation of herbarium specimens. Lectures on the relationships of the chief orders and families of vascular plants. Of particular interest to students and teachers of nature study. Prerequisite: Botany 2A. 2 units.

Lectures, Tu Th, 11; laboratory, M W F, 9–12, and two Saturday field trips.
PALEONTOLOGY

S1. **General Paleontology.**  Professor Miller

   The general principles of paleontology, the influences that surround the ancient life of the earth, and some of the ways in which animals respond to such influences. 2 units.

   M Tu W Th F, 11.

PHYSIOLOGY

I (I.A.). **General Human Physiology.**  Assistant Professor Atsatt

   The processes of life in the human body. Prerequisite: high school chemistry. Laboratory fee, $2.50. 3 units.

   M Tu W F, lectures, 11; M W F, laboratory, 1–4.

ZOOGEOGRAPHY

S1A. **General Zoology.**  Assistant Professor Ball and Assistant

   An introduction to the facts and principles of animal biology, with special reference to the structure, functions and evolution of animal life. This course fulfills part of the Zoology requirement for the premedical and agricultural curricula. Laboratory fee, $3; additional charge will be made for all apparatus broken. 5 units.

   Lectures, M Tu W Th F, 8; laboratory, 9–12, and one afternoon per week.

S1B. **General Zoology.**  Dr. Lazier

   An introduction to comparative vertebrate morphology, with special emphasis in the laboratory on the anatomy of the dogfish and mammal and the early development of the chick. This course fulfills part of the requirement for the premedical curriculum. Prerequisite: Zoology 1A. Laboratory fee $3.00. 5 units.

   Lecture, M Tu W Th F, 8; laboratory, M Tu W Th F, 9–12; and one afternoon lecture and laboratory to be arranged.

100A (I.A.). **Genetics.**  Associate Professor Bellamy

   Principles of heredity and research methods in genetics. Prerequisite: Zoology 1B or Botany 2A or equivalent, and junior standing. 2 units.

   M Tu W Th F, 8.

S112. **Marine Invertebrate Zoology.**  Assistant Professor Ball

   Morphology, habits, habitats, and life histories of marine invertebrates, with special reference to local faunas. Prerequisite: Zoology 1A; Zoology 1B is recommended. Of particular interest to students and teachers of nature study. 2 units.

   Lectures, Tu W Th, 10; laboratory, M W, 1–4; and field trips.

S113. **Zoology of the Higher Vertebrates.**  Professor Miller

   Emphasis on the habits, distribution, and ecology of the reptile, bird, and mammal faunas of California. Prerequisite: Zoology 1A–1B. 2 units.

   M Tu W Th F, 8; laboratory hours to be arranged.
CHEMISTRY

WILLIAM CONGER MORGAN, Ph.D., Professor of Chemistry, University of California at Los Angeles.

HOSMER W. STONE, Ph.D., Assistant Professor of Inorganic Chemistry, University of California at Los Angeles.

The chemical laboratories will be open daily, except Saturday, from 12 to 5. The fee required for course S9 is $20. No part of this fee is returnable.

S8. Elements of Organic Chemistry. Assistant Professor Stone

An introduction to the study of the carbon compounds, including a consideration of the more important general organic reactions and a descriptive study of the principal classes of aliphatic and aromatic compounds. Prerequisite: one year's course in college inorganic chemistry. 3 units.

M Tu W Th F, 8; Tu Th, 9.

S9. Organic Chemistry: Laboratory. Assistant Professor Stone

The preparation of organic compounds. A laboratory course offering practical experience in synthetic processes. Open to students who are taking or who have completed course 8. 3 units.

Lectures, M F, 9; laboratory, M Tu W Th F, 1–5.

150. Fundamental Principles. Professor Morgan

A consideration of the broad basic principles of chemistry—their origin, development, present status and uses. A course of value to practical workers and teachers, either actual or potential. Prerequisites: junior standing and two years of college chemistry. 2 units.

M Tu W Th F, 10.
DRAMA

While the University does not maintain a department under the title of the Drama, it offers in the following courses in other departments material of special interest to the students in that field.

Comparative Drama. 
(See English 1148.)

COURSES OF INSTRUCTION FOR TRAINING TRADE AND INDUSTRIAL TEACHERS

The Summer Session courses under this heading are designed primarily to prepare men and women for service in vocational schools and departments maintained under the provisions of the State and Federal Vocational Education Acts and the State Compulsory Part-time Act. The courses here listed will also be of interest to teachers of commercial subjects, teachers of related technical subjects, and those desiring to prepare for part-time schools.

Courses for shop teachers will be open to those who qualify under the California state plan. The courses are open to men and women between the ages of twenty-four and forty-five years, who have had at least two years of schooling beyond the eighth year of the elementary school and who have had at least three years' experience as journeymen workers in the trade which they wish to teach, in addition to an adequate training period or apprenticeship, and whose personal characteristics would seem to fit them for teaching in vocational schools, and to those who are now engaged in such teaching.

Persons meeting the above requirements who desire to begin their teacher-training work will be required to take courses 361, 362, and 364. Candidates who have completed the first half of the teacher-training program in any of the centers maintained by the University of California will take courses 365, 366, and 367, and in certain cases, S164.

Advanced courses are offered for the holders of the vocational education credential who have completed the 16 units of the teacher-training course. Course 363, Analysis and Organization of Related Technical Curricula, 90 hours, 6 units, when completed entitles the candidate to the credential for giving full-time instruction in related technical subjects. These six credits also apply in securing the long-term credential.

Any of the other educational courses may also be applied in satisfaction of the six units required for the long-term credential. Courses 169, 1611a, and S164 are especially recommended to vocational teachers.

Further information may be obtained from Benjamin W. Johnson, Assistant Director, Division of Vocational Education, University of California at Los Angeles, 855 North Vermont Avenue, Los Angeles.

361. Occupational Analysis and Curriculum Construction. Mr. Johnson, Mr. Waidelich

Analysis and classification of the trade knowledge and experience which the worker possesses, methods of teaching, and demonstration teaching. (No credit.)

THE DEMONSTRATION SCHOOL

Organization.

The Demonstration School, in session daily from 9 to 12, will comprise a complete elementary school unit from the kindergarten through the sixth grade. There will be in addition, a demonstration class for those suffering from speech defects and a second group of boys in general shopwork. A nursery school group of children two and three years old will again be an interesting feature.

The aim will be to conduct a rather closely organized and unified program of activities in each of the sections of the elementary school, kindergarten-primary, and middle grades—emphasizing to some extent the modern conception of Industrial Arts. To this end the instructors who conduct the related conferences will be responsible for the outlining of the policies followed in the demonstration classes.
At least four courses will be offered in the Department of Education which will serve the double purpose of providing a discussion of the fundamental principles of method and of guiding the observation in demonstration classes. One will deal primarily with the principles underlying kindergarten-primary work; the second with those of the middle grades; the third with the methods and materials of Industrial Arts Education in the elementary school. A course in general shop activities will be given in the Department of Mechanical and Electrical Engineering.

It will be the aim of the Demonstration School throughout to base the work on fundamental principles which will be put to a thorough-going practical test. It is believed that the work will suggest to visiting teachers definite ways and means of improving the quality of their own schoolroom practice.

The Children.

The enrollment in the Demonstration School is limited. A small fee is necessary partially to provide for its maintenance. For the session in 1929 this fee is $7.50 for each child in the elementary groups and $15 in the nursery group. This is to be paid on enrollment day. Checks should be made payable to the Regents of the University of California. Application for enrollment of children should be made, if possible, between June 1 and June 25 to Professor C. W. Waddell, University of California at Los Angeles, 855 North Vermont Avenue. Final enrollment of children will take place on Monday, July 1. Teachers enrolling in the Summer Session who intend to enter their children in the Demonstration School should make early application in order to be sure of places.

Related Courses.

The courses which require registration for observation in the Demonstration School are Education S132, 155, 159, Art 330, 335, Mechanic Arts 391. It would be most profitable for those specializing in Industrial Arts to take also Education S132.

HARRIET E. GLAZIER, M.A., Assistant Professor of Mathematics, University of California at Los Angeles.

MELLEN W. HASKELL, Ph.D., Professor of Mathematics (Chairman of the Department).

SOPHIA H. LEVY, Ph.D., Assistant Professor of Mathematics.

WILLIAM MARVIN WHYBURN, Ph.D., Assistant Professor of Mathematics, University of California at Los Angeles.

A. Elementary Algebra. Assistant Professor GARVER

For students who have entered the university without credit for elementary algebra this course is accepted in lieu of matriculation subject 2a in satisfaction of minimum junior certificate and degree requirements. No credit.

M Tu W Th F, 10–11:30.

B. Plane Geometry. Dr. BELL

For students who have entered the university without credit for plane geometry this course is accepted in lieu of matriculation subject 2c in satisfaction of minimum junior certificate and degree requirements. No credit.

M Tu W Th F, 7:40–9 a.m.

SC. Plane Trigonometry. Assistant Professor WHYBURN

Prerequisite: the high school course in algebraic theory, or Mathematics 7. 2 units.

M Tu W Th F, 9.

S5. Analytic Geometry. Dr. BELL

Prerequisite: Mathematics C. 3 units.

M Tu W Th F, 10–11:30.

S8. College Algebra. Assistant Professor GLAZIER

Prerequisite: two years of high school algebra. 3 units.

M Tu W Th F, 7:40–9 a.m.

S9A. Differential Calculus. Assistant Professor GARVER

The elements of the differential calculus, with applications to geometry and mechanics. Prerequisite: Mathematics 5. 3 units.

M Tu W Th F, 7:40–9 a.m.
S9B. **Integral Calculus.**  
Assistant Professor Whyburn

The elements of integral calculus, with applications to geometry and mechanics. Prerequisite: Mathematics 9A and 5. 3 units.
M Tu W Th F, 7:40–9 a.m.

114 (LA). **Advanced Geometry.**  
Professor Haskell

Introduction to modern methods in geometry. Prerequisite: Mathematics 5, 6, and 9. 2 units.
M Tu W Th F, 8.

190 (LA). **The Teaching of Mathematics.**  
Assistant Professor Levy

A critical inquiry into present-day tendencies in the teaching of mathematics. Prerequisite: Mathematics 9 or its equivalent. 2 units.
M Tu W Th F, 10.

218. **Geometric Introduction to the Theory of Functions.**  
Professor Haskell

Interpretation of operations in complex numbers, linear transformations, differentiation, integration, elements of Cauchy theory. 2 units.
M Tu W Th F, 9.

319. **Foundations of Arithmetic.**  
Assistant Professor Glazier

A course of special interest to teachers, dealing with number as found in arithmetic, its development, expression and use. Various number systems; schemes of notation; fundamental operations with integers and fractions; a survey of the business and social problems of arithmetic. This course is equivalent to Mathematics 19 given in the regular session at the University of California at Los Angeles. 2 units.
M Tu W Th F, 9.
MECHANICAL AND ELECTRICAL ENGINEERING

FOSS R. BROCKWAY, Associate in Mechanic Arts, University of California at Los Angeles.

ADRIAN D. KELLER, B.S. in E.E., Associate in Mechanic Arts, University of California at Los Angeles.

HAROLD W. MANSFIELD, Assistant Professor of Mechanic Arts and Director of Shops, University of California at Los Angeles.

JAMES W. MARSH, Associate in Mechanic Arts, University of California at Los Angeles.

CLAUDE E. NIHART, B.E., Supervisor of Industrial Arts in Junior and Senior High Schools, Los Angeles.

D. Engineering Drawing. Assistant Professor MANSFIELD
For engineering and mechanic arts students. Lettering; orthographic projection; developed surfaces and intersections; pictorial representation; bolts, screws; dimensioning; working drawings. 2 units. M Tu W Th F, 8–10.

S18. Summer Session Shop. Mr. KELLER
The curriculum of the College of Mechanics requires 3 units or 144 hours of shop practice to be taken in Summer Session. The work includes pattern making, foundry practice, and machine shop. 3 units. Laboratory fee, $6.
Tu Th, lecture, 1; M Tu W Th F, laboratory, 9–12, 2–4.

MECHANIC ARTS

312A. Furniture Construction. Mr. NIHART
For teachers of woodwork in the junior high school. Each member of the class will have an opportunity to plan and to construct several projects suitable for junior high school classes. Up to date methods of shop practice and instructional procedure will be emphasized. 2 units. Laboratory fee, $3.
Tu Th, lecture, 1; M Tu W Th F, laboratory, 2–4.

312C. Modern Furniture Construction and Design. Mr. NIHART
For teachers of cabinet making in the senior high school. Designing, detailing, construction, rod making, cabinet hardware and hardwood finishing will be studied and applied to the more advanced projects undertaken in senior high school shops. Demonstration of the methods used in the construction of period styles. 2 units. Laboratory fee, $3.
M W F, lecture, 1; M Tu W Th F, laboratory, 2–4.
330. General Metal Shop.  
Mr. Brookway

General metal shop practice in drafting and layouts of patterns. Shop work on projects which will involve sheetmetal working, heat treatment, brazing, light forging, aluminum casting, and oxy-acetylene welding. 2 units. Laboratory fee, $3.  
M Tu W Th F, 8-11.

345. Applied Electricity.  
Mr. Marsh

The elementary theory of electricity and magnetism with practical work with circuits, batteries and fundamental processes and in specialized radio design and construction. 2 units. Laboratory fee, $3.  
M W F, lecture, 1; laboratory, M Tu W Th F, 2-4.

Assistant Professor Mansfield

Technical sketching, lettering, assembly and detail drawings; design of shop projects. 2 units.  
M Tu W Th F, 9-11.

351. Architectural Drawing.  
Assistant Professor Mansfield

Lettering, details of typical frame and masonry construction, plans, sections, and specifications. 2 units.

M Tu W Th F, 9-12.

260A. Automobile Construction and Repair.  
Mr. Marsh

The principles of internal combustion engines, including Diesel engines, and their economical operation and maintenance. The production of fuels and lubricants will also be considered. Shop and laboratory work including unit operations on crank shafts, grinding, scraping, static balancing, and timing engines, also gasoline and lubricating oil analysis will be given. 2 units. Laboratory fee, $3.  
M W F, lecture, 9; M Tu W Th F, laboratory, 10-12.

375B. Machine Shop.  
Assistant Professor Mansfield

Bench work and operation of machine tools. 2 units. Laboratory fee, $3.  
M Tu W Th F, 1-4.

Mr. Brookway

The principles of organization, administration and application of the general shop, for boys of the fourth, fifth, sixth grades and junior high school. Lectures and demonstrations. Projects which are suitable for use in the above grades will be constructed. 2 units. Laboratory fee, $3.

M Tu W Th F, lecture, 12. Those enrolling in this work are required to reserve either the 1 o'clock or 2 o'clock period for observation in the laboratory.
MUSIC

ARNOLD J. GANTVOORT, Lecturer in Music, University of California at Los Angeles.

GLEN HAYDON, M.A., Assistant Professor of Music.

WILLIAM JACOB KRAFT, Mus.Bac., F.A.G.O., Lecturer in Music, University of California at Los Angeles.

OSBOURNE McCONATHY, formerly Professor of Music Methods and Director of the Department of Public School Music, Northwestern University.

S1A. Musicmanship (Solfeggio). Mr. GANTVOORT

A comprehensive review and use of such knowledge of musical idioms as are fundamental to ready performance of music; notation of today. Prerequisite: knowledge of the characters (symbols) used in notation. 2 units.

M Tu W Th F, 9.

S1B. Musicmanship. Mr. GANTVOORT

Continuation of S1A. The study and practice of intervals regardless of keys, modern modulation, modern rhythmic idioms. Prerequisite: S1A or the equivalent. 2 units.

M Tu W Th F, 10.

S3A. Appreciation of Music. Mr. KRAFT

The aesthetics of music forms. Philosophical analysis of the various types of music composition. Comments upon the programs of the Hollywood Bowl Concerts. Prerequisite: Elementary Harmony, or consent of the instructor. 2 units.

M Tu W Th F, 11.

S4A. Harmony. Mr. KRAFT

The fundamental treatment of the diatonic triads, including harmonic dictation, work in progression, inversion, modulation and their application in melody harmonizing, and original composition. Prerequisites: familiarity with the symbols and terminology of musical notation, and Music 1A. 2 units.

M Tu W Th F, 1.

S4B. Advanced Harmony. Mr. KRAFT

The fundamental treatment of the diatonic dissonances, including advanced harmonic dictation, work in chords of the seventh and the ninth, their progression, the elements of modulation, and the application of the material to vocal and instrumental composition in the smaller forms. Prerequisites: 1B, 4A or consent of the instructor. 2 units.

M Tu W Th F, 2.
301. Conducting Choral and Instrumental Organizations.  Professor McConathy

For teachers in junior and senior high schools. Principles of vocal ensemble. Principles of orchestral and band ensemble. Technique of the baton. Prerequisite: Elementary harmony, or the consent of the instructor. 2 units.
M Tu W Th F, 8.

302. Studies in the Theoretical and Applied Technique of the Reed Instruments.  Assistant Professor Haydon

Theory of the instruments, fundamental principles of applied technique. A basic course for all music teachers who are concerned with the direction of wind instrument instruction and wind instrument orchestra conducting in the various schools. Prerequisite: a fair knowledge of at least one musical instrument. (Students may bring their own instruments with them or an instrument may be rented at at nominal cost.) 2 units.
M Tu W Th F, 2.

PHYSICAL EDUCATION

WILLIAM COIT ACKERMAN, Ed.B., Associate in Physical Education for Men, University of California at Los Angeles.

JOHN F. BOVARD, Ph.D., Dean of School of Physical Education, University of Oregon.

CLAIRE COLESTOCK, M.A., Assistant Director of Physical Education, Pasadena City Schools.

FREDERICK WARREN COZENS, Ph.D., Assistant Professor and Assistant Director of Physical Education for Men, University of California at Los Angeles.

MARTHA B. DEAN, B.S., Assistant Supervisor of Physical Education for Women, University of California at Los Angeles.

PAUL FRAMPTON, Ed.B., Assistant Supervisor of Physical Education for Men, University of California at Los Angeles.

EDITH R. HARSHBERGER, M.A., Assistant Supervisor of Physical Education for Women, University of California at Los Angeles.

LYBA SHEFFIELD MACKIE, Director of Swimming, Women’s Athletic Club, San Francisco.

FRED H. OSTER, Assistant Supervisor of Physical Education for Men, University of California at Los Angeles.

MARY EFFIE SHAMBAUGH, A.B., Associate in Physical Education, University of California at Los Angeles.

The work of the Department of Physical Education will be under the general direction of Professor Cozens.

GYMNASTICS

S330. The Teaching of Gymnastics and Playground Games for the Elementary and Junior High Schools. (Men and Women.)

(Course fee, $1.00.) Mr. Frampton
Elementary work in marching, free hand exercises, and mimetic drills, simple gymnastic games and relays suitable for rainy day use in the crowded gymnasium and schoolroom. Instruction and practice in playground games of low organization for large groups. 1 unit. M Tu W Th F, 12.

349. Technique and Methods in Corrective Exercises and Games. (Men and Women.) (Course fee, $1.00.) Miss Colestock
Organization and methods of teaching corrective exercises and games for individuals, small and large groups. Practical work in massage and physical therapeutics. Rhythmic drills, dances, games and corrective procedures, for restricted and corrective classes, for kindergarten, elementary, junior and senior high school, and college students. 1 unit. M Tu W Th F, 10.
ATHLETICS

810. **Swimming for Men.** (Course fee, $1.50.)  
Mr. Oster  
Personal instruction in the various strokes as well as class drills in special exercises arranged to facilitate and strengthen necessary coordinations. Demonstrations and practice in methods of rescue and resuscitation. Instruction in the principles of diving. Men desiring to take the Red Cross Life Saving tests may do so under the supervision of the instructor. ½ unit.  
M Tu W Th F: Sec. 1, 1:10–1:40; Sec. 2, 1:40–2:10.

74A. **Swimming: Elementary. (Women.)** (Course fee, $2.50.)  
Mrs. Mackie  
Open to non-swimmers. Floating, treading water, preliminary strokes, deep water emergency test and simple diving. ½ unit.  
M Tu W Th F: Sec. 1, 9:40–10:10; Sec. 2, 10:50–11:20; Sec. 3, 12–12:30; Sec. 4, 2:20–2:50.

74B. **Swimming: Intermediate. (Women.)** (Course fee, $2.50.)  
Mrs. Mackie  
Open to students who can swim the back, side or crawl strokes in deep water. A review of the emergency test, analysis of the crawl stroke, plain diving. ½ unit.  
M Tu W Th F: Sec. 1, 10:15–10:45; Sec. 2, 12:35–1:05; Sec. 3, 3:00–3:30.

74C. **Swimming: Advanced. (Women.)** (Course fee, $2.50.)  
Mrs. Mackie  
Open to experienced swimmers who can swim trudgeon crawl or crawl strokes and execute a plain dive in good form. Brief review of the fundamental strokes, class analysis supplemented with individual coaching in the crawl and racing back strokes, diving and life saving. ½ unit.  

374. **The Teaching of Swimming. (Women.)** (Course fee, $2.50.)  
Mrs. Mackie  
Open to advanced swimmers. A theoretical and practical study of the methods and progression used in perfecting the art and teaching of swimming, diving, and life-saving. Lectures, discussion and practical application. 1 unit.  
M Tu W Th F, 9–9:40.

96. **Tennis. (Men and Women.)** (Course fee, $1.00.)  
Mr. Ackerman and Assistant  
For those who wish to become more proficient, whether they are interested primarily in physical education or not. Both elementary and advanced work will be offered. Classes limited to 24 students. ½ unit.  
M W F, Sec. 1, 6; Sec. 2, 7; Sec. 3, 8; Sec. 4, 10; Sec. 5, 11; Sec. 6 (Advanced students only—limited to 16), 1.  
Open hours on the tennis courts for students of Summer Session, daily, 8–5 p.m., Saturday, 7–1.
396. The Teaching of Tennis. (Men and Women.) (Course fee, $1.00.)
Mr. ACKERMAN

designed for those who wish to qualify for positions as tennis
instructors. Outside reading and study. 1 unit.
M Tu W Th F, 9, and one additional practice hour to be assigned.

S320. The Technique of Officiating. (Men and Women.) (Course fee, $1.00.)
Mr. FRAMPTON

A critical discussion of rules covering some of the more popular
games including football, basketball, baseball and track, together
with the duties and qualifications of officials for each activity. Out-
side reading and study. 1 unit.
M Tu W Th F, 2.

335. The Technique and Teaching of Self-Testing Activities for Boys
and Girls. (Men and Women.) (Course fee, $1.00.)
Mr. FRAMPTON

Methods and practice in teaching measurable individual exercises
on apparatus, free floor stunts and elementary tumbling. Arrange-
ment of programs with a view to motivating classes. 1 unit.
M Tu W Th F, 1.

336. The Technique and Teaching of Baseball and Track and Field
Events for Boys and Girls of the Elementary and Junior High
School. (Men and Women.) (Course fee, $1.00.)
Assistant Professor COZENS

Actual participation in the active work; the chief emphasis placed
upon the development of ability in analysis of fundamental coordina-
tion and upon the acquirement of skill in coaching proper technique
of performance. First three weeks devoted to baseball, second three
weeks to track and field. 2 units. 1 hour lecture, 1 hour demonstra-
tion and practice.
M Tu W Th F, 1–3.

DANCING

360. Methods and Practice in Teaching Gymnastic Dancing. (Men and
Women.) (Course fee, $1.00.) Miss DEAN

Clog dancing built on the fundamental principles of soft shoe
dancing, combined with vigorous stunts and characterizations. 1 unit.
M Tu W Th F, 9.

63A. Elementary Folk Dancing. (Men and Women.) (Course fee, $1.00.)
Miss SHAMBAUGH

Designed especially for teachers who wish to learn simple folk
dances for school instruction and for the production of festivals and
pageants. ½ unit.
M Tu W Th F, 1.

63B. Advanced Folk, National and Characteristic Dancing. (Men and
Women.) (Course fee, $1.00.) Miss SHAMBAUGH

A continuation of 63A. ½ unit.
M Tu W Th F, 11.
348. Pageant Organization and Production. (Men and Women.) (Course fee, $1.00.) Miss SHAMBAUGH

A lecture and laboratory course in pageant writing, organization, and production. The course includes not only dance pantomime but also problems of production of historical pageants and masques for outdoors. Extra rehearsal time is required of the students since the production of a masque or festival is an essential part of the course. Advanced Folk Dancing (63B) is suggested as a valuable companion course. 1 unit.
M Tu W Th F, 2.

362. Methods and Practice in Teaching Rhythmic Activities. (Course fee, $1.00.) Miss DEAN

A course in the selection, organization, and teaching of rhythmic activities, together with practice in the fundamental movements. A survey of elementary material leading up to advanced dancing. 1 unit.
M Tu W Th F, 8.

62c. Natural Dancing: Advanced. (Course fee, $1.00.) Miss DEAN

Dancing based upon full and natural movements; musical interpretation and pantomimic dancing. In connection with this course several dance recitals will be conducted in the auditorium. Prerequisite: Elementary Natural Dancing. ½ unit.
M Tu W Th F, 10.

GENERAL THEORY COURSES

OPEN TO BOTH MEN AND WOMEN

Where prerequisites to upper division courses are not stated, it is understood that these courses are open only to students who have junior standing or its equivalent.

134. Theory of Physical Education. Dean BOYARD

A discussion of the historical background, present status and generally accepted principles of physical education; the place of physical education activities in the general scheme of education; the varying objectives at different age periods; the contribution of physical education to the teaching of proper health habits, proper social relationships, and proper use of leisure time. 2 units.
M Tu W Th F, 9.

S131. Organization and Administration of Physical Education. Miss HARSHBERGER

Designed to meet the needs of men and women in charge of departments. Consideration of the following phases of organization and administration: the problem of leadership, the organization of children, the organization of activities, the organization and administration of the program, and the planning of play space. 2 units.
M Tu W Th F, 11.
142. **Physiology of Exercise.**

Dean Bovard

A discussion of the physiology of muscular exercise and the relationship of the muscular system and circulation, respiration, digestion, excretion, internal secreting glands; also the effect upon the strength, speed and endurance of muscular effort. Prerequisites to this course: advanced physical education training and a working knowledge of physiology desirable. 2 units.

M Tu W Th F, 8.

144. **Physical Education Tests and Measurements.**

Assistant Professor Cozens

A discussion of the historical background of tests and measurements in physical education; a presentation of typical tests now in use in the field; the use of tests; criteria for evaluation; methods of scoring; construction of tests. Prerequisites: advanced Physical Education standing and a knowledge of elementary statistics is essential. 2 units.

M Tu W Th F, 12.

149. **Individual Program Adaptations (Corrective Physical Education).**

Miss Colestock

Historical review of physio-therapy; organization of corrective physical education in school systems; the application of massage and exercise to the correction of posture, foot conditions, hernia and conditions of the circulation, respiration and nervous system. 2 units.

M Tu W Th F, 11.

S300. **First Aid and Bandaging.**

Mr. Oster

The care of common accidents and emergencies, with special attention to those occurring on the playground or athletic field. Practice in bandaging, lifting and carrying the injured. Practical demonstrations during class periods. 1 unit.

M Tu W Th F, 12.

351. **Problems in Supervision of Physical Education. Miss Harshberger.**

For mature students who wish to qualify for positions as administrative heads and supervisors in physical education in the state and city systems. Conferences, discussions and reports. 2 units.

M Tu W Th F, 9.

**Courses in Other Departments of Special Interest to Students in Physical Education**

- Biology 1 (LA).*
- Education S111,† S170, 183, 397.
- Hygiene S101, S147, S148.
- Physiology 1 (LA).
- Psychology S1A, 2 (LA), 110 (LA).

*This course is equivalent to Zoology 10, given at Berkeley.
†Required for general certification in Physical Education.
PHYSICS

HIRAM W. EDWARDS, Ph.D., Associate Professor of Physics, University of California at Los Angeles.

ARTHUR HOWARD WARNER, Ph.D., Instructor in Physics, University of California at Los Angeles.

A laboratory fee of $4.00 per unit of work will be required in course S3 and an additional charge will be made for all apparatus lost or broken.

Premedical Physics. Eight units of physics are prescribed in the premedical curriculum. Four units of this requirement may be met by a satisfactory completion of courses S1A, S1B, and S3–3A.

S1A. General Physics. Mechanics of Solids.

Associate Professor EDWARDS

Lectures with experimental illustration and assigned problems in the mechanics of solid bodies, including both statics and kinetics. This course, together with one unit of laboratory work taken under S3–1A in the Summer Session is the equivalent of course 1A prescribed in the Colleges of Engineering. 2 units.

M Tu W Th F, 8.

Associate Professor EDWARDS

Lectures with experimental illustrations and class work in the subjects of the mechanics of fluids and heat. This course together with S3–1B in the Summer Session is the equivalent of 1B in the regular session. When offered with S1A it is the equivalent of 2A of the regular session. 2 units.

M Tu W Th F, 9.

S1C. General Physics. Electricity and Magnetism.

Dr. WARNER

Lectures with experimental illustration and assigned problems in electricity and magnetism. This course, together with one unit of laboratory work under S3–1C in the Summer Session is the equivalent of course 1C in the fall session. This course together with S1D may be offered as the equivalent of 2B of the regular session at the University of California at Los Angeles as prescribed for students of medicine. 2 units.

M Tu W Th F, 10.
S3. **Physical Measurements.**

Dr. Warner

A laboratory course in general physics offering opportunity for experimental work in any part of the field of general physics, properties of matter, mechanics, heat, sound, light, electricity or magnetism. The course in detail will be adapted to the needs of individual students and may cover any portion of the laboratory work of the fall or spring sessions, as given in courses 1A–1B, 1C–1D, 3A–3B. 1–3 units.

M Tu W Th F, 1–4.

Enrollment should be under one, or more, of the following titles:

S3–1A. Physical Measurements.
   Mechanics and properties of matter. 1 unit.

S3–1B. Physical Measurements.
   Heat and properties of matter. 1 unit.

S3–1C. Physical Measurements.
   Electricity and magnetism. 1 unit.

S3–1D. Physical Measurements.
   Sound and light. 1 unit.

S3–3A. Physical Measurements.
   Mechanics, sound, and heat. 1 unit.

S3–3B. Physical Measurements.
   Light, electricity, and magnetism. 1 unit.

One unit of credit is given for the satisfactory completion of thirteen laboratory exercises, together with the accompanying examinations.

102. **Modern Physics.**

Dr. Warner

Reading, discussion and interpretations of the more important contributions to modern physics. The electronic theory of matter, radiation, the quantum and wave theories, relativity and other important theories will be studied. Open to those who have completed a fundamental course in physics. 2 units.

M Tu W Th F, 8.
POLITICAL SCIENCE

CLARENCE ADISON DYKSTRA, A.B., Professor of Political Science, University of California at Los Angeles.

MALBONE WATSON GRAHAM, JR., Ph.D., Associate Professor of Political Science, University of California at Los Angeles.

VICTOR HUNT HARDING, A.B., LL.B., Instructor in Political Science, University of California at Los Angeles.

JAMES HART, Ph.D., Associate in Political Science, Johns Hopkins University.

ORDEAN ROCKEY, B.Litt., Assistant Professor of Political Science, University of California at Los Angeles.

HENRY RUSSELL SPENCER, Ph.D., Professor of Political Science, Ohio State University.

Prerequisite for upper division courses: at least junior standing in the University, or an equivalent.

3A (LA). American Government. Assistant Professor ROCKEY

A study of principles and problems in relation to the organization and functions of the American system of government. 3 units.

M Tu W Th F, 9 and two hours of quiz sections.

S18A. Commercial Law. Mr. HARDING

Definitions and elementary principles of law; essentials of the law of contracts, agency, sales, partnership, negotiable instruments and private corporations. 2 units.

M Tu W Th F, 10.

101 (LA). Evolution and Meaning of the American Constitution. Assistant Professor ROCKEY and Mr. HARDING

A brief review of the leading political events prior to 1776; an analysis of the Declaration of Independence and of the Articles of Confederation; the formation of the Constitution of the United States; the Constitution of the United States, its evolution and meaning. This course may be taken to satisfy the requirements of a course in the Constitution of the United States for Teachers' certificates. 2 units.

M Tu W Th F, Sec. 1, Rockey, 8; Sec. 2, Harding, 12.

110. Modern Political Theories. Dr. HART

A survey of important political and psychological literature on the factors that enter into the determination of governmental policies. 2 units.

M Tu W Th F, 10.
125 (LA). Foreign Relations of the United States.
   Associate Professor GRAHAM
   Leading American foreign policies towards Europe, Latin-America and the Far East; the administration of American foreign relations. American participation in international administrative and judicial agencies. 2 units.
   M Tu W Th F, 12.

S127. International Relations.
   Professor SPENCER
   Factors underlying international relations; the modern systems of states; alliances and the balance of power; diplomatic practice and problems; international, political, administrative, and judicial agencies; present tendencies in international organization and administration. 2 units.
   M Tu W Th F, 9.

150. The Modern Constitutional Executive.
   Dr. HART
   An intensive study of selected problems relating to the executive and public administration in the modern constitutional state, with particular reference to the American national government. 2 units.
   M Tu W Th F, 8.

S152. Political Parties and Public Opinion.
   Professor DYKSTRA
   American party history; federal and state party organizations; the electorate; nominations and elections; the direct primary; party control of the legislature; the President as party leader; theory of American party divisions; American public opinion; the rise of blocs. 2 units.
   M Tu W Th F, 10.

S154B. Governments of Eastern Europe.
   Associate Professor GRAHAM
   A study of the breakdown of the Russian empire and the creation and constitutional organization of the Soviet Union and the Baltic States; special attention to contemporary political issues, parties, elections and foreign relations. 2 units.
   M Tu W Th F, 11.

S162. Municipal Government.
   Professor DYKSTRA
   History and growth of cities, forms of city government; the municipal councils and courts; the city and the state; the charter; recent reforms in municipal government; issues in municipal government today. 2 units.
   M Tu W Th F, 11.

253. Democracy and Dictatorship in Modern Europe.
   Professor SPENCER
   Open to graduate students and other qualified persons. 2 units.
   M W, 11–1.
PSYCHOLOGY

Floyd Henry Allport, Ph.D., Professor of Social and Political Psychology, School of Citizenship and Public Affairs, Syracuse University.
Shepherd Ivory Franz, Ph.D., M.D., LL.D., Professor of Psychology, University of California at Los Angeles.
Kate Gordon, Ph.D., Associate Professor of Psychology, University of California at Los Angeles.
Louis Leon Thurstone, Ph.D., Professor of Psychology, University of Chicago.

General prerequisite for all upper division courses: Psychology 1A.

S1A. Introductory Psychology. Associate Professor Gordon
A survey of the science of psychology with particular emphasis upon the field of normal human adult behavior. 2 units.
M Tu W Th F, 8.

2 (LA). Applied Psychology. Professor Allport
A discussion of psychological principles bearing on daily life, and on legal, medical, and industrial problems. 2 units.
M Tu W Th F, 11.

S107A. Fundamentals of Statistics. Professor Thurstone
Frequency distributions, measures of central tendency, measures of dispersion, percentiles, the probability curve and elementary theory of errors, transmutation of measurements, theory of curve fitting and least squares, the correlation table and coefficients of correlation. Prerequisite: two years of algebra. 2 units.
M Tu W Th F, 10.

S108. Physiological Psychology. Professor Franz
The physiological correlates of mental conditions, with special reference to the sensory, motor, and association processes of the cerebrum. Lectures, readings, demonstrations, and discussions. Physiology 1, Zoology 1A, or Biology 1 is recommended as preparation, but is not required. 2 units.
M Tu W Th F, 11.

110 (LA). Educational Psychology. Associate Professor Gordon
Discussion of special topics on fundamental educational problems and their applications to educational procedures. Laboratory and clinical or teaching exercises in the problems of learning, memory, etc., in children and adults. Prerequisite: permission of the instructor. Laboratory fee, $1. 2 units.
M Tu W Th F: 9–9:30, lecture; 9:30–11, laboratory.
S145A. Social Psychology. Professor Allport
The instinctive and the higher mental processes that are the basis of social life; the behavior of men in groups. 2 units.
M Tu W Th F, 9.

S168. Abnormal Psychology. Professor Franz
The facts of abnormality: in movement, speech, and sensation; delusions, disorders of attention, memory, and association; the relation of psychology to psychiatry and other subjects dealing with mental abnormalities. Lectures, readings, demonstrations. 2 units.
M Tu W Th F, 8.

190. Theory of Mental Tests. Professor Thurstone
Theory of psychological and educational scale construction, objective test methods, mental test criteria, methods of determining the validity and reliability of tests, theory of scoring, absolute scaling and the absolute zero, the mental age concept and the mental growth curve. Prerequisites: Psychology 107A, 107B, or equivalents. 2 units.
M Tu W Th F, 12.

Attention is called to Education 397, Occupational Therapy, given by Miss Paisley.
PUBLIC SPEAKING

ALICE O. HUNNEWELL, Instructor in English, University of California at Los Angeles.

FREDERICK HENRY KOCH, M.A., Professor of Dramatic Literature, University of North Carolina.

ARNOLD PERSTEIN, Ph.M., Associate in Public Speaking.

IRVING PICHÉL, A.B., formerly Director of Drama Branch, Community Arts Association of Santa Barbara.

Where prerequisites to upper division courses are not stated, it is understood that these courses are open only to students who have junior standing or its equivalent.

S1A. Elements of Public Speaking.  Mr. Perstein
A study of the basic principles of effective speech building, with special emphasis on outlining. Practice in preparing and presenting short speeches. 2 units.
M Tu W Th F, 10.

S2A. Fundamentals of Expression and Interpretation. Mrs. Hunnewell
A study of the essentials of effective oral interpretation. Practice in reading and speaking. 2 units.
M Tu W Th F, Sec. 1, 10; Sec. 2, 11.

7. The Speech for Special Occasions.  Mr. Perstein
Practical exercises in the composition and delivery of speeches for special occasions, including such types as the after-dinner speech, the speech of introduction, the dedication address, the address of welcome, the presentation speech, etc. 2 units.

1. On or before Monday, June 17, if possible, file application with the office of the Summer Session in Los Angeles, Room 710, Hillstreet Building, Eighth and Hill streets, Los Angeles, California. This may be done by mail. See Application Form at the end of this bulletin.

2. Before Monday, June 24, if possible, select lodgings in Los Angeles.

3. Saturday, June 29—Registration at Millspaugh Hall, University of California at Los Angeles. (a) Register with the Recorder on the card provided for that purpose; (b) pay necessary fees,* and (c) obtain admission card and blank book of further registration forms. The admission card is to be shown on demand to the officers in charge of classes, at the first meeting of the classes, or at any time during the session. Students may register between 8:30 a.m. and 3 p.m. on Saturday, or between 8:30 a.m. and 3:00 p.m. on Monday. Students are urged to register and consult their instructors on Saturday, June 29.

4. The regular class exercises will begin Monday, July 1, at 8:10 a.m.

5. On or before Monday, July 8, return your registration book, duly filled out, to the Recorder. It is necessary for auditors, as well as regular students, to file registration books.

6. Monday, July 29, last day to add or drop a course from the study-card. Obtain proper petition blank from the Recorder.

7. To obtain a transcript of record, showing the courses elected during the session and the grades attained in them, make application on regular form to be obtained from the Recorder at the close of the session, and a transcript will be mailed to you.
CIRCULARS OF INFORMATION

For circulars of information concerning the several colleges and departments of the University please write to the Recorder of the Faculties, University of California, Berkeley, California, mentioning the department or study in which you are interested.

Before filling out Application Blank please read carefully:

All Summer Session courses which are identical, or nearly so, with courses given during the fall or spring sessions at Berkeley or at Berkeley and Los Angeles, are distinguished by the letter ‘‘S’’ prefixed to the regular number of the course.

All Summer Session courses which are identical, or nearly so, with courses given during the fall or spring sessions at Los Angeles, but not at Berkeley, are distinguished by the letters ‘‘LA’’ in parenthesis after the regular number of the course.

The maximum program which a student in the Summer Session is permitted to carry is six units.

* The tuition fee must be paid at the time of registration.

AWARDS OF UNDERGRADUATE SCHOLARSHIPS
FOR 1929–30

The scholarships here listed, with but few exceptions, are awarded upon the recommendation of the Committee on Undergraduate Scholarships. The awards made by this Committee are based upon the candidates' ratings as to character, need, and scholarship, and represent a real distinction, comparable in most cases with the attainment of honor status, excepting where the special conditions of the bequest are such as largely to eliminate competition.

Music by the University Orchestra, Squire Coop, Director
AMERICA

My country, 'tis of thee,
Sweet land of liberty,
    Of thee I sing;
Land where my fathers died,
Land of the pilgrim's pride,
From every mountain side
    Let freedom ring.
Let music swell the breeze,
And ring from all the trees,
    Sweet freedom's song;
Let mortal tongues awake,
Let all that breathe partake,
Let rocks their silence break—
    The sound prolong.

Our fathers' God—to thee,
Author of liberty,
    To thee we sing;
Long may our land be bright
With freedom's holy light;
Protect us by thy might,
    Great God our King.

THE UNIVERSITY HYMN

O God, our help in ages past,
Our hope for years to come,
Our shelter from the stormy blast,
    And our eternal home.

Before the hills in order stood,
    Or earth received her frame,
From everlasting Thou art God,
    To endless years the same.

A thousand ages in Thy sight
    Are like an evening gone;
Short as the watch that ends the night
    Before the rising sun.

O God, our help in ages past,
Our hope for years to come,
Be Thou our guide, while life shall last,
    And our eternal home.

MEDICAL SCHOOL

BERKELEY–SAN FRANCISCO

NOTE.—The medical classes of the first year are conducted in Berkeley; all other medical instruction is given in San Francisco. Medical students in the first year are listed also among graduate or undergraduate students in the foregoing pages. Names marked with an asterisk (*) are those of students fulfilling the fifth year requirement in advance of the final year of residence. With the approval of the Medical Faculty, students are permitted to substitute research work during any period after the third half-year of the medical curriculum in lieu of the fifth or intern year. Names marked with a double asterisk (**) are those of students enrolled in the school who are fulfilling the fifth year requirement in institutions other than the University of California. The superior figure (1) marks the names of students who were registered first half-year only; (2) second half-year only.

UNIVERSITY OF CALIFORNIA AT LOS ANGELES

Catalogue of Officers and Students for
1928-29
(To October 15, 1928)

Comprises (a) the names, titles, addresses, etc., of officers and assistants for the first half of the academic year 1928–29 in the University of California at Los Angeles; (b) the names, addresses, classification, etc., of students in attendance at the University of California at Los Angeles for the first half-year, 1928–29. A supplement, to include the names of officers and students in residence during the second half-year only, will be issued in February, 1929.

This catalogue (with supplement) will constitute Section II of the Catalogue of Officers and Students in all departments of the University for the year 1928–29 to be published in the annual Register for 1928–29. Section I of the Catalogue contains the names, addresses, etc., of officers and students in departments of the University other than the University of California at Los Angeles.

SUMMARY OF STUDENTS
SUMMARY OF OFFICERS
SUMMARY OF DEGREES CONFERRED

FOR THE YEAR
1928–29

[Reprint from the Annual Report of the President of the University, 1928–29]
NOTE.—In the enumeration of students, each student who was registered and was in actual attendance at any time during the period covered by the report is counted as one student.

In the columns showing the number of students, officers, and degrees conferred, the upper left-hand figures refer to men; the lower to women; the figures on the right are totals.
